**MEMBER REPORTS:**

**Council President Pro Tem Brown:** No reports.

**Council Member Jenkins:** No reports.

**Council Member Cockrel, Jr.:** Spoke relative to a joint memo that he and Council Member Kenyatta submitted last week through the Clerk's Office, relative to the issue of "Ban the Box",

which calls for the elimination of question of "Have you ever been convicted of a crime", on city job applications.

**Council Member Cockrel, Jr.:** Submitted a memo relative to the rescheduling of various Discussions.

**Council Member Jones:** Reported the turnout of Keep Detroit Beautiful Day held down at the Eastern Market, where 90 groups came to pick up flowers. Thanked everyone who participated and also the vendors who provided flowers for the 90 groups.

**Council Member Jones:** Asked RAD if they had an opportunity to write a letter to Second Baptist Church, who requesting a letter from Council, regarding their anniversary.

Mr. Marcell Todd, CPC Director, indicated that they are working on the letter, but needs to know if the letter should be signed by CPC/HDAD Director or Council. The church will be celebrating their 175th Anniversary June of next year, and they are also looking to get a grant from the Department of Education in order to prepare somethings to push forward their history in a public fashion, working with the Charles H. Wright Museum of African American History.

Council President Pugh indicated that he will sign the letter, which is a letter of support for the grant.

**Council Member Spivey:** Shared information relative to a call he received from State Representative David Nathan, who indicated he was passing an Adult Entertainment establishment in the Tireman and Livernois area, where there were young ladies washing cars in bikinis on a public side street. Reported that with the help of the Police Department, they were able to shut it down due to illegal activities.

Council President Pugh indicated that there will be a subsequent meeting with the commander of that precinct and the owner of that establishment.

**Council Member Tate:** Indicated how proud he is of a group of 50 young people from Osbourne Preparatory High School who are going to be completing the very first ever, Teen Pregnancy Prevention Collaborative over at their school.

**Council Member Tate:** Announced an event that will take place on Thursday at 6:00 p.m. at Cooley High School, "Teen Hype", who's focus is prevention — all types of issues with young people (teen pregnancy, drugs, violence, domestic violence, youth violence, HIV prevention . . .). There will be auditions at Cooley High School on Thursday at 6:00 p.m. Ages 13-18 are going to be

accepted. The number to call is 313-837-5589 (Mr. Ambra Reddick).

**Council Member Tate:** Reported that he was at an event this weekend with young people who wrote a number of essays on violence and how it has impacted their lives. In the past, Member Talabi had taken part in this. It was very thought provoking — some of the things these young people have to deal with on a daily basis. These were not just Cass Tech and Renaissance students, but kinds from all across the city who were able to articulate themselves on how violence has impacted them and how they are looking forward to a better Detroit, and how they're looking to participate in it. Member Tate indicates that this has left him with a lot of hope and gave him more resolve to know that he has to do all he can to help support the young people

Council President Pugh says they were very proud to see the Newspaper Article about Member Tate's office participation in teen pregnancy, prevention, in our school system. Says it was really nice to read something positive about City Council.

**Council Member Kenyatta:** Asked the Administration to have General Services look into and cut the grass on Dickerson, south of Jefferson. There are two schools in the immediate area, one is Golightly and the other one is Remus Robinson; and a senior citizen complex right across from it. The grass has been viewed as at least 4 to 5 feet tall, which is just not an aesthetic issue, but this is also a safety issue.

**Council Member Watson:** Announced that she was very happy to submit to Queen of Soul Aretha Franklin, a tribute, honoring the life of Ollie Woodson that she shared at the funeral in California, for our beloved former lead singer of the Temptations. (Testimonial Resolution will be coming through next week's Formal Session.)

**Council Member Watson:** Received a call from Jacqueline Banks, Secretary of Second Baptist Church, on behalf of Pastor Turman, to say that the city has broken up all the sidewalks right around the front door of the church and people in wheelchairs can't get in. Wants to make sure there is access for the churchgoers there on Monroe Street,

particularly those who are using walkers and wheelchairs. Also, the same thing happened on Davison and Rosa Parks where she goes to church. Reports that City Council has not approved any major road construction on Davison.

**Council Member Watson:** Indicated that she receive from a letter from a citizen who complained about property located at 20443 Ohio, which allegedly is a vacant house where people sit in the driveway selling drugs. Needs the police to please take care of this issue.

**Council Member Watson:** Submitted a memo relative to "Bank on Detroit" Task Force Meeting, June 18, 2010 at 8:30 a.m. in the Committee Room of the 13th Floor of the CAYMC, where there will be conversations about how to help move our citizens out of dependence on these check cashing places that charges them thirty cents on the dollar.

**Council Member Watson:** Submitted memo relative to Economic Stimulus Meeting, June 18, 2010 at 2:00 p.m., in the Committee Room, 13th Floor of the CAYMC.

**Council President Pugh:** Pointed out that they are proud to be a part of the St. Paul A.M.E. family, where Minister Quan Tez Pressley, Director of Community Outreach for Council President Charles Pugh, will be speaking this Sunday at 10:00 a.m. The address is 2260 Hunt Street, eastside of Detroit.

## Invocation given by

MINISTER QUAN TEZ PRESSLEY

Youth Pastor  
Hartford Memorial Baptist Church  
18700 James Couzens Hwy.  
Detroit, Michigan 48235

God, we pause briefly to acknowledged Your sovereignty and we thank You for trusting us as stewards of the great city.

God, You are known for doing the unthinkable, for working the impossible and for performing the incredible.

At the commencement of creation You established order from chaos, for darkness You manifested light.

From nothing You created everything; out of oppression You brought forth liberty.

It is Your design that struggle produces progress, tribulation births hope and weakness finds strength.

You have given us evidence, beyond doubt, that You are indeed able to do all things and because of this we place our complete and full faith in You.

So God in all this we pray that You provided us this morning with sustained strength, continuous courage, and a workable wisdom.

Strength to strive in spite of strain, courage to chose compromise over conflict, and the wisdom to work instead of wish.

We need You God to be our every present help, as we draw hope from Your everlasting grace.

We pray that our action be found in Your will.

We believe that it is done, in the name of all that is good, in the name of all that is right, in the name of all that is, in the name of LOVE, we do pray, Amen!

Council President Charles Pugh honored Cass Tech Girls Track Team for winning the Detroit Public School League

2010 Championship and presented Spirit of Detroit Awards.

Re: Another Trial Victory and Lawsuit Dismissals By the City of Detroit Law Department in Reed vs. Sitarski and Smith.

The City of Detroit Law Department weekly presents your Honorable Body with a number of settlement memoranda, seeking approval for resolution of civil litigation by way of negotiated settlement. At our recent budget hearing, I, Krystal A. Crittendon, Corporation Counsel, advised this body that I would attempt to provide better communication to this Body relative to trial victories and lawsuits dismissals. We are now providing a new information related to a recent trial victory.

**Trial Victory**

On May 18, 2010, Attorneys from the Law Department and outside counsel received a verdict of "no cause of action" in the matter of Reed vs. Police Officers Sitarski and Smith. Plaintiff, a former DWSD employee, sued the City of Detroit and the two police officers, claiming that he was falsely arrested on drug charges after a traffic stop. The case had previously been tried and Plaintiff was awarded \$500,000.00. The City of Detroit appealed the verdict and the Michigan Court of Appeals remanded the matter for a new trial. At the conclusion of the second trial, a Wayne County Circuit Court jury returned a verdict in favor of both defendants after fifteen (15) minutes of deliberation. Consequently, no money will be paid to Plaintiff and the case is now closed.

I thank you for your attention to this matter. If you have any questions regarding this matter, please let us know.

Respectfully submitted,  
KRYSTAL A. CRITTENDON  
Corporation Counsel

Received and placed on file.

**Mayor's Office**

Amendments of Executive Organization Plan.

Replace with New Resolutions from Law Department.

**Mayor's Office**

April 13, 2010

Honorable City Council:

Re: Amendment of Executive Organization Plan to Reassign: 1) the Functions of Marketing, Sales, and Event Services for Hart Plaza From the Civic Center Department to the Recreation Department; and 2) the Functions of Administrative Services, and Buildings and Mechanical Maintenance, for Cobo Arena, Ford Auditorium, Hart Plaza, Joe Louis Arena, and Veterans' Memorial Building From the Civic Center Department to the General Services Department.

Section 7-102 of the 1997 Detroit City Charter authorizes the Mayor to prepare and subsequently amend an organization plan for the Executive Branch of City government. In accordance with Section 7-102, the plan and its amendments are to be submitted to your Honorable Body and published. After a public hearing, the City Council is required to approve, recommend modification, or reject the plan within sixty (60) business days. Where the Council does not take action within this time frame, the plan becomes effective.

My Administration is proposing an amendment to the current Executive Organization Plan. This amendment is necessitated by the creation of the Detroit Regional Convention Facility Authority under the Michigan Regional Convention Facility Authority Act, MCL 141.1351 *et seq.*, which, in effect, eliminated the need for the Civic Center Department. The amendment would reassign the functions of marketing, sales, and event services for Hart Plaza From the Civic Center Department to the Recreation Department; and 2) the functions of administrative services, and buildings and mechanical maintenance, for Cobo Arena, Ford Auditorium, Hart Plaza, Joe Louis Arena,

and Veterans' Memorial Building from the Civic Center Department to the General Services Department.

Attached is a proposed resolution for your Honorable Body's consideration and adoption. Your adoption of the resolution which approves this amendment to the Executive Organization Plan in advance of the maximum sixty (60) business day time limit will enable the Administration to more quickly implement this change. Thank you for your consideration in supporting this resolution.

Respectfully submitted,

DAVE BING

Mayor

**City Planning Commission**

May 26, 2010

Honorable City Council:

Re: Request to rezone the southern portions of 17431, 17435, and 17411 West Grand River Avenue from R1 (Single-family Residential District) to P1 (Open Parking District) so that the zoning classification will conform to the current use of the southern portions of the subject lots for parking (RECOMMEND APPROVAL).

On February 4, 2010, the City Planning Commission (CPC) voted to recommend approval of the request of Grand Tributary, LLC to amend Article XVII, District Map No. 67 of Chapter 61 of the 1984 Detroit City Code, Zoning, to show a P1 (Open Parking District) zoning classification where an R1 (Single-family Residential District) zoning classification is presently

located on the southern portions of 17431, 17435, and 17411 West Grand River Avenue.

**Existing Conditions**

The proposed rezoning request involves a 34,606-square foot portion at the southern end of the three subject lots. The portion of the property that is along Grand River is zoned B4; the B4 zone extends for approximately 180' south of Grand River. The remaining southern portion is zoned R1. The subject property is owned by Grand Tributary, LLC.

The 1-story building (approx. 37,559 sq. ft.) addressed as 17411 Grand River Avenue is currently vacant, but is being rehabilitated to house State of Michigan offices (Department of Human Services and the Department of Energy, Labor, and Economic Growth).The existing parking lot at the rear of the building is on land zoned R1 and, again, parking is currently permitted by a zoning grant.

**Proposed Development**

As part of a project to rehabilitate the subject property's existing building as State of Michigan offices, the petitioner wishes to rezone the existing parking lot from R1 to P1. The purpose of this request is to provide zoning that will match the current use of the property. The petitioner has said that he initiated the rezoning request at the behest of his lenders.

**Master Plan Consistency**

The subject site is located within the Cerveny-Grandmont Subsector of Neighborhood Cluster 9 of the Detroit Master Plan of Policies. The existing land use is shown as Commercial. The Planning and Development Department (P&DD) has determined that the future general land use is Thoroughfare Commercial and that the proposed rezoning conforms to the intent of the Master Plan.

**Zoning Ordinance Criteria**

Section 61-3-80 of the Detroit Zoning Ordinance lists eight approval criteria on which zoning map amendments must be based. CPC has found that the present request meets the criteria that are relevant to this petition for the following reasons:

1. The proposed amendment has been found to be consistent with the Maser Plan and with the purposes of this Zoning Ordinance.
2. The proposed amendment will not adversely affect the health, safety, and general welfare of the public.
3. Although the petitioner is requesting a change in zoning, there will be no change in use, so there will be no additional impact on the City, other service providers, the natural environment, or surrounding properties.
4. The subject property is suitable for the P1 zoning classification because it

has already been granted the right to be used as a parking lot, is developed as a parking lot, and will be used by employees of the State of Michigan to park behind their office building. Additionally, the subject property is in the Traditional Main Street Overlay Zone and this parking lot is appropriately placed behind the building.

**City Planning Commission Public Hearing**

A public hearing on the proposed rezoning was held at the Coleman A. Young Municipal Center on January 28, 2010. The petitioner presented the proposal and submitted copies of letter of support for the rezoning from two businesses that are located near the subject property (Arrow Office Supply and Elegant Dry Cleaners). No members of the public spoke at the hearing.

**Recommendation**

Based on its conformance to the City's Zoning Ordinance and Master Plan of Policies, the City Planning Commission recommends approval of the proposed rezoning of portions of 17431, 17435, and 17411 West Grand River Avenue from R1 (Single-family Residential District) to P1 (Open Parking District).

**City Planning Commission**

May 26, 2010

Honorable City Council:

Re: Request to rezone 14841 and 14847 Ferguson Street from R1 (Single-Family Residential District) to P1 (Open Parking District) to construct a parking lot for State of Michigan offices at 17411 Grand River Avenue (Recommend Approval) (Ordinance Attached).

On April 15, 2010, the City Planning Commission (CPC) voted to accept CPC staff's recommendation of approval (as communicated in the staff report of April 9, 2010) of the request of Grand Tributary, LLC to amend Article XVII, District Map No. 67 of Chapter 61 of the 1984 Detroit City Code, Zoning, to show a P1 (Open Parking District) zoning classification where an R1 (Single-Family Residential District) zoning classification is presently located at 14841 and 14847 Ferguson Street.

### EXISTING CONDITIONS

The proposed rezoning request involves two residential lots immediately north of the B4 zone that runs along Grand River. Both lots are zoned R1 and are owned by the petitioner: Grand Tributary, LLC.

The subject property contains no structures, but a portion is paved. No record was found of structures existing on the subject lots for at least the past thirty years. The northern of the two lots, 14847 Ferguson, was granted use as a service parking lot for an auto dealer by Board of Zoning Appeals (BZA) grant on April 11, 1980 (Case No. 153-80). That BZA grant stated that the lot to the south (14841 Ferguson, AKA 14839 Ferguson) had been listed as a legal non-conforming parking lot in 1967 (reference to this was found in Buildings & Safety Engineering records). The conditions of the BZA zoning grant have not been maintained.

Both subject lots were at one time legal non-conforming parking lots, but that legal non-conforming use appears to have been discontinued. Because commercial parking is a use that is eligible for re-establishment as a non-conforming use and the subject property has not been reoccupied for any other use since its use as legal non-conforming parking (Sec. 61-15-18, Detroit City Code, Zoning), the owner of the subject property could petition the BZA for re-establishment of commercial parking under Sec. 61-15-17.

Alternatively, a parking lot could be established on the subject property as an R1 District conditional use according to Sec. 61-12-219(9)(b). However, the dimensions of the parking lot would be limited to 70-foot wide and 8,500 square feet in area, which is smaller than the size of the two subject lots (combined: 120-foot wide and approximately 18,000 square feet).

### PROPOSED DEVELOPMENT

The subject change in zoning is being requested to construct parking for State of Michigan offices at 17411 Grand River Avenue. The offices houses the Department of Energy, Labor, and Economic Growth (DELEG) and the Department of Human Services (DHS). The State of Michigan office project is not required to provide additional parking beyond that which is already being provided behind the building and at 17000 Grand River (across the street at Biltmore Ave.) because it has received a waiver of parking requirements from the BZA (Case No. 28-09). That case granted a waiver of parking requirements subject to the provision of remote off-street parking for clients at 17000 Grand River, which was subsequently granted by BZA Case No. 59-09. Parking for State employees will be behind the office building on Grand River. Parking for clients will be at a parking lot

that is currently under construction on the northeast corner of Biltmore and Grand River.

David Endyke, Planning Director for DHS-Wayne County, communicated with CPC staff that the current plans for the State offices will generate significantly more traffic than originally expected, thereby justifying the need for additional remote accessory parking:

- The State offices will have 130-140 employees, rather than 110.
- The employees will spend their working hours at the office and will not reduce their demand for parking by making site visits.
- The DHS office will be a regular welfare office that will see clients Monday through Friday during the entire day (though most will come in the morning).
- DHS expects 225-250 clients a day, with visits ranging from one and a half to two hours (up to 75 clients at a time); DELEG expects about ten clients at a time.
- Both departments will host conferences about ten times a year that will convene over 55 off-site workers.

CPC is satisfied that additional off-street parking capacity is justified and that the demand will cause the Ferguson Street property to be developed immediately, rather than simply sit in reserve as the petitioner had previously planned.

### MASTER PLAN CONSISTENCY

The subject site is located within the Cerveny-Grandmont Subsector of Neighborhood Cluster 9 of the Detroit Master Plan of Policies. The existing land use is shown as Commercial and the future land use as Low-density Residential.

The Planning and Development Department (P&DD) has submitted a report on the consistency of the proposed zoning with the Master Plan. The report found that, although the subject properties are designated Low-density Residential, due to the small size of the proposed rezoning, the rezoning to P1 would not significantly alter the character of the area if proper measures — such as buffering and attention to vehicular circulation — are taken. Therefore, based on consideration of the Master Plan, P&DD recommends that the proposed rezoning be approved.

### ZONING ORDINANCE CRITERIA

Section 61-3-80 of the Detroit Zoning Ordinance lists eight approval criteria on which zoning map amendments must be based. CPC has found that the present request meets the criteria that are relevant to this petition for the following reasons:

1. The rezoning addresses a new need for more parking for the State of Michigan Offices.
2. The proposed amendment has been found to be consistent with the Master Plan and with the purposes of this Zoning Ordinance.

3. The proposed amendment will not adversely affect the health, safety, and general welfare of the public.

4. Given existing development standards and planned preservation of mature trees on the subject property, the proposed rezoning should not have significant adverse impacts on other properties in the vicinity.

5. The property itself is suitable for both the present and proposed zoning classification.

**CITY PLANNING COMMISSION PUBLIC HEARING**

A public hearing on the proposed rezoning was held at the Coleman A. Young Municipal Center on January 28, 2010. The petitioner presented the proposal and submitted copies of letters of support for the rezoning from two businesses that are located near the subject property (Arrow Office Supply and Elegant Dry Cleaners). No members of the public spoke at the hearing.

**RECOMMENDATION**

Based on a review of the criteria for zoning map amendments, the City Planning Commission recommends **approval** of the proposed rezoning of the subject property from R1 to P1.

Re: Request of Courtyard by Marriott to replace signage and awnings on their property located at 333 East Jefferson Avenue (between Randolph and Brush Streets on the north side of East Jefferson Avenue) in a PCA (Restricted Central Business District) zoning district, which requires approval by City Council (Recommend Approval).

On May 25, 2010, City Planning

Commission (CPC) staff received an application from Courtyard by Marriott to replace their current awnings and signage above the former Sweet Lorraine's restaurant space on the first floor of the Millender Center (located at 333 East Jefferson Avenue). The property is zoned PCA (Restricted Central Business District), and per Sec. 61-11-96 of the Zoning Ordinance, City Council must review, upon recommendation of the CPC and Planning and Development Department (PDD), the exterior design, appearance, and location of any proposed building, or exterior alteration of any existing building, structure, or premises, or part thereof, and approve the changes via resolution if desired. Following is CPC staff's review of the proposed changes.

The current awning signs, as well as a vertical wall-mounted "blade" sign, are located at the northwest corner of East Jefferson Avenue and Brush Street, and is shown in the attached pictures. The current awnings are black. The proposed change is to replace the awnings with ones of green fabric and to display the Courtyard by Marriott logo on one of the awnings, a net reduction in signage on the building.

CPC and PDD staffs have reviewed the proposed changes and find them to be consistent with the PCA District Review Criteria detailed in Sec. 61-11-97 of the zoning ordinance, specifically, that the signage proposed is tastefully, designed (criteria #11) and that the awnings act as positive urban design elements (criteria #15).

Please find attached for your consideration a resolution approving the requested changes.

Whereas, Marriott Courtyard has requested to modify the exterior of their property at 333 East Jefferson, known as the Millender Center, by removing black awnings with Sweet Lorraine's signage on it and a Sweet Lorraine's wall sign and replacing them with green awnings with the "courtyard by Marriott" logo; and

Whereas, The property is zoned PCA (Restricted Central Business District); and

Whereas, Sec. 61-11-96 of the Zoning Ordinance states that City Council must review and, if desired, approve by resolution, upon recommendation of the City Planning Commission and Planning and Development Department, the exterior design, appearance, and location of any proposed building, or exterior alteration of any existing building, structure, or premises, or part thereof; and

Whereas, The staffs of the City

Now Therefore Be It Resolved, That the Detroit City Council approves the proposed changes to the awnings and signage of the Courtyard by Marriott Hotel located at 333 E. Jefferson and shown in the drawings prepared by Marygrove Awning and submitted with the May 24, 2010 building permit application, and authorizes CPC staff to sign off on the above-described building permit application.

The Act requires that, prior to your Honorable Body's passage of a resolution establishing the District, a Public Hearing must first be conducted. Dear Mr. Palmer:

Re: Obsolete Property Proposal. Edibles Rex, 3554 Orleans, 1825 Hale, 1813 Hale, 1820 Mack, 1825 Scott & 1850 Scott. Parcel #07000973, 07000974, 07000975, 07000976-81, 07000948-63, & 07001837.

The Assessment Division of the Finance Department has reviewed the proposed Obsolete Property District located at 3554 Orleans, 1825 Hale, 1813 Hale, 1820 Mack, 1825 Scott, & 1850 Scott.

The rationale for creating Obsolete Property projects under PA 146 of 2000 is based on the anticipation of increased market value upon completion of new construction and/or significant rehabilitation of existing commercial property and commercial housing property. Normal repair and maintenance are not assessed and do not necessarily generate additional market value.

Currently the proposed site to be developed by Edibles Rex is the vacant former Cattleman's. The developer proposes to renovate this vacant property into a newly renovated food service and production headquarters. This property consist of the following 2009 values:

Parcel #	Address	Building Assessed Value (SEV)	Building Taxable Value	Square Footage	Land Assessed Value (SEV)	Land Taxable Value
07000948-63	1825 Scott	\$48,073	\$48,073	65,278	\$23,816	\$23,816
07000973	3554 Orleans	0	0	0	593	593
07000974	1813 Hale	0	0	0	356	356
07000975	1825 Hale	0	0	0	356	356
07000976-81	1820 Mack	0	0	0	3,603	3,603
07001837	1850 Scott	0	0	0	11,235	11,235

This property meets the criteria set forth in section 2 of the Brownfield Redevelopment Act, MCL 125.2652 (1996) as "functionally obsolete," meaning that the property is unable to be used to adequately perform the function which it was intended due to a substantial loss in value resulting from factors such as overcapacity, changes in technology, deficiencies or super inadequacies in design or other similar factors.

The developer proposes to renovate this functionally obsolete property by replacing the heating, cooling, plumbing, electrical systems & drains. Part of the building will be reconfigured into a truck garage, truck wash & truck mechanic area. The cold storage, freezers & rack storage areas will be restored for food storage. The office will also be rehabilitated. They plan to use geothermal options to power the building if funding is received for this purpose. There will be new walls, floors, ceilings, bathrooms and a kitchen area constructed. Some small storage additions may become mechanical rooms and other small additions will be demolished. It is also possible that a separated building may be leased for office space. The parking lots and fence will also be repaired/replaced for future use.

A field investigation indicated that the area known as Edible Rex located at 3554 Orleans, 1825 Hale, 1813 Hale, 1820 Mack, 1825 Scott, & 1850 Scott qualifies for the proposed Obsolete Property Rehabilitation Act under P.A. 146 of 2000.

City of Detroit

County of Wayne, Michigan

By Council Member Kenyatta:

WHEREAS, Pursuant to 381 PA 1996, as amended ("Act 381"), the City of Detroit Brownfield Redevelopment Authority ("Authority") has been established by resolution of the City Council of the City of Detroit (the "City") for the purpose of promoting the revitalization of eligible properties in the City; and

WHEREAS, Under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

WHEREAS, An eligible taxpayer may qualify for a tax credit pursuant to Michigan Public Act 36 of 2007, as

amended (the "Michigan Business Tax Act"), for any eligible investments on eligible property identified under a brownfield plan; and

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed brownfield plan for the Amended TechOne Redevelopment Project (the "Plan") that would enable the owner to apply for a Michigan Business Tax Act credit for eligible investments on eligible property as defined by Act 381, as amended, after the adoption of this Plan; and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on April 28, 2010, per the provisions of the resolution establishing the Authority, and a public hearing was conducted by the Authority on May 7, 2010 to solicit comments on the proposed Plan; and

WHEREAS, The Community Advisory Committee recommended approval of the Plan on April 28, 2010; and

WHEREAS, The Authority approved the Plan on May 12, 2010 and forwarded it to the City Council with a request for its approval of the Plan; and

WHEREAS, City Council has published the required notice of the public hearing on the Plan; and

WHEREAS, The City Council held a public hearing on the proposed Plan on June 10, 2010.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. **Definitions.** Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

"Taxing Jurisdiction" shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. **Public Purpose.** The City Council hereby determines that the Plan constitutes a public purpose.

3. **Best Interest of the Public.** The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. **Review Considerations.** As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) The property designated in the Plan meets the definition of Eligible Property, as described in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of Eligible Activities is feasible.

(d) The costs of Eligible Activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) No captured taxable value is estimated to result from adoption of the Plan since all Eligible Activities will be financed by the owner of the Eligible Property and the Plan does not provide for the use of tax increment revenues for eligible activities.

5. **Approval and Adoption of Plan.** The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk's office.

6. **Disclaimer.** By adoption of this resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption of this resolution and Plan. The City makes no guarantees or representations as to the determinations of the appropriate state officials regarding the ability of the owner, developer or lessor to qualify for a Michigan Business Tax Act credit pursuant to Act 36, Public Acts of Michigan, 2007 as amended.

7. **Repealer.** All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

8. The City Clerk is requested to submit four (4) certified copies of this Resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226.

Honorable City Council:

Re: Address: 4335-7 Clements. Name: Damon Miles. Date ordered removed: October 21, 2008 (J.C.C. pages 2787-90).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on April 8, 2010 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of April 8, 2010.

The proposed use of the property is owner's use and occupancy.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

Re: Petition No. 2341 — Dome Petroleum Corp. and Kinder Morgan Cochin LLC request partial assignment of permits, transfer of encroachment maintenance and operation of pipeline under the streets of Detroit.

Petition No. 2341 of "Dome Petroleum Corp. and Kinder Morgan Cochin LLC" request for a re-naming and/or transfers of encroachment for partial assign of permits, encroachment maintenance and operation of pipeline under certain rights-of-way. Also, will submit a more detail account of all encroachment areas.

The Encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

On November 28, 1972 — J.C.C. Pgs. 2893-2894 and February 20, 1973 — J.C.C. Pgs. 390-391 City Council adopted the resolutions for two pipelines (12-3/4 inch pipes) carrying liquid hydrocarbons from Edmonton and Alberta, Canada for use in the United States. Under those pasts adopted resolutions Dome Pipeline Corporation was the sole responsible company of the encroachment and the permit holder. Dome Petroleum Corp. sold its Dome Pipeline subsidiary on March 15, 2007 to Kinder Morgan Energy Partners LP, a Delaware corporation. Dome Pipeline's name was changed to Kinder Morgan Cochin LLC following the sale. One of the terms of the sale was that certain assets were to be partially assigned to Dome Petroleum Corp. from Kinder Morgan Cochin LLC.

Necessary permits were obtained from the City Engineering Division — DPW — Permit Bureau in accordance with terms and provisions of Petitions approved on November 28, 1972 — J.C.C. Pgs. 2893-2894 and February 20, 1973 — J.C.C. Pgs. 390-391.

An appropriate resolution for the transfer of encroachment status and additional of encroachment sites is attached for consideration by your Honorable Body.

Re: Request permission to accept a Donation from the Ben Roethlisberger Foundation through the "Business United with Officers & Youths (B.O.U.Y.)"

In August of 2009, the Detroit Police Department's (DPD) Canine unit applied for funding from the Ben Roethlisberger Foundation to purchase a police canine. As a condition to apply, a 501(c)(3) organization had to sponsor the application and formally accept the funding, should it be awarded. The "Business United with Officers and Youths (B.U.O.Y.)" served as the sponsor for DPD's application and, subsequently, received funding (\$5,000.00) from the Ben Roethlisberger Foundation to purchase a police canine. B.U.O.Y. has now purchased the dog, which will be exclusively utilized by the Canine unit, and wishes to formally donate the dog to the DPD. There is no cost to the DPD for this donation.

The Board of Police Commissioners has already approved this request. Therefore, I now request approval from your Honorable Body to accept the donation and adopt the enclosed resolution.

If you have any questions or concerns regarding this matter, please feel free to

Honorable City Council:

Re: Petition No. 3932 — James H. Cole Home for Funerals Inc. request to allow parking lot screen wall at 16100 Schaefer Hwy. to encroach a maximum of three feet into closed north/south alley.

Petition No. 3932 of "James H. Cole Home for Funerals Inc", whose address is 2024 West Grand Boulevard, Detroit, Michigan 48208, request permission to maintain and install a brick screen wall and non-brick screen at certain locations into the 16 and 18 feet wide public alley, vacated and converted into an easement on November 20, 2009 in the area North of Puritan Avenue, 66 feet wide, and between Schaefer Highway, 86 feet wide, and Hartwell Avenue, 60 feet wide. This request is needed to comply with Planning and Development Department requirements and to ensure the space needed for day-to-day funeral operations.

The Encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

Necessary permits will have to be obtained from City Engineering Division — DPW Permit Bureau for any street or alley construction, backfill, or occupancy of the City rights-of-way to install non-standard materials.

The Public Lighting Department (PLD) reports having an overhead lighting circuit running in the alley going east-west north of Puritan. PLD requires 24-hour vehicle access to this site/facility to perform circuit maintenance.

The Detroit Water and Sewerage Department (DWSD) reports the wall between lot no. 27 and 28 be removable provided that the attached provision for encroachment is strictly followed. In particular, the provision stipulates that DWSD has the right to enter the alleys at anytime to maintain, repair, alter, service, inspect or install its facilities and that all cost incident to these DWSD activities shall be borne by the petitioner.

All other city departments and privately-owned utility companies have requested that the petitioner make use of the "MISS DIG" facilities before any construction, backfill, or occupancy of the City rights-of-way to install non-standard materials in the public (street or alley) rights-of-way. Should damages to the utilities occur, the petitioner shall be liable for all claims and damages related to the encroachment installation.

An appropriate resolution, granting the encroachments, is attached for consideration by your Honorable Body.

Respectfully submitted,

**Water and Sewerage Department  
 Office of the Director**  
 April 9, 2010

Honorable City Council:  
 Re: Approval and Authorization to Purchase Real Estate for the Con-

struction of Ready Road Pumping Station and Reservoir (08-49).

The Detroit Water and Sewerage Department (DWSD) has negotiated and executed new model water contracts with all its water wholesale customers. Included in these proposed model contracts is the guarantee of flow and pressure commitments that will provide a higher level of service to customers.

To achieve this objective, DWSD requests your approval and authorization to purchase an 8.05-acre parcel in the Village of South Rockwood, Michigan for construction of the Ready Road Pumping

Station and Reservoir, at a cost not to exceed \$575,000.00. The proposed site acquisition is located at Ready Road and Dixie Highway. The station will service the downriver communities of Berlin, Flat Rock, Gibraltar, Brownstown, Rockwood, and South Rockwood, and provide an emergency supply of water to the southern most communities served by the Allen Road water main. The new facilities will also provide increased security, redundancy and reliability to the entire system.

**BACKGROUND**

Two (2) particular parcels at that location had been identified for consideration. Parcels 1A and 1B (site map attached) were considered best suited for the station. Negotiations between the owner, RRK One, LLC and the Land Group, (DWSD's acquisition consultant), initially resulted in a reduction of the asking price for Parcel 1A from \$1,000,000.00 to \$600,000.00, and an asking price of \$400,000.00 for 1B. The parcels were appraised at \$461,000.00 for 1A and \$294,000.00 for 1B. The owner has agreed to a price of \$575,000.00 for

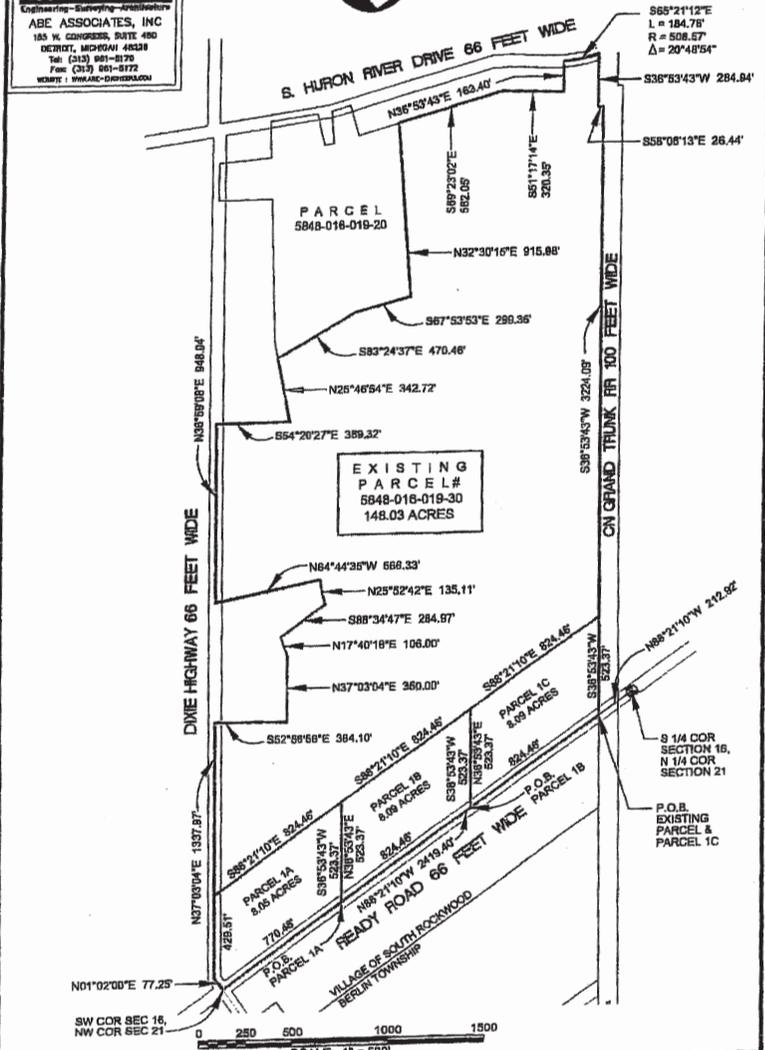

Parcel 1A. The Harbin Group Inc. did the appraisals. All costs associated with this transaction will be borne by the user communities.

The Engineering Services Division of DWSD has recommended the Department acquire Parcel 1A. The corner location minimizes the costs associated with relocating the existing infrastructure to a new station. The Division feels that while Parcel 1B is cheaper, the difference in price is mitigated when the relocation costs are factored in which could well exceed the difference in price.

At its meeting of March 24, 2010, the Board of Water Commissioners approved entering into a purchase agreement for this parcel. It is respectfully requested that your Honorable Body adopt the attached resolution approving and authorizing the parcel purchase, as agreed to by the Board of Water Commissioners and RRK One, LLC and authorize the Director to execute all documents related to the completion of this transaction.

Respectfully submitted,

Honorable City Council:

Re: Technical Corrections to the 2010-11 CDBG Budget as Amended by City Council.

In the process of summarizing the City Council action on the Community Development Block Grant (CDBG) Budget with the Budget Department, we have discovered the need for two corrections in the CDBG budget (Schedule A).

The first correction is needed for the appropriation for Public Improvements, which should read #11497 rather than #11479.

The second correction is listed under revenues. The revenues for the Planning and Development Department under City Council should read \$35,106,030 rather than \$34,906,030. This number changed when the allocation for the rehab of recreation centers was decreased from \$750,000 to \$550,000.

Attached is a resolution containing Technical Corrections to Schedule A. We are requesting Council action on this resolution so that the corrected numbers would be reflected in the Budget Department's Red Book.

#### TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE TESTIMONIAL RESOLUTION FOR

#### JAKE WOOD — 2010 Honoree Detroit Tigers African-American Legacy Award

By COUNCIL MEMBER BROWN:

WHEREAS, The African-American Legacy Award is a newly-formed recognition designed to celebrate the many contributions made by African-American baseball players to the rich history of Detroit Tigers baseball. This is the second anniversary of this prestigious award that is presented as the final activity of the Detroit Tigers Annual Negro Leagues Weekend celebration, and

WHEREAS, On Sunday, June 13, Jake Wood is honored with the legacy award for his positive influence on players of all races who have followed in his baseball footsteps. Mr. Wood was signed by the Detroit Tigers in 1957 as a 20-year-old from Delaware State. He played in the minor leagues for the next four years for various teams, and

WHEREAS, Jake Wood put on the Old English D as a Major Leaguer and stepped onto the field at Tiger Stadium on April 11, 1961. In doing so, he became the first African-American player to climb the ranks of the Tiger's farm system and take

his rightful place on the field in the Major Leagues, and

WHEREAS, Jake Wood played with the Detroit Tigers from 1961-1967. During those years he led the American League in triples in 1961 with 14. He finished third in the American League in stolen bases for three straight years in 1961-1963. After a distinguished career, Mr. Wood retired from baseball in 1969 at the age of 32, and

WHEREAS, Jake Wood worked for Abraham & Straus/Macy's from 1969-2000 after his retirement from baseball. He then did what we all wish we could do — he retired to Florida. McNichols. The relay begins with the cancer survivors in the community celebrating victory over the disease with a victory lap and breakfast at 10:00 a.m., registration starts at 9:30 a.m. on Saturday. All that are interested should attend.

**COUNCIL MEMBER SAUNTEEL JENKINS** announcing 1) a celebration of Juneteenth, a Juneteenth Carnival at Third New Hope Baptist Church this Saturday, June 19, from 10:00 a.m. until 4:00 p.m. There is a small cost of \$3.00 per person and it's sponsored by the student apprenticeship program at Third New Hope Baptist Church. And as you all know, Juneteenth is the celebration for African Americans of the anniversary of the emancipation of the slaves in Texas; 2) the **Youth Violence Prevention Task Force's** next meeting will be held Wednesday, June 30th at

5:30 p.m. at the Neighborhood Service Organization located at 9641 Harper Ave. near Gratiot and that is co-chaired by herself and Councilman James Tate and invites everybody that's interested in keeping young people in Detroit safe; and 3) she congratulates CMA High School, they will be a part of the new NBC series, 'School Pride' and it's like Extreme Home Makeover where they come in and spend 7 days, they knock everything down and re-build and re-hab it. She asked that everybody come out and support and the website is schoolpridevolunteers.com.

**COUNCIL MEMBER KENNETH COCKREL, JR.** requesting a closed session on RAD's privileged and confidential report relative to the 'First 48 Hours' issue and the contract approving that.

**COUNCIL MEMBER BRENDA JONES** informing Council that she will be out of session from Wednesday thru Friday in Chicago on a pension-related conference. Also the City of Detroit's pension obligation is due to Police and Fire by June 30th and hopefully, we will be able to make that obligation. She will keep the body updated. She also announced a Skilled Trades Task Force meeting on June 22nd and Vanguard DMC will be at that meeting talking about the jobs that are available to Detroiters in the skilled trades area and she ask that RAD scroll that information.

**COUNCIL MEMBER ANDRE SPIVEY** re-emphasized the website, **schoolpridevolunteers.com** and asked RAD to have that scrolled.

**COUNCIL MEMBER JAMES TATE** announcing the 'Safe Summer Youth Jam Family Health Fair' taking place at the Butzel Family Center on Thursday, June 17th from noon until 4:00 p.m. There's also a bike raffle for children; games, prizes, inflatables, etc. and there's also senior health screenings taking place.

**COUNCIL MEMBER JOANN WATSON** welcoming the JAW International Convention at Cobo Hall going on right now and also welcoming US Social Forum to Detroit. She submitted a letter from Ann Mouron asking the city to pay an insurance deductible for the police mistakenly shooting out the front glass windows in her home; submitting request from Biltmore Street annual fair for another stop the violence special event in the community on July 31st from 12-8 p.m. and asked the Clerk's Office to walk it through. She requests that Council look at possibility of closed session to address the changes now happening with the Greektown Casino.

The closed session was set for 2:30 p.m. Thursday, June 17, 2010.

**COUNCIL PRESIDENT CHARLES PUGH** reminding everyone about the **Evening Community Meeting** this evening at Focus Hope, 1400 Oakman Blvd. near Linwood. He also reported that the first **Returning Citizens Task Force Meeting** was held and it is going to work well in conjunction with the 'drop the box' effort and the ultimate outcome to come out of the task force is one resource guide, one list of employers who will hire people with felonies, one hotline phone number, one website, one office; and that right now there are lots of good things going on in our community that will assist returning citizens, but they are all over the place — there are transportation issues and housing issues — so if we made it easier for people to be connected with resources then that would certainly help a lot of people. That's one of the main goals that will come out of the task force. Also there's a resolution being requested from the Oakland County Board of Commissioners asking Council to support the **Tri-County Summit** which is going to be held on September 20, 2010 at the Detroit Zoo; and also the **DREAM Act resolution** is coming your way and that will allow undocumented students who've lived in this country for the past 5 years and have graduated high school to receive federal aid. Also there was a meeting with the Under-Secretary for HUD who told about **\$150 million of unspent HUD money** that the city could stand to lose. The spreadsheet fully documenting the funds was passed out. We will be working with the Administration and P&DD to make sure that the money will be spent properly. He asked RAD and CPC to generate a report based on the spread sheet from HUD and to have a discussion on it prior to August 31st. Lastly, he announced that he was invited to a Reception at the White House on Tuesday and will not be at Council.

**ADOPTION WITHOUT COMMITTEE REFERENCE**

**TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE TESTIMONIAL RESOLUTION FOR**

**"MAKING IT TO THE FINISH LINE"**

BY COUNCIL MEMBER TATE:

WHEREAS, "Making It to the Finish Line" is a non-profit organization, which is

a result of Detroit native Gladys Pearson's vision. At the young age of 13, Gladys discovered that she was pregnant and was sent to live with relatives in another state. When she gave birth to a baby girl, the infant was adopted and raised by a loving family Gladys did not know; and

WHEREAS, Gladys returned home and resumed her life in Detroit, but she never stopped thinking about her child. She continued following her faith and graduated from high school, earned a Bachelor's degree from the Detroit College of Business, and a Master's degree from the University of Phoenix. Having accomplished so much in her life and defying the odds, Gladys later married and started a family of her own; and

WHEREAS, Gladys struggled over her internal conflict surrounding her childhood secret until her biological daughter searched and found her 32 years later after her birth; and

WHEREAS, Gladys felt as though a burden had been lifted off her once she and her family were forced to confront the silence of the past and realized that many other women and young girls surely have experienced the same situation. It was at this time that Gladys decided to use her experience to reach others in the community. FAILED

STATEMENT BY COUNCIL MEMBER  
KENNETH V. COCKREL, JR.  
REGARDING GREEKTOWN CASINO  
REVISED DEVELOPMENT  
AGREEMENT OPINION

At the formal session of today's Detroit City Council, I voted against the amended Greektown Casino Development Agreement. While this may at first glance appear to be inconsistent with my prior vote, the circumstances involving the casino purchase have changed. My principal objections to the resolution are threefold:

(1) The principal management partner that was going to bring Greektown Casino out of bankruptcy has withdrawn due to problems with licensing by the Michigan Gaming Consulting Board. Their experience and track record in terms of making the casino profitable was one of the principal reasons that many City Council members supported the Administration's

proposal. Now, that expertise has been lost, and no new principal management partner has been identified.

(2) Given this loss of expertise, it becomes more important for the City of Detroit to have effective, meaningful representation on the Board of Directors of the New Greektown Casino. Yet, we have learned that the nominee for the City of Detroit's position on the Board of Directors for Greektown Casino, Freman Hendrix, cannot have his license investigation completed or be licensed as of July 1 because of a political contribution that he made in the past year. While the Michigan Gaming Control Board (MGCB) has allegedly stipulated that Mr. Hendrix can be approved as an Ombudsman, that position has no voting power. Moreover, the City of Detroit may continue to be denied voting representation in the future if the MGCB finds other questionable issues in Mr. Hendrix background that have not yet come forward because their investigation is on hold.

Some of the most important issues that will influence the future of the Greektown Casino will be decided in the first 60-90 days of operation, a period during which the City of Detroit will have no voting representation or power because of Mr. Hendrix's political activities. The City of Detroit deserves a nominee with professional experience in managing casino gaming, not a politically novice who will in the near future be forced to choose between his Chairmanship of the Charter Commission and a seat on the Board of Directors of Greektown Casino.

(3) My final objection, which both my staff and I expressed to Deputy Mayor Green is the need to correct for a potential gap in the oversight capabilities of the City of Detroit if the present language in the Development Agreement is not amended. The situation involving Mr. Hendrix has crystallized this issue in a manner that was not apparent during the initial deliberations. In particular, if a nominee for the City of Detroit's Board of Directors position is rejected by the Michigan Gaming Control Board, that person can remain on the Board as an Ombudsman until such time as a new nominee is put forward by the Administration. However, there is no language to my knowledge that compels that Administration to act within a certain period or allows the City Council to act if the Administration does not within a specific period. A rejection under these circumstances could extend the City of Detroit's representation by an Ombudsman without voting power indefinitely, or until such time as the Administration decided to act. This is unacceptable to me. There needs to be either a strict time limit for the Administration to act, or the

language allowing the City Council to act if the Administration does not.

I want to move this City forward, but Detroit needs to move forward in the proper way. I call on the Bing Administration to withdraw Mr. Hendrix, and replace him with a nominee who has the appropriate experience and background. It would be particularly fortuitous if that individual had been previously approved by the Michigan Gaming Control Board. One of Greektown Casino's Legacy Investors, who are now in the unseemly position of being sued by the very entity whose mismanagement (Ste. Sault Marie Tribe) was responsible for its bankruptcy, would be an ideal candidate since nearly all of them have been previously vetted by the Michigan Gaming Control Board.

Honorable City Council:

Re: Petition No. 189 — Pulse, to establish an Outdoor Café, located in front of 156 Monroe.

The above named petitioner has requested permission for an Outdoor Café Service. This service will convene April 1, 2010 through November 30, 2010.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioner's compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual user-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DWHP) has approved the petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHWP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards above-referenced petition. Prior approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any City agencies involved. It is the recommendation of the P&DD that petitioner's request be granted to the terms and conditions provided in the attached Resolution.

**AN ORDINANCE to amend Chapter 25, Article II, of the 1984 Detroit City Code by adding Section 25-2-178 to establish Woodward - West Palmer - Cass - West Kirby Historic District, and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II, of the 1984 Detroit City Code is amended by adding Section 25-2-178 to read as follows:

**Sec. 25-2-178. Woodward - West Palmer - Cass - West Kirby Historic District.**

(A) A historic district to be known as Woodward - West Palmer - Cass - West Kirby Historic District is established in accordance with the provisions of this article.

(B) This historic district designation is certified as being consistent with the Detroit Master Plan.

(C) The boundaries of Woodward - West Palmer - Cass - West Kirby Historic District are as shown on the map on file in the office of the City Clerk, and are as follows:

On the north, the centerline of West Palmer Avenue; on the east, beginning at a point, that point being the intersection of the centerline of West Palmer Avenue and the west line of Lot 9 of Hubbard & Dingwall's Subdivision (L18 P87) Plats, WCR, extended north and south; thence south along said west line of lot 9 of Hubbard & Dingwall's Sub, as extended, to its intersection with the centerline of West Ferry Avenue; thence east along said centerline of West Ferry to its intersection with the centerline of Woodward Avenue; thence south along said centerline of Woodward Avenue; on the south, the centerline of West Kirby Avenue; and on the west, the centerline of Cass Avenue. (Legal Description: Lots 1-8, 11-17 of Hubbard and Dingwall's Subdivision of Lots 5, 6, 7, 8 and part of 9, 10 and 11 of Walker's Subdivision of Park Lots 49, 50, 51 and 52, L18, P87 Plats, WCR; also Lots 1-4 and parts of Lots 10-11, Walker's Subdivision of Park Lots 49, 50, 51 & 52, L1, P282, WCR; also Lots 2-6, Plat of the Subdivision of Park Lot 53, Estate of James Abbott L. 206DD, P273, WCR; also

Lots 1-5, Starring's Subn of Lots 7, 8, 9, 11 & 12, of the Subn of Park Lot 53 (Abbott Estate), L12, P25, WCR.)

(D) The defined elements of design, as provided for in Section 25-2-2 of this Code, are as follows:

(1) *Height.* The buildings in the district range from one (1) to twelve (12) stories in height. Apartment buildings range in height from three (3) to five (5) stories on high basements, with the exception of the Belcrest Apartments at 5440 Cass Avenue, which is twelve (12) stories tall. Buildings originally built as single-family residences on Woodward Avenue and West Kirby Avenue range from two and one-half (2-1/2) to three (3) stories tall, sometimes with a full story within the roof. The Mabley Carriage House at 61 West Palmer Avenue is one and one-half (1-1/2) story tall with a second story within the roof. Buildings constructed as commercial buildings are one (1) to two (2) stories in height, although the service garage behind 5454 Cass Avenue rises to three stories in the rear. Buildings originally built as institutional buildings range from two (2) to four (4) stories tall.

(2) *Proportion of Building's Front Façade.* The front façades of apartment buildings on West Palmer and Cass Avenues are slightly wider than tall or as wide as tall, with the exception of the Belcrest Apartments at 5440 Cass Avenue, which is considerably taller than wide. The proportions of apartment buildings on West Ferry Avenue vary; the three-story buildings are approximately as wide as tall to their eaves, while the Art Apartments at 78-80 West Ferry is taller than wide and the Verona Flats at 90 West Ferry is slightly taller than wide as a whole. Buildings on Woodward Avenue are wider than tall, including the Detroit Historical Museum at 5401 Woodward Avenue and its side elevation on West Kirby Avenue. The commercial frontage on Cass Avenue is substantially wider than tall, and the Joy House at 100 West Kirby Avenue is slightly wider than tall to its eaves.

(3) *Proportion of Openings Within the Façade.* The buildings' front façades are composed of a variety of window and entrance openings, generally relating to their style and original function. Those buildings built for institutional and commercial purposes have large display or storefront windows along their first floors, amounting to approximately thirty-five percent (35%) to sixty percent (60%) openings in the front façades. The projecting section of the front façade of the Detroit Historical Museum at 5401 Woodward Avenue also has display windows, although its only other fenestration includes the prominent entrances on the front and south elevations and the continuous band of windows at its upper level

beneath the cornice, resulting in a very low proportion of voids within the wall surface. Openings in multi-unit residential buildings and those buildings constructed as single-family houses range from approximately twenty-five percent (25%) to thirty-five percent (35%) of their front façades. Most have rectangular window openings filled with double-hung sash windows, although the Verona Flats at 100 West Ferry Avenue and original single-family houses display a much greater variety of window openings by size, placement, and type, including grouped window arrangements, arched windows, transom windows, bowed and bay windows, and oriel windows.

(4) *Rhythm of Solids to Voids in The Front Façade.* The rhythm of solids to voids is generally determined by the style and function of the buildings. While the historic district is composed of several building types with a variety of entrance and window arrangements, the overall impression is one of regular, repetitive openings arranged horizontally by floor and vertically by bay. The repetitive flow of storefront openings, where they exist on Cass Avenue, creates a rhythm along the commercial frontage, somewhat obscured by the later addition of a canopy. The Bowen House at 5435 Woodward Avenue exhibits groupings of windows divided by stone mullions. Buildings with groupings of arched openings, such as the Verona Flats at 92-100 West Ferry and the Belcrest Apartments at 5440 Cass Avenue, display an arcade effect. Of particular note are the rhythms that exist at the upper stories of the Detroit Historical Museum at 5401 Woodward Avenue and the commercial building at 5454 Cass Avenue, each displaying a single row of deeply recessed windows.

(5) *Rhythm of Spacing of Buildings on Streets.* Lot sizes and setbacks from the side lot lines generally determine the rhythm of spacing of buildings along the street. Where parking lots and buildings replaced original structures, the rhythm has been altered. Where multi-unit residential buildings are adjacent to each other, the regular rhythm of spacing results in a compact arrangement of buildings, particularly on the northern half of the district. Because the blocks are shaped like parallelograms, the buildings' relationships to the front lot lines are angled, sometimes affecting the rhythm of spacing along the streetscape. No regular rhythm of spacing remains on Woodward Avenue or West Kirby Avenue due to the different construction periods of the buildings or the interruption of the streetscape with parking lots. Because of the footprint of the Detroit Historical Museum and its circular plaza at the northwest corner of Woodward and Kirby Avenues, a flowing rhythm is created around that corner.

(6) *Rhythm of Entrance and/or Porch Projections.* Where adjacent buildings exist, particularly on Cass Avenue and East Ferry Avenue, a strong rhythm of entrances and porch projections is created. Most residential buildings feature front porches that are centered on the front façades, with the exception of the Joy House, whose front entrance is on its eastern bay, and the outer pavilions of the Verona Flats, which are each in the inside bay nearest to the central, five-story block. The Fee Apartments and the Elmo Apartments retain their original three-story porches; others with similar arrangements have since been removed or replaced by single-story porches. Balconies on upper stories are common. Commercial buildings on Cass Avenue feature multiple storefronts with separate entrances at grade, resulting in a progression of entrances at the lot line. The curved canopy now extending over the public sidewalk detracts from the original appearance. The automobile service facility at 75 West Ferry has a tall garage entrance. The Detroit Historical Museum at 5401 Woodward Avenue has a primary entrance facing Woodward Avenue and a secondary entrance beneath a cantilevered porch roof facing Kirby Avenue. Projecting from the north side elevation of the Belcrest Apartments at 5440 Cass Avenue is a one-story entrance vestibule; the Detroit Orthopedic Hospital at 5447 Woodward Avenue is also entered through its side.

(7) *Relationship of Materials.* The major face material in the district is brick, frequently trimmed with masonry window surrounds, sills, water tables, belt courses, quoins, and entrance and porch elements, and also wooden window surrounds and porch elements. Limestone is the primary material of the Detroit Historical Museum at 5401 Woodward Avenue, and masonry and granite face the commercial building at 5454 Cass Avenue. Wrought iron balconets and railings ornament several apartment buildings. Plate glass, glass block and aluminum are major materials of the early modern institutional buildings, such as the Detroit Orthopedic Hospital at 5447 Woodward Avenue, which also features colored tile. The Belcrest Apartments at 5440 Cass Avenue features terra cotta detail. Roofs visible from the street are usually covered in asphalt; the front slope of the Fee Apartments at 68-70 West Ferry Avenue is clad in tile and the Bowen House at 5435 Woodward Avenue is slate. Copper is used as flashing and gable ornament on the Bowen House.

(8) *Relationship of Textures.* The major textural relationship is that of brick laid in courses of common bond set in mortar, often contrasting with the smoother texture of the masonry or painted wood.

Brick laid in patterns, raised brick, carved or molded detail, and repetitive details, such as modillions, quoins, and dentil cornices, create considerable textural interest where they exist. Leaded and subdivided windows contribute significantly to textural interest. The pan tile-covered front slope of the Fee Apartment at 68-70 West Ferry Avenue and the slate roof of the Bowen House at 5435 Woodward Avenue contribute to textural interest; asphalt roofing shingles generally have little textural interest.

(9) *Relationship of Colors.* Natural red, orange, brown, buff and yellow brick colors contrasting with light masonry and light mortar provides the main color relationship. Side elevations of apartment buildings are usually common orange brick. The natural brick of the Joy House at 100 West Kirby Avenue is light orange with yellow brick trim and light-colored limestone; the Verona Flats at 92-100 West Ferry Avenue is painted light gray with medium gray trim and foundations. Colors of wooden window frames, surrounds and trim generally vary according to style; buildings derived from classical precedents, particularly those of Colonial or Renaissance Revival styles, have woodwork painted in shades of off-white or gray. Buildings of vernacular English Revival styles generally have painted woodwork in shades of brown or cream color. The terra cotta accent panels on the Belcrest Apartments at 5440 Cass are a natural buff and orange color with green highlights. Where roofs are visible from the street, they are of natural slate-like colors, or, in the case of the Fee Apartments at 68-70 West Ferry Avenue, a stained spruce blue-green. The original colors of any building, as determined by professional analysis, are always acceptable for that building and may provide guidance for similar buildings.

(10) *Relationship of Architectural Details.* Architectural details are generally determined by the style of the buildings in the district. Porches, window frames, and cornices are areas of the façades where architectural detail is concentrated. The buildings built as single family residential structures reflect the care in ornamentation and craftsmanship of large houses built for the upper classes in the Late Victorian to Edwardian eras. Most multi-unit buildings, built in the early decades of the twentieth century, have details reflecting an Arts and Crafts aesthetic or simplified Classical and English Revival styles. Where cornices have been removed, the historic characters of the buildings are compromised. The commercial building at 5454 Cass Avenue is Art Deco in design, featuring scalloped and staggered shapes and staggered pilasters. The modern buildings are expressive of their age in their lack of traditional detail but, instead,

their attention to materials, colors, and textures. Many buildings throughout the district bear a nameplate carrying the name of the building, often integrated in with its architectural design. Artistic touches, including stained glass, decorative tile and metalwork, and richly detailed carvings and moldings, contribute to the richness of architectural detail throughout the district.

(11) *Relationship of Roof Shapes.* Multi-unit buildings, commercial buildings, and institutional buildings have flat roofs that are not visible from the street with the exception of the Fee Apartments at 68-70 West Ferry Avenue, which has a visible front slope, and the two (2) three-story wings of the Verona Flats at 92-100 West Ferry Avenue, which originally had shallow hip roofs; now the westernmost wing has a flat roof. The Mabley Carriage House at 61 West Palmer Avenue has a full story mansard roof; the Bowen House at 5435 Woodward Avenue has intersecting gables with decorative chimneys, and the Joy House at 100 West Kirby Avenue has a hip roof with dormers. The Belcrest, at 5440 Cass Avenue, features an ornamental gable rising above its cornice line.

(12) *Walls of Continuity.* The front façades of contiguous buildings create strong walls of continuity, particularly along Cass Avenue and the north side of West Ferry Avenue. The Woodward Avenue frontage also results in a strong wall of continuity despite its inconsonant parts. Walls of continuity are broken where buildings have been demolished and vacant land or parking remains in their places. A decorative brick wall on the property line on the south side of West Ferry Avenue, extending eastward from the service garage at 75 West Ferry, creates a wall of continuity along the front lot line. Lesser walls of continuity are created by fencing or hedges at the building or front lot lines, but public street lighting, sign posts and parking meters generally do not contribute to a wall of continuity because of their different styles, heights, and irregular placement throughout the district. Signs installed on Wayne State University owned buildings on Woodward Avenue contribute to the continuity of the streetscape due to their uniform setback, consistent side-facing placement, and uniform color.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* Where buildings are sited at their front lot lines, particularly on Cass Avenue, there are no landscape features between the buildings and the concrete public sidewalks. Grass berm areas between the public sidewalk and the street curb exist only on West Palmer Avenue; all other concrete public sidewalks extend from the front lot lines to the curbs. Where multi-unit residential buildings are set back

slightly from the public sidewalks, a shallow front lawn, sometimes slightly graded, exists. Buildings originally constructed as single-family dwellings are generally more likely to have front lawns with plantings. Most of the curbs lining the streets are concrete. Parking lots and driveways within and adjacent to the historic district are paved with black asphalt and often fenced with tall black wrought iron-like fencing. The Belcrest Apartments at 5440 Cass Avenue has a swimming pool to the south of the building, a low brick wall along the front lot line, and a decorative metal gate at the north lot line leading to the main entrance vestibule.

(14) *Relationship of Open Space to Structures.* Small amounts of open space exist in the front, back, and sides of the apartment buildings on West Palmer and West Ferry Avenues; a paved sidewalk often leading to rear entrances of those properties. Other open space within the boundaries of the historic district exists where buildings were replaced by parking lots or commercial buildings that do not respect the residential set backs. The houses built as single-family residences have more open space around them. The southern end of the district — at West Kirby, has more open space within the district due to the expanse of parking for the Detroit Historical Museum.

(15) *Scale of Façade and Façade Elements.* The Woodward - West Palmer - Cass - West Kirby Historic District is part of an area of mixed use containing small-scale multiple-unit residential buildings, the Belcrest Apartments at 5440 Cass Avenue that is large in scale, small to moderately scaled commercial buildings, large scale buildings constructed as single-family houses, and moderately scaled institutional buildings. Façade elements, such as windows, porches, cornices and gables, are generally appropriate for the style, size and function of each building. In general, large elements, such as pilasters, embellished cornices, and window units, are often balanced with small-scaled ornament and repetitive detail throughout the district. The larger buildings are located at the south end and east side of the district.

(16) *Directional Expression of Front Elevations.* Directional expression of front elevations in the historic district is individual to each building type. Generally, multi-unit residential buildings are neutral in directional expression, with the exception of the Belcrest, which is emphatically vertical. Commercial buildings are horizontal; buildings constructed as single-family houses are neutral or horizontal, and institutional buildings are horizontal. No strong impression of an overall directional expression of the district exists, although there is an impression of horizontality along Woodward Avenue.

17) *Rhythm of Building Setbacks.*

Setback varies throughout the district. A uniform setback for the multi-unit residential buildings on West Palmer, Cass and W. Ferry Avenues exists, providing for shallow front yards. Where commercial building interrupt that pattern on West Palmer, the regular rhythm is interrupted. Commercial buildings on Cass Avenue are set on the sidewalk line, as is the service garage at 75 West Ferry Avenue; the setback of the Belcrest Apartments at 5440 Cass Avenue is not consistent with the setback of its neighboring commercial buildings.

(18) *Relationship of Lot Coverage.* Lot coverage of multi-unit residential buildings ranges between approximately forty percent (40%) and sixty-five percent (65%). Those three buildings constructed as single-family houses in the district were built on large lots and therefore occupy less of their present lots, approximately twenty percent (20%). The rear yard of the Bowen House property is now occupied by an educational facility, and it is attached to a medical facility on its south side, enlarging the building's footprint substantially. The large site of the Detroit Historical Museum features a large plaza at the corner of Woodward and West Kirby within its inverted "L" footprint. The commercial frontage on Cass Avenue that extends into the service garage at 75 West Ferry Avenue occupies approximately ninety-five percent (95%) of its parcel. The rear yard of the Belcrest Apartments at 5440 Cass Avenue was formerly occupied by a parking garage; now that area is vacant with the building now occupying only thirty-five percent (35%) of its parcel.

(19) *Degree of Complexity Within the Façade.* The degree of complexity ranges from simple to moderately complex. Arrangements of windows, element and details within are generally regular and repetitive in nature. There is a great degree of variation from building to building.

(20) *Orientation, Vistas, Overviews.* The buildings in the Woodward - West Palmer - Cass - West Kirby Historic District are generally oriented towards the street, with the exception of the Michigan Orthopedic Hospital, which has a side entrance, and the Detroit Historical Museum, with its primary façade oriented towards the corner of Woodward and West Kirby Avenue. The Belcrest Apartments at 5440 Cass Avenue, now entered from its north side, can be seen at a distance from the north and south due to its height. The buildings on the half block of West Ferry, Cass and West Palmer Avenues are connected to each other by their pedestrian-oriented scale, while those buildings on Woodward and West Kirby Avenues and the southern part of Cass Avenue are individualized in physical appearance and function.

(21) Symmetric or Asymmetric Appearance. Most of the buildings in the district are fairly symmetrical in appearance, with the exception of the Lexington Apartments at 58 West Kirby Avenue, whose eastern bay is set back from the rest. The front façades of the single-family houses are asymmetrical in subtle ways, but result in balanced compositions. The commercial building at 5454 Cass Avenue is symmetrical, while other commercial buildings are not due to the arrangements of storefronts. The façades of the institutional buildings are also fairly symmetrical in appearance.

(22) General Environmental Character. The Woodward - West Palmer - Cass - West Kirby Historic District is located in a section of Midtown, north of Detroit's Cultural Center and east of Wayne State University. Tech-Town, an area north of the district, is scattered with historic industrial buildings, some of which have been adapted for high-technology companies and housing. The pedestrian-oriented scale of the district and the mix of uses resulting from its historic development patterns result in a unique urban mix.

Honorable City Council:  
Re: Address: 4628 Fairview. Name: Robert E. King. Date ordered removed: August 8, 2008 (J.C.C. p. 2223).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on April 9, 2010 revealed the building is secured and appears to be sound and repairable.

The owner has paid current taxes due as of March 26, 2010.

The proposed use of the property is rental property. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: FY 2009-10: Act 51 Michigan Transportation Fund.

Each year the City of Detroit receives a distribution of Michigan Transportation fund in accordance with ACT 51, Public Acts of 1951, as amended.

Past experience has indicated that the level of expenditure required to maintain the Local Streets has been somewhat greater than the amount of funds received for this purpose.

Section 13 (6) of ACT 51, P.A. 1951 as amended, however, allows a city to use on the local street system up to 50 percent annum of funds returned to the City for its major street system.

To take advantage of this allowable transfer of funds to more accurately reflect expenditures of the street system, we respectfully request that your Honorable Body adopt the attached resolution, which authorizes the Finance Director to accomplish the transfer.

Honorable City Council:

Re: Petition No. 3888 — “Albert Kahn Associates Inc.”, request for encroachments in the mid portion of an alley between Garfield and Forest.

Petition No. 3888 of “Albert Kahn Associates Inc.” whose address is 7430 Second Avenue, Detroit, Michigan 48202 on behalf of the University Cultural Center Association — Sugar Hill Redevelopment request permission to install and maintain encroachments within the open public alley, 20 feet wide, with a 3-inch overflow pipe, 6-inch perforated PVC pipe, irrigation pipes, integral color concrete and permeable concrete pavers in the block bounded by Forest Avenue, 70 feet wide, Garfield Avenue, 60 feet wide, John R., 60 feet wide, and Woodward Avenue, 120 feet wide. This request is an integral part of a planned pedestrian axis for the redevelopment of the Sugar Hill Arts District.

The Encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

Necessary permits will have to be obtained from City Engineering Division — DPW Permit Bureau for any street or alley construction, backfill, or occupancy of the City rights-of-way to install non-standard materials.

AT&T telecommunications report no objections to the request, however, AT&T have underground conduit in said alley and to make sure to contact MISS DIG prior to construction/digging.

DTE Energy Electric Division (DTE) reports no objection to the request, however, there is DTE facilities within said alley being approximately 3 feet underground running east-west down the said alley. The conduit run contains two (2) 4.8KV lines and two (2) 600V lines.

Detroit Water and Sewerage Department (DWSD) report no objection to the request provided that DWSD’s provision for encroachments are strictly followed.

All other city departments and privately-owned utility companies have requested that the petitioner make use of the “MISS DIG” facilities before any construction, backfill, or occupancy of the City rights-of-way to install non-standard materials in the public (street or alley) rights-of-way. Should damages to the utilities occur, the petitioner shall be liable for all claims and damages related to the encroachment installation.

An appropriate resolution, granting the encroachment is attached for consideration by your Honorable Body.

Respectfully submitted,

MANILAL PATEL

WHEREAS, The United States Supreme Court has determined that every state has a constitutional obligation to provide free public primary and secondary education to all children residing within their borders regardless of their immigration status; and

WHEREAS, Federal standards and accountability requirements imposed on elementary and secondary education institutions necessarily entail a federal commitment to education, including the assurance of meaningful access to higher education; and

WHEREAS, A high school diploma and the lack of legal immigration status condemn undocumented students to a life of underemployment, instability and unfulfilled potential; and

WHEREAS, Access to higher education will allow these students to break the bonds of poverty, to raise the level of esteem in which they are held by our society and to make full contribution to our country's civic, political and economic well-being; and

WHEREAS, The Development, Relief, and Education for Alien Minor — DREAM Act would remedy this situation by allowing undocumented students who have lived in the United States for at least five years and have graduated high school or received a graduate equivalency diploma (GED) to legalize their immigration status, thereby making them eligible for Federal financial aid, and allow states to consider these students as state residents for tuition purposes at state universities; THEREFORE, LET IT BE

RESOLVED, That the City of Detroit fully supports the passage of the Student Adjustment Act and the DREAM Act; and, BE IT

FURTHER RESOLVED, That the City of Detroit urges Michigan's Senators, and our local members of the House of Representatives to vote for and encourage other Congresspersons and Senators to vote for the passage of the DREAM Act.

**RESOLUTION TO MEMORIALIZE THE PRESIDENT, THE CONGRESS, AND THE FEDERAL COMMUNICATIONS COMMISSION OF THE UNITED STATES TO REFRAIN FROM REGULATING INTERNET BROADBAND SERVICES AS COMMON CARRIER SERVICES UNDER TITLE II OF THE COMMUNICATIONS ACT OF 1934.**

By COUNCIL PRESIDENT PUGH:

WHEREAS, Due in large part to the unregulated efforts of private enterprise over the past 25 years, the development of the Internet has dramatically transformed the way Detroit citizens work, live and learn. The deployment of efficient, fast, and reliable broadband networks through-out Michigan has created thousands of jobs and economic benefits for local economies; and

WHEREAS, In order to encourage the growth and development of the Internet, the Federal Communications Commission (FCC) has historically followed a policy to refrain from regulating broadband Internet services as common carrier services under Title II of the Communications Act of 1934. As a result, the United States has been at the forefront of technological, business, and social innovation on the Internet; and

WHEREAS, On May 6, 2010, the Chairman of the FCC announced a policy to Reclassify broadband Internet services as common carrier services so that they can be more tightly regulated, with a proposal to forbear from imposing certain common carrier obligations on broadband Internet providers; and

WHEREAS, It is the judgment of the Detroit City Council that using monopoly era provisions of Title II of the Communications Act of 1934 to regulate the Internet will slow investment in Michigan's Internet broadband infrastructure and jeopardize future job growth; NOW, THEREFORE, BE IT

RESOLVED, By the Detroit City Council, That we memorialize the President, the Congress, and the Federal Communications Commission of the United States to refrain from regulating Internet broadband services as common carrier services under Title II of the

Communications Act of 1934; and BE IT FURTHER

RESOLVED, That copies of this resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, and the Commissioners of the Federal Communications Commission.

**RESOLUTION OPPOSING STATE  
ENFORCEMENT OF FEDERAL  
IMMIGRATION LAW**

By Council Member Watson:

Whereas, The United States Department of Homeland Security is charged under Federal Law to be the sole enforcement arm of the Federal Government through its Citizen and Immigration Services, and

Whereas, Enforcement of the National Borders and the regulation and travel of foreign citizens within United States is a clearly Federal function, and

Whereas, The status of documented and undocumented aliens within United States is regulated under Federal Law and International Agreements, and

Whereas, The recent enactment of an Arizona State Law criminalizes under the existence and presence of "undocumented aliens" in that state, and

Whereas, The law requires local and state law enforcement stop, question and interrogate individuals as to legal status within the United States, if they have reason to suspect they are in the country illegally, and

Whereas, The law requires Arizona's local and state law enforcement to take into custody anyone that cannot produce proof of citizenship, valid work visa, diplomatic/foreign passport, or permanent resident card commonly known as a "green card", and

Whereas, One quarter of the Arizona population is of Mexican and Hispanic descent and this law would allow local and state law enforcement to "increase racial profiling and discrimination against Latinos and anyone who might appear to be an immigrant according to the American Civil Liberties, and

Whereas, Numerous legal scholars have questioned the constitutionality of the new law as it raises equal protection and warrantless arrests issues and is subject to preemption challenges given the federal government's plenary power over immigration and nationality, and

Whereas, Individuals found guilty of violating the State Law could be fined up

to \$2,500 and be incarcerated up to six months in jail, and

Whereas, The Arizona Legislature has amended SB 1070 by adopting House Bill 2162 changing and removing some problematic language:

(1) Places restrictions against using race or ethnicity as the basis for questioning a person, the word "solely" from the sentence, "The attorney general or county attorney shall not investigate complaints that are based solely on race, color or national origin",

(2) Replaces the phrase "lawful contact" with "lawful stop, detention or arrest" to apparently clarify that officers don't need to question a victim or witness about their legal status,

(3) Adding language that police contact over violations for local civil ordinances can trigger questioning on immigration status, and

Whereas, The law's sponsors claim they have enacted these as changes in recognition that the law is "unattended" discriminatory aspects, specifically targeting Latinos, even though the legislative record and public debate identified people of Mexican and Hispanic dissent as the reason for its enactment, and

Whereas, Adding Civil Ordinances is just another way of increasing reach of this harmful law now allowing, common non-violent crimes to be the basis for citizenship interrogate such as jaywalking, littering, parking and motor vehicle violations, and

Whereas, Local and State Law Enforcement officers have not been trained to enforce the provisions of the new law as well as receive specialized training to evaluate, recognize and validate the numerous foreign and federal immigration documents that are the basis of their enforcement actions. Now, Therefore Be It

Resolved, That the Detroit City Council, urges the State of Arizona to repeal this ill-conceived law that violates the human rights of individuals living, visiting and passing through the Arizona state, and be it further

Resolved, That the Detroit City Council, requests the Mayor immediately suspend all city travel to the State of Arizona, until the SB1070 and House Bill 2162 is repealed, and be it further

Resolved, That the Detroit City Council, urges the Mayor to instruct the Finance and Law Departments to review existing contracts for the purchase of goods and services with companies headquartered in Arizona and explore opportunities to discontinue those contracts consistent with the terms of those contracts and principles of fiscal responsibility when possible, and be it further

Resolved, That the Detroit City Council urges its citizens and business leaders to

not travel to the State of Arizona, and be it further

Resolved, That the Detroit City Clerk send a copy of this adopted resolution to the Arizona Governor, State and Senate Leaders, Mayor Dave Bing, the Detroit US Congressional and Detroit State Legislator, Commissioners of National Football League, National Basketball Association, Major League Baseball; and the President of the National Collegiate Athletic Association, and be it finally

Resolved, That the Detroit City Council, this resolution is placed on the table by Member JoAnn Watson on \_\_\_\_\_ and joined by Members \_\_\_\_\_.

#### MEMBER REPORTS

##### COUNCIL MEMBER JOANN WATSON:

I'd like to welcome the twenty thousand plus visitors here at the U.S. Social Forum which will occur today with a wonderful march, thanks to City Council's approval of same. I'M ASKING RESEARCH & ANALYSIS VIDEO CREW TO SCROLL SOME OF THE WORKSHOPS CONNECTED WITH THIS EVENT.

I'd like to say to my colleagues on two issues with regard to federal funds, HUD has expressed a concern about federal housing assistance; they're going to let economic stimulus money be used and only (300) have been assisted with this housing. I don't think that City Council can afford to sit back and wait and see if the Mayor's staff can get it right. We're held accountable for the money as well as the executive branch. There needs to be a working group which puts our teeth into this, at least three of us as an emergency oversight to make sure that these federal dollars get to the people who need it the most, and the money is spent and not sent back to Washington. It's a disgrace before God that our citizens who are at the top of the list in terms of foreclosure, poverty and unemployment have not received a penny; only 8% of the money has been allocated. I'm offering my services, Mr. President.

I also received a disturbing call from one of our citizens who said he waited forever for a bus on Van Dyke and

Mack, Mack and Woodward and then he said that three buses came at the same time. Citizens cannot be put in the position of losing their jobs.

I'D LIKE FISCAL ANALYSIS AND RESEARCH & ANALYSIS DIVISION TO DO A REPORT ON HINES. LOOK AT MILLIONS OF DOLLARS IN FIDUCIARY CONTRACTS APPROVED BY THIS BODY AND HINES IS NOT REGISTERED WITH THE STATE OF MICHIGAN. THEY ARE LOCATED AT A RESIDENCE, NOT AN OFFICE BUILDING.

I'd like to say some good things about the Mayor's office. I want to indicate that one of the Mayor's appointees is very interested in the Marshall Plan and he wants to work with my office under Member Spivey in sponsoring a special review with this current season of Council Members, civic leaders and citizens so that we can move forward. I'll be working with the President's office to find a date within the next two weeks for such a special hearing.

##### COUNCIL MEMBER KWAME KENYATTA:

I'd like to announce that on Monday, June 28, 2010, the Belle Isle Task Force will be nearing its completion of this work at a public hearing from 6:00 P.M. to 8:00 P.M. at the Greater Christ Baptist Church at 3544 Iroquois. Our last meeting will be at the Belle Isle Nature Zoo from 3:00 P.M. to 5:00 P.M. on July 26, 2010. Anyone that have any comments as it relates to Belle Isle and the future of Belle Isle such as what should go on the island, how the island should look, whether there should be a fee or no fee, should be discussed at the public hearing. I ASK THAT THE CAMERA CREW SCROLL THIS INFORMATION.

As it relates to Joseph Walker Williams Center, I grew up in that area on Hanover St. Passing by that area to Hutchins Jr. High School, and you know that area is in the heart of the rebellion area. Until we completely revise that area, we cannot claim a renaissance in the City of Detroit. That is an area that was devastated, there are a number of things that have happened there such as a Virginia Park Estate that is there now and of course the Joseph Walker Williams Center that gives life to that area. We cannot stop the renaissance and the development of that area by closing down the institutions that continue to give life. Clearly, the administration has to look at not just capacity, but also they need to look at history and compassion as it relates to the overall signal that certain closing send to the backward movement and yes we all have to take responsibility.

I'm not one of those who believe that

Council cannot take responsibility for the decisions that it has made on the budget as well. Every decision we make have an impact and a reverse impact and we can say that the administration decides where that impact is going to be, but we play a role in it too and I don't think we can wash our hands of that.

Concerning the HUD money or the recovery money in particular, the HUD money of \$150 million dollars unspent. We have institutions that have gone out of business as a result of not receiving their share of money that could have been reprogrammed. One in particular is the Detroit Entrepreneur Institute. I've raised that when it was going through that, and Cockrel was the Mayor at that particular time, we talked about trying to reprogram that and we needed just \$500,000.00. That would have allowed them to continue to have their doors open and training people in a time when people needed to be re-trained for new jobs. As a result of us not being able to do that, and saying that there was no money, now we find out that there is \$150 million dollars unspent and we allowed those doors to close because someone in the previous administration in their pettiness cut those fund from that institution. Now you have some low down scoundrels coming out of the department of Workforce Development trying to scandalize the name of the former director of Department of Detroit Entrepreneur Institute. I think we have to look at exactly what we're doing and the decisions. That money that is there now needs to be reprogrammed forthwith and all of the other problems that have resulted as a result of that need to be looked at as well.

**COUNCIL MEMBER SAUNTEEL**

**JENKINS:** The Youth Violence Prevention Task Force will be meeting Wednesday, July 30, 2010 at 5:30 P.M. at Neighborhood Service Organization which is located at 9641 Harper near Gratiot. I'd like to ask everybody in our community to attend because as we all know, the kids are out of school now so we should keep our eyes and ears open to make sure our kids are safe. I ask anybody interested in keeping our kids safe, to participate in the Youth Violence Prevention Task Force with Council Member James Tate and myself.

I'd like to acknowledge Mr. Ken Coleman who is in the audience.

**COUNCIL MEMBER JAMES TATE:**

For any male, (25) and older who is interested in getting involved in mentoring, there will be an opportunity for recre-

ation and fellowship on June 25-27, 2010 at the Joe Dumar's Field House located at 1120 W. State Fair. There will be a cash prize of \$1500 dollars. There will be a basketball tournament that is going to provide mentors, corporations, faith-based and community-based organizations. For additional information, please contact Ms. Werdlow at (313) 924-0583 and this is presented by Manpower Mentoring, Inc.

**COUNCIL MEMBER ANDRE SPIVEY:**

I want to reiterate an announcement from last week that Council Member Jenkins and I gave about CMA, a Detroit Public School being awarded school pride and makeover August 1-7, 2010. They need volunteers and you may go online to sign up at schoolpridevolunteers.com They need your help to help paint and fix up the school.

**COUNCIL MEMBER BRENDA JONES:**

I'd like to announce that the Skilled Trades Task Force will meet today at 4:00 P.M. to 6:00 P.M. DMC Vanguard is going to be there and I'm doing a presentation that will be available to the people. In addition, I WOULD LIKE TO ASK THE ADMINISTRATION IF THE CITY IS BEING FINED \$1000.00 A DAY. I WOULD LIKE TO HAVE SOMEONE COME TO THE COMMITTEE MEETING TOMORROW TO EXPLAIN OR YOU CAN DO IT TODAY. I WOULD LIKE TO ASK THE ADMINISTRATION IF THEY WILL HAVE MS. GANT AT THE MEETING TOMORROW FOR INTERNAL OPERATIONS. I RECEIVED THE LETTER IN REGARDS TO THE INTERRUPTION OF CITY COUNCIL PROGRAMMING AND THAT PROGRAMMING WILL RESUME CONTINGENT UPON AVAILABLE STAFF AND RESOURCES. IF WE CAN GET AN EXPLANATION OF THAT BECAUSE WE HAVE PEOPLE THAT HAVE AT&T AND COMCAST TO BASICALLY WATCH CITY COUNCIL SESSIONS.

**COUNCIL MEMBER K. COCKREL, JR.:**

I have two police matters. To the Chief, I'm requesting that he investigate an anonymous complaint about alleged drug activity taking place at a BP Gas Station located on Greenfield Rd. and the Lodge Freeway. In addition, as it relates to legalization of marijuana, we haven't heard from the Police Department on their position relative to that, so I have some specific questions that I would like to submit.

**COUNCIL MEMBER GARY BROWN:**

I had the pleasure this weekend along with Council Member Tate to represent

this body at a Cancer Rally at Marygrove College; it certainly was a privilege to do that. This organization had a goal of raising about \$76 thousand dollars and it's my understanding that they have raised over \$90 thousand dollars for the fight against cancer. They should be commended for that. I think too often we only hear about the Karmanos Cancer Foundation and some of the smaller organizations that are doing this type of good work. I hope to be asked to come back next year.

Secondly, I've spent a full day in Washington D.C. and it was more than an eye opening; it was well worth the time. The day started out meeting with two of our Lansing Lobbyists; Bill and Nicole and I think I was more than frank with them in regards to the expectations of this body with regards to serving the legislative branch as well as the administration. They were very forthright and that was an eye opening experience and I urge all of us to have that discussion with them, if you get the time.

I also had the opportunity to meet with Chief Warren Evans along with Judy Leavey trying to determine what software will be purchased with regards to the Consent Decree, so we had a very frank discussion about a lot of issues with regards to the Police Department.

I had an opportunity to meet and talk with Congressman Dingell at the Airport and he had words of encouragement for the whole body; he thought that we were doing a great job. I've met with Congresswoman Kilpatrick staff along with Congressman Conyers staff and Senator Levin's and Stabenow's staff in separate meetings.

Most importantly, I've met with the Deputy Director of the Commerce Department and a very frank discussion about funding for the City of Detroit on a lot of different levels. It was agreed that she would come to Detroit in September and I offered that this body would host a reception for her at that time in which hopefully we can discuss a lot of different issues; I'm looking forward to that. Detroit will only receive crumbs in terms of Federal dollars until we come up with regional solutions to our problems. We had a lot of discussion about dollars that have already been allocated and will be allocated in the future. We had frank discussions about how Washington, D.C. pulled a regional plan together with the State of Maryland and Virginia. If we think it is difficult trying to do it with Oakland and Macomb Counties, try to do it with two different Governors and a district Mayor; but they did it.

Re: Neighborhood Enterprise Zone Certificate Application for one housing unit within the U-SNAP-BAC Neighborhood Enterprise Zone (RECOMMEND APPROVAL).

The City Clerk's Office forwarded to our office an application from Habitat for Humanity for a Neighborhood Enterprise Zone (NEZ) Certificate for one housing unit within the U-SNAP-BAC NEZ area approved by the Detroit City Council in July 1997.

The address for the certificate is at 4421 Maryland. Habitat for Humanity is proposing to construct a new single-family house.

The house is proposed to be built on Maryland Avenue between Voight and Waveney Avenues. The property involved is confirmed as being within the boundaries of the U-SNAP-BAC NEZ. Based on the above analysis, CPC staff recommends approval of the subject NEZ certificate.

Honorable City Council:

Re: Neighborhood Enterprise Zone Certificate Application for 4429 Maryland within the U-SNAP-BAC Neighborhood Enterprise Zone (RECOMMEND APPROVAL).

The City Clerk's Office forwarded to this office an application for a Neighborhood Enterprise Zone (NEZ) certificate at 4429 Maryland.

The subject house is located on the west side of Maryland between Voight and Waveney Avenues. City Planning Commission staff's research indicates that the above property is within the boundaries of the U-SNAP-BAC NEZ, which was approved by City Council in July 1997.

The petitioner is proposing to spend over \$82,000 to rehabilitate a single-family home on the subject property. It appears the true cash value of the property is

about \$32,300, less than the \$80,000 per unit maximum allowed under the NEZ Act.

Based on the above analysis, CPC staff recommends approval of the subject NEZ certificate. Please contact us should you have any questions.

Honorable City Council:

Re: Margaret Ray vs. City of Detroit. Case No.: 09-016189 NO. File No.: A19000.003655 (SH).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Twenty-One Thousand Dollars and No Cents (\$21,000.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Twenty-One Thousand Dollars and No Cents (\$21,000.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Varjabedian Attorneys, her attorneys, and Margaret Ray, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 09-016189 NO, approved by the Law Department.

**City Planning Commission**

June 10, 2010

Honorable City Council:

Re: Request of MGM Grand Detroit to repeal Ordinance No. 35-98 by showing a B5 (Major Business District) zoning classification wheren an abandoned PD (Planned Development) zoning classification is currently shown on properties located at 1300 John C. Lodge, 1351 Third Street, and 811 Abbott Street, generally bounded by the John C. Lodge Service Drive, the IRS Data Center, Third Street, and Howard Avenue (Recommend Approval) Ordinance attached. (Introduced & set Public Hearing).

**NATURE OF REQUEST**

Dickinson Wright, on behalf of its client MGM Grand Detroit (MGM), has requested that the properties located at 1300 John C. Lodge, 1351 Third Street, and 811 Abbott Street, generally bounded by the John C. Lodge Service Drive, the IRS Data Center, Third Street, and Howard Avenue (please note that the parcel bounded by Abbott Street, Third Street, the Lodge Freeway, and Abbott Street was inadvertently left off the public hearing notice map) be rezoned. The property is currently zoned PD (Planned Development), and is occupied by the former MGM temporary casino building and related parking.

The site is presently unused, as MGM has moved to its current site, and so the PD is deemed "abandoned." Sec. 61-3-98 of the Detroit Zoning Ordinance requires that on the abandonment of a project approved as a planned development, "the City Council shall act to rezone the property to the zoning district classification which existed immediately prior to the time of the rezoning to planned development, or to another zoning district classification as deemed appropriate." The zoning classification in effect prior to ordinance No. 35-98 being approved, which rezoned the site, is B5 (Major Business District), and rezoning the property to this classification seems appropriate.

**SURROUNDING ZONING AND LAND USES**

To the west: John C. Lodge Freeway, with the former State of Michigan Plaza Building (B5), parking (B5) and a church (B6) across the Freeway.

To the east: B5, offices and a Public Lighting Commission Sub-station.

To the south: B5, surface parking.

To the north: B5, IRS building.

**MASTER PLAN**

The Master Plan future land use designation for this area is "MC," Major Commercial. This Master Plan designation is appropriate for the proposed zoning classification.

**PUBLIC HEARING RESULT**

At the April 15, 2010 meeting of the City Planning Commission (CPC), a hearing on this matter was held. No members of the public spoke.

**ANALYSIS**

The proposed reversion of the current PD zoning to the previous B5 zoning classification is warranted. The development approved as part of the PD zoning is clearly abandoned, and the current PD prohibits any use other than a temporary casino, which is prohibited from locating at the site, as only three (3) are allowed in the City. The rezoning will allow the sale and reuse of the site for any of the 84 by-right and 38 conditional uses permitted in the B5 zoning classification.

**RECOMMENDATION**

The CPC took action to recommend approval of this matter at its April 15, 2010 meeting. The rezoning is both required as the PD has been deemed "abandoned" and is necessary for any reuse of the land. The previous B5 zoning district is appropriate for the site.

Honorable City Council:

Re: Address: 759 Burlingame. Name: Ronald E. Bridges. Date ordered removed: June 2, 2009 (J.C.C. page 1207).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on May 7, 2010 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of May 3, 2010.

The proposed use of the property is rehabilitation and rental.

This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
KARLA HENDERSON  
Director

**Budget Department**

June 28, 2010

Honorable City Council:

Re: 2010-2011 Budget Amendment.

The adopted Fiscal Year 2010-11 included cuts in several departments that will impact services provided to citizens.

The city has continued negotiations with DTE for release of the GDRRA escrow and has reached an agreement that will provide \$20 million in additional revenue for Fiscal Year 2009-10. This revenue will reduce the Prior Year Deficit included in the Fiscal Year 2010-11.

We therefore request that your Honorable Body adopt the attached resolution to reduce the Prior Year Deficit by \$17.8 million and restore funding in appropriations for Police, Fire, General Services, ITS, Human Resources, Planning and Development, Health and Wellness, Department of Administrative Hearings, Recreation and Cable Commission.

By restoring funding to these appropriations, the departments will be able to fulfill their mission to provide services to the City of Detroit.

STATEMENT BY COUNCIL MEMBER  
GARY BROWN REGARDING "YES"  
VOTE ON FISCAL YEAR 2010-2011  
BUDGET AMENDMENT

Today, I reluctantly voted "yes" on an amendment from the Mayor's Office to restore \$17.8 Million to the City of Detroit Fiscal Year 2010-2011 Budget. I supported my colleagues in this vote due to our commitment to hold the Administration accountable for maintaining core services while continuing to eliminate the deficit. Further, we will hold the Administration accountable when the revenues anticipated under this budget are not realized. We will expect the Administration to act swiftly with further budget amendments, so that we do not engage in deficit spending.

Throughout the entire budget process, I made my decisions based on a need to pay down the City's structural deficit and bring expenses in line with *realistic revenues*. My thought process was to deal with our financial situation through the strategy of making cuts on the front end, rather than throughout the fiscal year.

Property tax revenues continue to drop as the foreclosure crisis has yet to bottom out. Sales tax revenue has decreased 11%, which will impact our revenue sharing from the State of Michigan. We must recognize our present financial challenges that require tough decisions. We can no longer operate as if we have one million residents.

Let's be honest, Detroiters are a resilient bunch and they should hear the truth; we must continue to cut our costs!

With \$114 Million in budget cuts, citizens will experience an impact on city services.

In order to minimize the adverse impact, I urge the Administration and department heads to implement the cuts through strategic and creative decisions and restructuring how we do business in Detroit.

Core services, such as public safety was never in jeopardy due to the budget cuts. *I remain firm that not one police officer needs to be laid off* if sound management practices are utilized.

Among the steps I propose is to continue to press the Administration to seek concessions from vendors and contractors, as well as urging them to consider consolidation of purchasing agreements of commonly utilized goods and services to capture cost savings for city departments.

I will join my City Council colleagues in holding the Mayor and his Administration's feet to the fire to ensure that our finances are shored up in the months to come.

**RESOLUTION OPPOSING THE  
CLOSURE OF VARIOUS PARKS AND  
RECREATIONAL CENTERS**

By Council President Pugh:

Whereas, Due to its weakened financial condition, for the past several years, the City of Detroit has found it necessary to close parks and recreation facilities throughout the City; and

Whereas, During the most recent budget cycle, the Administration—followed by the City Council—found it necessary to further reduce the Recreation Department budget, thus accentuating the desperate impact such cuts have on the City's senior citizens and youth; and

Whereas, Despite the already dwindling recreational opportunities in the City of Detroit, the Administration has indicated that it plans to close 77 (seventy-seven) parks within the City, in addition to the previously announced facility closures—including the Joseph Walker Williams Center; and

Whereas, There are very few, if any, neighborhoods within the City that will not be adversely effected by the closures considering the 77 parks are spread across the City, and the planned closures include two of the City's largest and most popular parks—Palmer Park and Rouge Park; and

Whereas, The closures, which are slated for the beginning of the city's fiscal year on July 1, 2010, are to be implemented at the height of the recreational season and will likely devastate many communities' and families' summer recreational plans within the city limits, including but not limited to, planned family reunions, picnics and sporting events; and

Whereas, Members of the community are vehemently opposed to the proposed closures and, in fact, community meetings and demonstrations are planned to make community opposition known loudly and clearly; and

Whereas, At the start of the City's fiscal year, the Recreation Department has access to its entire annual budget allocation and is therefore not without sufficient time and funding to maintain park services during this summer season and to explore alternatives to closures; and

Whereas, City Council has repeatedly invited the Mayor to propose budget amendments to avoid severe cuts to services, and further if the Administration's anticipated revenue projections are correct budget amendments can alleviate departmental shortfalls later in the year; and

Whereas, Wholesale closure of City parks can also be avoided by creative solutions such as an "adopt-a-park" program allowing community groups, businesses, or sports teams to step up to care for and maintain individual parks; and

Whereas, The Bing Administration's

announced plan for the park closures reportedly involves barricading the parking lots removing trash bins, suspending all grounds and other maintenance of play structures and equipment, and terminating programming; and

Whereas, The influx of large amounts of unmaintained vacant land could serve to exacerbate the illegal dumping problem with which Detroit is unfortunately faced, and may further strain the resources of the Detroit Police Department's by creating a haven for other illegal activities; and

Whereas, The projected savings associated with the closing of these parks are likely to be negatively offset by increased blight and crime as well as the further deterioration of quality of life for City residents; and

Whereas, The closure plan serves to undermine the time energy, and resources the City of Detroit has expended and continues to expend, to halt the hemorrhaging of residents and businesses from the City; and

Whereas, It is unclear whether the Administration has evaluated the legal consequences of this closure plan that can be interpreted as abandonment of 77 City parks, many of which may be subject to deed restrictions from the grantors of the property that may result in the loss of the property outright, or other use restrictions and/or repayment provisions associated with the acceptance of federal or county funds for improvement of the parks; Now, Therefore Be It

Resolved, That the Detroit City Council strongly urges the Mayor to reconsider his announced plan to close 77 city parks and additional recreation centers — including Palmer Park, Rouge Park, and the Joseph Walker Williams Center — and to, at the very least, delay the closures until alternative means of providing these essential services can be properly explored; Be It Further

Resolved, That the City Clerk forward this resolution to Mayor Dave Bing and the Recreation Department.

Adopted as follows:

Yeas — Council Members Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 8.

Nays — Council Member Brown — 1.

**Nsombe Famodu** — informed the City Council that Njere Akosua Aminah Alghanee, community activist for many years in the City of Detroit, was killed in an automobile accident after leaving the U.S. Social Forum held in Detroit last week en route to New Orleans. She asked that Council keep the family in its prayers.

**Katrice Robinson, Vice President, Midwest Civic Council (no card)** — addressed City Council concerning her outrage that whenever something has to be cut, they discuss parks, police department fire department and EMS. She feels these entities are vital to the survival of our community and never should be placed on the chopping block. In addition, she complained about the water rate hike and feels that anyone who works in the city should live in the city. Lastly, she addressed Council concerning a proposal submitted by her organization last year relative to the community being given the opportunity to purchase vacant lots for one dollar. (The matter was referred to the City Planning Commission.)

**Larcinia Fields** — addressed City Council concerning poor visibility at intersections due to overgrown grass and weeds in the areas of Majestic/Diversity and Burnette/Majestic.

**Deborah Brown** — addressed City Council with concerns that children are hanging out in an abandoned house next door to her home. In addition, there is a sink hole on Majestic Street between Prairie and American hidden by over-

grown grass and weeds. (The matter was referred to the Public Health and Safety Standing Committee.)

**Orelia Kimball** — addressed City Council concerning a vacant house at 7400 Burnett (corner of Majestic). The debris from the burnt out garage is now blocking the alley. In addition the grass on the side street of Majestic and Burnette is at least eight inches long (the matter was referred to Council President Pugh's constituent relations person.)

**Orelia Kimball** — addressed City Council concerning a vacant house at 7400 Burnett (corner of Majestic). The debris from the burnt out garage is now blocking the alley. In addition, the grass on the side street of Majestic and Burnette is at least eight inches long. (The matter was referred to Council President Pugh's constituent relations person.)

**Rebecca Lockridge** — addressed City Council concerning vacant houses on each side of her home (7248 and 7262) have overgrown weeds in the backyards; there are tall weeds on Prairie at Diversey that obstruct the view of drivers; and there is miscellaneous bulk and debris in the area of 7233 Prairie. This location was cleared by the city earlier this month, but the illegal dumping continued.

**Student Council Members from Timbuktu Academy (Diallo Smith, La'Kyrra Magee, Monique Caldwell, Sherise Hedgespeth, Jazmen Hall)** — addressed City Council concerning dangerous structures near the academy. They provided a listing of addresses and pictures, and asked that removal of these structures be expedited. (The matter was referred to the Public Health and Safety Standing Committee.)

**Marzet Williams** — addressed City Council concerning the administration's decision to close Williams Recreation Center.

**Reginald D. Amos** — addressed City Council concerning what he views as failed leadership in the Fire Department. Mr. Amos is requesting that the City Council does whatever they can to see that the Fire Department leadership team be removed. In his opinion they are incompetent and are costing the city money.

**Minnie Lester** — asked the City Council for clarity on the term, closure, as it relates to the closing of city parks.

**Mr. West, Board Member of Jefferson/Chalmers Citizens District Council** — addressed City Council regarding two

parks in the Jefferson/Chalmers community appearing on the list of parks slated to be closed (Mariners Park and A. B. Ford Park). In light of the fact that the budget situation will be continuing, he wanted to know what role could citizens play as volunteers to maintain these and other parks when the city is no longer able to maintain them. He asked for guidance and a plan from the City Council in terms of what citizens can do when the money has run out.

**Maude Freeman (no card), Virginia Park Citizen Service Corporation** — her organization was part of the community group that sacrificed to have the Joseph Walker Williams Recreation Center built in 1982. Ms. Freeman addressed City Council over concerns that they were notified less than a week ago that the center would be closing on July 1st. She presented Council Member Jenkins with over 1000 signatures of citizens throughout the city who are opposed to the closing.

**Sallie Patrella (no card), President of Friends of Rouge Park** — thanked City Council for passing the budget amendment. Ms. Patrella advised Council of a newly formed coalition known as the Detroit Parks Coalition. In her opinion, parks are critical to the city (the reason people move to the city and stay in the city). These organizations would like to work with the City Council to garner more funds by applying for federal grants and also with getting more community involvement.

**Ms. Johnson (no card)** — addressed City Council concerning a dead tree on her property that has fallen on top of her house. She is low income, and she is seeking Council's assistance with having the tree removed (The matter was referred to Council President Pugh's constituent relations person and the Mayor's Office Representative.)

**Joyce Moore** — addressed City Council with concerns that her home is in foreclosure due to unpaid county taxes. Ms. Moore's understanding is that the city has the option of buying foreclosed properties and then selling them back to the citizens on land contract, and that there are federal funds available to assist (The matter was referred to the Planning and Economic Development Standing Committee.)

**Helen Moore** — addressed City Council concerning the Detroit Board of Education. She feels that the media is not being honest about what is going on there. In her opinion, they have contrived to take the school system away. The same people who did it before are involved.

**Alma Clark** — addressed City Council concerning her business, Mary's Corner Resale Shop. She alleges that two City of Detroit inspectors are constantly harassing her. Ms. Clark feels this is only occurring due to prejudice concerning her business (two black women with a business). There are items sitting at the curb of new stores and used stores throughout the area, as well as people grilling on sidewalks and at the curb. She has simply placed items on her lot (umbrella to use as protection from the sun), and seems to be the only one being ticketed. (The matter was referred to Mayor's Office Representative.)

**Robert Brown, Board Member of the Detroit Eagles Athletic Club** — addressed City Council concerning the proposed leasing of South Singer Park (sp). The organization adopted South Singer Park 13 years ago they take care of the park at no expense to the city and would like to continue to do that. They are requesting that the city grant them a 100-year lease for one dollar, and they will continue to take care of the park.

**Bill McMasters, Taxpayers United** — addressed City Council concerning the blocking of Elijah Howell Park development project from going forward. Finance Director  
City of Detroit  
Coleman A. Young Municipal Center  
2 Woodward Avenue  
Detroit, Michigan 48226-3413  
Dear City of Detroit:

We have received an audit report from your local unit, which indicates a deficit balance in one or more funds as follows:

<b>Fund</b>	<b>Amount</b>	<b>Source of Information</b>
General Fund	\$331,925,012	Audited Financial Statements 6/30/09, p. 33

According to MCL 141.921 and Attorney General Opinion No. 6154, if a local unit of government ends its fiscal year in a deficit condition, the local unit of government shall formulate and file a financial plan with the Department of Treasury within 90 days after the beginning of the fiscal year to correct the deficit. The local unit of government shall file the financial plan with the Department of Treasury for evaluation and certification to ensure the correction of the deficit condition. Upon certification by the Department of Treasury, the local unit shall institute the plan.

Your deficit elimination plan is due within 30 days from the date of this letter. If the deficit elimination plan is not filed within that 30-day time period, we will recommend that 25% of your State-Shared Revenue be withheld pursuant to MCL 141.921(2). The plan should identify exactly how the deficit is to be eliminated.

The following are acceptable evidence to support a plan:

1. Certified copies of board/council resolutions (describing funds and amounts) approving additional appropriations sufficient to eliminate the deficit and a copy of the journal entry that shows that the transfer has been made or a trial balance.

2. Projected budget approved by the legislative body as evidenced by a certified resolution itemizing yearly revenues by source, expenditures/expenses by activity, and changes in the fund balance/retained earnings through the year of the deficit’s eventual elimination. There is a five-year limit for an approved plan; the plan must be amended if the deficit increases or the plan is not otherwise followed.

After receiving your plan, we will notify you in writing if additional information is needed or that your plan has been certified. If you have any questions or concerns, please do not hesitate to contact Gene Arlt at (517) 241-4234. Our mailing address is Michigan Department of Treasury, Local Audit and Finance Division, P.O. Box 30728, Lansing, MI 48909-8228.

**Deficit Elimination Plan**

In accordance with Public Act 140 of 1971, a local unit of government ending its fiscal year in a deficit condition shall formulate and file a deficit elimination plan with the Department of Treasury within 90 days after the beginning of the next fiscal year to correct the condition.

A deficit condition is defined as a fund where the total expenditure for that fund, including an accrued deficit, exceeds total revenues in that fund for the fiscal year. General Plan Requirements:

- The deficit elimination plan must be approved by the legislative body of the local unit of government and a copy of the resolution must accompany the plan when filed with the Department of Treasury.
  - A plan generally should be for one year, but in no case longer than five years.
  - An audit firm hired by the local unit of government may provide advice; however, it cannot issue a deficit elimination plan.
  - Once approved, the local unit will receive a signed certification letter.
- Acceptable Plan Documentation:
- Current trial balances or interim financial statements showing the deficit eliminated.
  - Certified copies of board/council resolutions approving operating transfers and a copy of the transfer being made.
  - A projected budget approved by the legislative body, itemizing yearly revenues

(by source), expenditures/expenses (by activity), and changes in the fund balance deficit until eliminated (usually a five year limit).

- For a tax increment finance or down-town development authority, the ordinance or plan approving their existence is acceptable if it shows the flow of revenues and the priority of expenditures that would support the deficit elimination plan.

- The municipality must provide some evidence that long-term receivables, regardless of type, are for a period longer than 5 years. The resolution or other legal document (assessment contract) that creates the receivable would suffice.

**It is extremely important to show the details for all revenue enhancements and likewise for all expenditure cuts. To be considered for approval, a plan must be substantive, quantifiable and realistic.**

## Law Department

June 29, 2010

Honorable City Council:

Re: Revised Report for Petition Number 3797 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance Permit to Club Cartier, Inc., for a Class "C" Licensed Establishment at 8122-8124 Fullerton.

### BACKGROUND

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(6)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to the Detroit City Council a Local Approval Notice, Request ID Number 515061, which has been designated by the City Clerk as Petition Number 3797. This Local Approval Notice requests City Council approval or disapproval of a request by Club Cartier, Inc., ("Permit Applicant") for the issuance of a new dance permit in conjunction with a Class "C" liquor license at 8122-8124 Fullerton.

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be processed the same as a petition received after the effective date.

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report, dated March 8, 2010, has been mailed to the Permit Applicant.

In a report to the Detroit City Council, dated March 24, 2010, the Law Department stated that the Permit Applicant had failed to meet four (4) of the approval criteria contained in Part VI of the Procedures and Criteria. Due to these deficiencies, the Law Department recommended that this Body deny the request

for approval of the issuance of a new dance permit by the MLCC for the location. Upon the appearance of the Permit Applicant at the Planning and Economic Development Standing Committee's meeting on April 22, 2010, this Standing Committee directed that the petition be brought back for further consideration in forty-five (45) days. During this time period, the Permit Applicant was in contact with the appropriate City departments in an effort to resolve the deficiencies cited in the reports submitted by the Coordinator and the Law Department. However, on June 16, 2010, the Permit Applicant advised the Law Department that a fire had occurred at an adjacent retail business which had caused heat, smoke, and water damage at the premises of the Permit Applicant. In an inspection report, dated June 4, 2010, the B & SE Electrical Division indicated that there were multiple violations at the business location due to the aforementioned fire incident and that other uncorrected violations existed. Further, the inspection report indicates that an additional inspection of the location will be necessary after the appropriate permits for work are obtained and the repairs are completed. The Permit Applicant has indicated that the business is now temporary closed because of the fire at the location.

### APPROVAL CRITERIA

Notwithstanding the efforts of the Permit Applicant, the Permit Applicant has not met the requirements of Approval Criterion No. 9 of the Procedures and Criteria, which requires that there not be any outstanding violations under the purview of the B & SE related to the subject premises. Specifically, as indicated in the B & SE inspection report, dated June 4, 2010, violations exist at the location and repairs and inspections are necessary as a result of the recent fire at the location. Therefore, the Permit Applicant does not meet the requirement of Approval Criterion No. 9 of the Procedures and Criteria concerning outstanding violations at the location.

Also, in addition to the violations specified in the June 4, 2010 B & SE inspection report, the reports from the Coordinator and Law Department had indicated that the Permit Applicant had failed to meet three (3) of the other approval criteria contained in Part VI of the Procedures and Criteria. However, the Permit Applicant has provided the Law Department a copy of a Certificate of Compliance, issued on May 12, 2010, which indicates B & SE approval of the use of the location as a cabaret. Therefore, the Permit Applicant is compliant with the Detroit Zoning Ordinance and meets the requirements of Approval Criterion No. 4 of the Procedures and Criteria. Also, the Permit Applicant has presented a copy of a property tax

receipt in the amount of one thousand one hundred five dollars and five cents (\$1,105.05) for 8122-8124 Fullerton. Therefore, the Permit Applicant has met the requirements of Approval Criterion No. 8 of the Procedures and Criteria, which requires that the Permit Applicant have a real estate tax clearance for the location. Further, a review of information submitted to the Law Department reveals that the Permit Applicant has paid the Department of Health and Wellness Promotion ("DHWP") one thousand three hundred and seventy dollars (\$1,370) in past due annual license fees, including late fees, and had been approved by the DHWP to resume food service operations at the location. Therefore the Permit Applicant has met the requirements of Approval Criterion No. 10, which requires that there not be any unpaid fees under the purview of the DHWP related to the subject premises. As such, these three deficiencies in the approval criteria are not presently at issue.

#### **RECOMMENDATION**

Due to the fact that their are outstanding violations under the purview of the B & SE at the location, including violations that arose as a result of the fire at the location, which support a determination that the Permit Applicant has not met all of the approved criteria contained in Part VI of the Procedures and Criteria, and due to the need for additional repairs and inspections at the location, attached is a proposed resolution disapproving the issuance of a new dance permit by the MLCC to Club Cartier, Inc., for 8122-8124 Fullerton. Further, the Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
 KRYSTAL A. CRITTENDON

Corporation Counsel

### City Planning Commission

June 23, 2010

Honorable City Council:

Re: Request of the Salvation Army Detroit Headquarters to amend Article XVII, Map No. 44 of Chapter 61 of the 1984 Detroit City Code, Zoning, to show a PD (Planned Development District) zoning classification where an R2 (Two-Family Residential District) zoning classification presently exists (Recommend Approval).

### CONCLUSIONS AND RECOMMENDATION

The City Planning Commission (CPC) had several questions regarding this new proposed development based on a previous rezoning request by the Salvation Army (SA) for the same site. CPC concluded from its analysis of existing land uses in the area and the compatibility of the proposed rezoning with the Master Plan of Policies and approval criteria of Sec. 61-3-80 and Sec. 61-3-96 of the Zoning Ordinance to accept the CPC staff recommendation of approval of the proposed rezoning.

#### REQUEST

The Salvation Army Detroit Headquarters is requesting to amend Article XVII, Map No. 44 of Chapter 61 of the 1984 Detroit City Code, Zoning, to show a PD (Planned Development District) zoning classification where an R2 (Two-Family Residential District) zoning classification presently exists. The property is bounded by Selden Avenue on the north, Magnolia Avenue on the south, 18th Street on the east, and Lawton Avenue on the west. The CPC staff was made aware that there was an additional claim of a verbal commitment to ownership of a portion of the subject parcel; however, the SA submitted documentation refuting any additional claims of ownership from a non-litigation standpoint.

#### PROPOSED DEVELOPMENT

The new request is for a transitional housing facility that provides 72 beds for honorably discharged homeless veterans, who may or may not have a substance abuse problem. As a land use, this transitional housing would be classified as "Single-room occupancy (SRO) housing, nonprofit" (Sec. 61-16-173). Those who have a substance abuse problem will have been through, or will be going through, treatment at the VA (Veterans Administration) Hospital. The program is designed to increase life skills and promote greater self determination. The program will provide for a typical stay of twelve to eighteen months. Participants will live in a two-person room and the stay will allow participants to gain stability and address other immediate needs. The Veterans Administration will be responsible for evaluating and monitoring all residents and ensure their compliance with the strict requirements of the program.

On the subject parcel there is an existing storage/warehouse building that will remain as a non-residential part of the PD plan provided it is used only in conjunction with the nearby institutional uses. The Salvation Army has in the past used the building to store items used in disaster relief efforts and for SA vehicles.

#### ANALYSIS

In reviewing the PD approval criteria specified in Sec. 61-3-96 of the Zoning Ordinance, the developer appears to have

satisfied all but possibly one of the eight approval criteria identified: Criteria (3), "Whether proposed amendment will protect the health, safety, and general welfare of the public." The residents have major concerns regarding the fact that veterans who have been trained for war, and now have additional problems, will be allowed to go in and out of the community, which may, according to the residents' testimony, endanger the safety of residents.

The VA spokesperson however refuted this concern on several fronts:

1. There have not been any acts of violence committed by any of the veterans under their control in any existing transitional housing facilities.

2. The residents in this facility will be monitored and any violation of policy will result in being discharged from the facility.

3. Veterans entering into the facility will have had an evaluation and will not be in the program if deemed dangerous.

As it relates to the community's concerns regarding a detrimental effect on any new housing in the area, we believe that this parcel is buffered by the surrounding land uses from the existing residential and is an extension of the Salvation Army's existing campus to the west which has similar uses. There is an institutional use to the south and north and commercial use to the east. Also with the proposed closing of the Catherine Ferguson Academy building, which will definitely have a negative effect on the neighborhood, an infusion of \$4,063,140 in SA's new facility will more likely have a positive effect as long as it is run according to proposed specifications.

Additionally, the University of Detroit Mercy Dental School, in cooperation with the Salvation Army, is creating a Community Advisory Board for the area, and residents can become involved in this group to address any future concerns associated with this project.

The CPC also considered in its deliberation a conversation with the party from whom the Salvation Army is purchasing the property, the seller has only one entity that he wants the parcel to go to and that is the SA, because the seller is very supportive of their mission, and there is no desire by the seller to build housing on the site.

#### **PUBLIC HEARING RESULTS AND COMMUNITY ISSUES**

At the February 18, 2010 public hearing before the Commission, no residents attended to speak in opposition or support of the proposed rezoning. After the CPC public hearing, CPC staff was directed to hold a meeting in the community. Two community meetings were held at St. James Church in the neighborhood, in which there were over 30 residents. After hearing the presentation by the Salvation Army and asking questions, most of those

present were in opposition to the proposed development. Written correspondences were also received by the Commission in opposition. Some of the issues expressed were that the veterans will have alcohol and drug problems. There were also residents who continue to feel that more single-family residential development was what was needed in the area and that this project would have a detrimental effect on further redevelopment of this area. In the past several years, two non-profit organizations have built new homes immediately east of the proposed development.

An additional reason was the hope that the area would be revitalized by non-profit organizations, who would like to build new single-family and multi-family units in the area and the residents feel that the proposed facility would have a chilling effect on any new development of this type. They felt the land should remain R2 to allow for future revitalization of the area. Another suggestion was that the Salvation Army add an addition to their existing structures on their campus to accommodate the transitional housing or build a facility for another use more favorable to the community, such as day care, a job training facility, etc.

#### **MASTER PLAN**

The subject site is located within Cluster 4, Jeffries Neighborhood Area of the Detroit Master Plan of Policies. The Recommended Future General Land Use map indicates "Institutional" for the subject area. The Planning and Development Department submitted a letter in February, 2010 indicating the proposed facility would be consistent with the Master Plan of Policies.

#### **RECOMMENDATION**

Therefore, on April 15th the City Planning Commission supported the staff recommendation of approval of this rezoning based on the provisions of Secs. 61-3-80 and 61-3-96 of the Detroit Zoning Ordinance.

**City Planning Commission**

June 23, 2010

Honorable City Council:

Re: Recommendations for eleven (11) appointments to the Citizen Review Committee (Recommend Appointments).

There are currently eight members of the Citizen Review Committee (CRC), and the terms of each have expired, or will expire, by June 30, 2010. City Planning Commission (CPC) staff has contacted the current members and six of the eight have expressed a desire to continue to serve on the committee. The members who desire to be reappointed are Brenda Goss Andrews, Juanita Hernandez, Sister Eileen Lantzy, Tracey Marks, Sofia Moore, and Ava R. Tinsley. The Commission is recommending that these six members be reappointed for another three-year term on the committee.

The maximum number of members for the CPC is eleven. If the six current members are reappointed, the five remaining vacancies are for three-year appointive terms that will expire on June 30, 2013. The CPC has interviewed candidates and is nominating five persons to fill these vacancies.

The staff of the CPC solicited applications through a citywide mailing, and by the June 11, 2010 submission deadline received a total of 38 applications. CPC staff reviewed these applications and selected 10 candidates to be interviewed by the Commission. The remaining 28 applicants were ineligible for one or more reasons and/or unable to meet the expectations of service.

The City Planning Commission interviewed seven persons at the June 17,

2010 Commission meeting. Of the ten identified candidates, one withdrew from consideration and two others were unable to attend the interview. Upon completion of the interviews, the Commission voted and subsequently recommended that candidates Paul S. Jones, Jr., Cassandra Pettway, Althea D. Sauls, John Stovall, and George W. Turner be appointed to serve for three-year terms ending June 30, 2013. The City Planning Commission also voted and recommended that incumbents Brenda Goss Andrews, Juanita Hernandez, Sister Eileen Lantzy, Tracey Marks, Sofia Moore, and Ava R. Tinsley each be reappointed to each serve for three-year terms ending on June 30, 2013.

Below please find the names and addresses of those persons being presented to comprise the Citizen Review Committee for the 2010-2011 review:

- Brenda Goss Andrews, 18965 Muirland, has completed her fifth term on the CRC and has been a member since 1993.
- Juanita Hernandez, 6527 Vaughan, has completed her fifth term on the CRC and has been a member since 1993.
- Sister Eileen Lantzy, 9200 W. Vernor, #144, has completed her first term on the CRC and has been a member since 2006.
- Tracey Marks, 2990 West Grand Blvd., has completed two terms on the CRC and has been a member since 2003.
- Sofia Moore, 5529 Cranshaw, has completed her first term on the CRC and has been a member since 2007.
- Ava Tinsley, 7821 E. Lafayette, has completed her first term on the CRC and has been a member since 2007.
- Paul S. Jones, Jr., 12669 Wyoming, is a new applicant.
- Cassandra Pettway, 20011 Whitcomb, is a new applicant.
- Althea D. Sauls, 12856 Longacre, is a new applicant.
- John Stovall, 18228 Sorrento, is a new applicant.
- George W. Turner, 12675 Manor, is a new applicant.

**RECOMMENDATION**

The City Planning Commission recommends that Brenda Goss Andrews, Juanita Hernandez, Sister Eileen Lantzy, Tracey Marks, Sofia Moore, and Ava R. Tinsley each be reappointed to each serve for three-year terms ending on June 30, 2013. the Commission is also recommending that Paul S. Jones, Jr., Cassandra Pettway, Althea D. Sauls, John Stovall, and George W. Turner be appointed to serve for three-year terms ending June 30, 2013. The appropriate resolution will be provided later.

Subsequent to the Commission's action, CPC staff realized that provision should have been made for the staggering of terms in order to avoid the expira-

tion of the terms of all members at the same time. CPC staff therefore suggests that Council consider some variance from the Commission's recommendation and direct staff to address this concern by staggering the terms of these appointments.

SPECIAL PRIVILEGE**

**TESTIMONIAL RESOLUTION  
FOR  
ANTONIO GATES  
NFL All-Pro Tight End for the  
San Diego Chargers**

By COUNCIL MEMBER K. COCKREL, JR.:

WHEREAS, Antonio Gates is a native Detroit born on June 18, 1980 and proud graduate of Central High School where he was an all-star athlete in two sports, basketball and football. Antonio decided to pursue his dream of being a professional athlete at Kent State University. Given his size, athleticism, soft hands, and scoring touch, Antonio decided to focus his athletic talents on college basketball, where #44 led the Kent State Golden Flashes to a level of excellence ever before attained by that program; and

WHEREAS, With teammates Trevor Huffman, Andrew Mitchell, and Demetric Shaw, Antonio Gates led Kent State University to its first regular season Mid American Conference (MAC) title in school history. The 2001-02 Kent State basketball team posted a nearly perfect record (17-1) in the MAC, and won a bid to the NCAA Tournament. In the NCAA Tournament, Antonio Gates led his teammates to improbable victories over three top-25 opponents: No. 20 Oklahoma State (69-61), No. 8 Alabama (71-58) and No. 7 Pittsburgh (78-73), progressing all the way to the Elite Eight. The Golden Flashes also set two MAC Basketball records, winning a record 21 consecutive games in conference and 30 overall victories. Kent State finished ranked 12th in the final ESPN/USA today Coaches poll; and

WHEREAS, Antonio Gates completed his basketball career in 2003 by earning Honorable Mention All-American Honors from the Associated Press, averaging 20.6 points per game. He set a school record with 640 total points as a senior, but realized that his 6'4" size was too short to play power forward in the NBA, and his 260 pounds was not suited to the positions of small forward or guard. Although Antonio has not played a football since his senior year at Central High, his mobility and strength caught the attention of the San Diego Chargers, where he signed as an undrafted rookie; and

WHEREAS, Antonio Gates has emerged as the greatest scouting coup in Chargers history and one of the greatest in NFL history. This former undrafted rookie free agent has emerged as the premier player at the position of Tight End in the National Football League. In his first 7 NFL seasons, Antonio Gates has been an All-Pro selection six times, and a three-time first team Pro Bowl selection. Antonio Gates has career statistics of 479 recep-

tions, 6,223 yards, and 59 receiving touchdowns; and

WHEREAS, Antonio Gates has won the admiration and acclaim from fans, the media, and the community for his accomplishments on the field and beyond it, being an exemplary role model as a professional football player, a philanthropist, and a community leader. Antonio was elected to the NFL All Decade Team for the 2000's, had his jersey #44 retired by Kent State University and was enshrined in the Centennial Varsity "K" Hall of Fame, and has represented a positive and polished media role model. Antonio's megawatt smile and pleasant demeanor has graced the print and broadcast media — from The Late Late Show with Craig Ferguson, The Best Damn Sports Show Period, FHM and Sports Illustrated. he was also featured as a 2008 Essence Do Right Man, which showcased his advocacy and giving on behalf of charitable organizations; NOW, THEREFORE BE IT

RESOLVED, That the Honorable Members of the Detroit City Council hereby praise and proclaim the exceptional athletic and community service contributions of Antonio Gates, who has modeled standards of professional, Philanthropic, and personal excellence in his conduct, and serves as an authentic **role and real model** for all of Detroit's young men who aspire to better themselves and their community.

#### PUBLIC COMMENTS

Cheryl Todd spoke regarding a contract with City of Detroit through a Nuisance Abatement Program. She received a title

to a home and taxes were due on the property. She honored her part of the contract but the City of Detroit has not. She provided Council with a memo outlining the contract and problems with the program.

**President Pugh:** Research Analysis Division will receive a copy of your memo and this matter will be referred to Budget, Finance and Audit Standing Committee.

Valerie Burris spoke regarding the Stahelin Street Tiger's Block Club and Edwin B. Heckett(sp) Memorial Park. She is requesting information from the Charter on the authority of General Services and the Recreation Department and on the responsibility of each department. She was told that Recreation does not have any power over the parks.

Mother Ruedell D. Holmes prayed for the Council and the City of Detroit.

Harry Warner, President of Waterfront Petroleum spoke regarding Contract No. 2819633. The Waterfront Petroleum — We have been the supplier for most of the energy that the City buys for over 25 years as the low bid supplier in fuel and the last five years natural gas. We participated in a request for qualifications in 2008. There were four respondents to that request for qualifications. We were told the process was moving forward but it was not time for us to participate in it. In February of this year, we had a meeting with the new director of that department and he said we would get to that in mid June or July, get ready to bid then. To our surprise, a contract came before City Council with a "no bid" process with DTE for \$155 million dollars. We want an opportunity to bid on this. There has not been a bid process; there has only been a request for qualifications. We have saved the City \$37 million dollars over five years on natural gas verses what Michcon, a DTE company, bid. I hope we get a chance to participate in the process.

**Brownfield Redevelopment Authority**

July 1, 2010

Honorable City Council:

Re: Free Press Building Brownfield Redevelopment.

The enclosed Brownfield Plan for the Free Press Building Redevelopment Project (the "Plan") (Exhibit A), submitted

by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA on June 25, 2010 to solicit public comments. At its June 16, 2010 meeting, the CAC considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the DBRA.

On June 30, 2010, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

Free Press Holdings, LLC is the project developer (the "Developer"). The Plan entails the complete redevelopment of the former Detroit Free Press offices and printing facility into a mixed-use retail, commercial and residential complex. There will be 140 market-rate apartments on floors three through thirteen with retail, restaurant and office space on the first two floors. The fourteenth floor will have a health club and meeting rooms and the Plan will include three levels of basement parking. Total investment for this Plan will exceed \$70,000,000.

On February 23, 2010, the Developer received an invitation letter from the MEDC for a 20% Michigan Business Tax (the "MBT") credit of \$9,807,532 on an eligible investment of \$49,037,661. The Developer is also requesting Tax Increment Financing (TIF) reimbursement of \$440,903.

**Property Subject to the Plan**

The Property comprising the Plan consists of two parcels located at 300-320 Fort Street and 321 W. Lafayette Avenue generally bounded by W. Lafayette Blvd. to the north, Washington Blvd. to the east, W. Fort Street to the south and Cass Avenue to the west in Detroit's Central Business District.

**Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act

381; and (c) the Property is determined to be functionally obsolete or adjacent and contiguous to a functionally obsolete parcel as defined by Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include interior demolition, lead and asbestos abatement, and brownfield plan and work plan preparation. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in the January, 2011 and eligible activities will be completed within one (1) year.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

Estimated Cost of Eligible Activities

1. Brownfield Plan Preparation	\$ 10,000.00
2. Work Plan Preparation	\$ 8,000.00
3. Lead and Asbestos Abatement	\$175,036.00
4. Demolition	\$168,867.00
5. MEGA Review Fees	\$ 1,000.00
6. 15% Contingency	\$ 51,585.00
7. Interest	26,415.00
<b>Subtotal</b>	<b>\$440,903.00</b>
8. Authority Administrative Costs	\$ 66,135.00
9. Local Site Remediation Revolving Fund	\$113,986.00
<b>Total Estimated Costs</b>	<b>\$621,024.00</b>

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. While these are projections, the estimated costs of eligible activities may exceed the anticipated tax capture. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Development Incentives

The property included in this Plan is seeking additional project support through an Obsolete Property Rehabilitation Act (OPRA) abatement and Historic Tax Credits.

At its June 16, 2010 meeting, the CAC considered and approved a resolution recommending

approval of the Plan by the Authority and City Council in the form presented by the DBRA.

On June 30, 2010, the DBRA adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Boldenaire Housing LDHA LP is the project developer (the "Developer"). The Plan entails the renovation of an existing five-story building, constructed in 1923-1924 into 46 units of affordable housing. The building will be reconstructed according to MSHDA's and Enterprise Social Investment Corporation's Green Communities standards. Total investment for this Plan is estimated at \$8,857,000.

On May 27, 2010, the Developer received an invitation letter from the MEDC for a 12.5% Michigan Business Tax (the "MBT") credit of \$653,408 on an eligible investment of \$5,227,265.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include environmental assessments, asbestos abatement, lead based paint management and inspection, and brownfield plan preparation. The eligible activities and budgeted costs are intended as part of the development of the Property and will

be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in the fall of 2010 and eligible activities will be completed by summer 2011.

Tax Increment Financing (TIF) Capture

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

The enclosed Brownfield Plan for the Kirby Center Lofts Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA on June 25, 2010 to solicit public comments. At its June 16, 2010 meeting, the CAC considered and approved a resolution recommending approval of the Plan by the DBRA and City Council in the form presented by the DBRA.

On June 30, 2010, the DBRA adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

609 East Kirby Lofts is the project developer (the "Developer"). The Plan entails the renovation of the Kirby Center Building, a vacant two-story, 20,000 square foot building into approximately 30 market-rate apartment units. The Plan also includes the demolition of an accessory structure on the northeast corner of the parcel, which will be replaced by a two-story, 8,000 square foot addition to the Kirby Center Building bringing the total size of the complex to 28,000 square feet. The majority of the units will be one-bedroom apartments but the development will also include a mix of studio and two-bedroom apartments. Amenities will include a courtyard, roof top deck, and a paved and gated surface parking lot in the adjacent parcel at 600 East Ferry. Total investment is estimated at \$6,699,806.

On April 6, 2010, the Developer received an invitation letter from the MEDC for a 20% Michigan Business Tax (the "MBT") credit of \$906,200 on an eligible investment of \$4,531,000.

Property Subject to the Plan

The Property comprising the Plan consists of two parcels located at 609 E. Kirby Street and 600 E. Ferry Street generally

bounded by a public alley to the north, the Chrysler Freeway Service Drive to the east, E. Kirby Street to the south, and St. Antoine Street to the west in Detroit's Midtown neighborhood.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be functionally obsolete or adjacent to a functionally obsolete parcel as defined by Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include demolition, site preparation, Phase I and Phase II Environmental Site Assessments, and lead and asbestos abatement. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in September of 2010 and eligible activities will be completed within (12) months.

Tax Increment Financing (TIF) Capture

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

Other Development Incentives

The property included in this Plan is seeking additional project support through an Obsolete Property Rehabilitation Act (OPRA) abatement and Historic Tax Credits.

Comments Received

The CAC's communication to the City Council and the DBRA, dated June 16, 2010 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the DBRA on June 25, 2010 are enclosed for City Council's consideration.

### Planning & Development Department

June 2, 2010

Honorable City Council:

Re: Request to extend adjacent vacant lot program.

The Planning and Development Department has been selling adjacent residential vacant lots through the "Adjacent Vacant Lot Sales Program" for the last four years in our efforts to prevent illegal Dumping and to beautify neighborhoods. Since the program's inception, the department has successfully sold 856 residential vacant lots to adjacent homeowners.

The program will expire on June 30, 2010 and the department would like to request an extension of the Adjacent Vacant Lot Program through 2010-2011 fiscal year. The same guidelines to purchase adjacent residential vacant lots remains as follows:

Eligible property must fall within the following guidelines:

- City-Owned residential lots that are not located in any designated project areas
- Lots adjacent to residential structures
- Lots will be sold on a "Cash As-Is" basis
- Sales price of each vacant lot is \$200.00 with the lot size not to exceed 45 feet front footage

Eligible guidelines for purchaser are as follows:

- Purchasers will be required to provide proof of paid property taxes and proof of adjacent ownership
- Purchaser(s) to landscape and maintain the vacant lots to enhance the adjacent property
- Split lot sale will occur in the event two adjacent owners are interested in the same lot (\$100.00 per each half-lot)

Our Department has continued to make improvements in the processing of this program, by utilizing low-cost marketing campaigns to increase the visibility of this opportunity for Detroit homeowners to buy and beautify adjacent residential vacant lot in their neighborhoods.

**City of Detroit  
Downtown Development Authority**  
July 1, 2010

Honorable City Council:

Re: Downtown Development Authority  
FY 2010-2011 Budget.

Pursuant to Article 28, Act 197, as amended, we have prepared the attached FY 2010-2011 Downtown Development Authority's (the "DDA") General Fund Budget for your approval prior to adoption by DDA.

The amount of funds available from the one mill tax for FY 2010-2011 has been estimated at \$850,000.00, net of collection delinquencies and reserves for tax settlements, reflecting a \$18,734.00 increase from the actual receipts for Fiscal Year 2009-2010. Transfer from the DDA's Tax Increment Fund of an amount of \$500,000.00 will remain level at the 2009-2010 allocation. The FY 2010-2011 budget reflects revenues of \$750,000.00 to be generated from the parking operations, representing a \$42,600.00 increase from FY 2009-2010 attributable to the stabilized revenues of the Kennedy Garage and the parking lot in the Harmonie Park area. Transfer from Fund Balance has been estimated at \$290,000.00, which is needed to offset the anticipated shortfall in revenue for FY 2010-2011.

On the appropriations side, contractual services of \$1,500,000.00, reflects no increase from last year. The budgeted amount of \$415,000.00 for professional services and fees, inclusive of a \$10,000.00 expense for Computer Support, reflects a \$9,000.00 increase from the 2009-2010 Fiscal Year. The FY 2010-2011 budgeted expenses of \$27,000.00 related to parking operations shows no change from last year's expenses. Finally, \$500,000.00 of allocated funds for Special Projects and Contingencies for FY 2010-2011 indicates no increase from last year.

We respectfully request City Council's approval of the attached budget at its July 8, 2010 formal meeting. A waiver of reconsideration is requested.

Should any member of the Council have any questions, please contact me at 237-4638.

The City of Detroit has received a grant award of \$321,221 from the U.S. Department of Homeland Security (DHS) through the 2008 Homeland Security Grant Program (HSGP) for the Metropolitan Medical Response System (MMRS) Program. MMRS funds are

intended to enhance and sustain a comprehensive regional mass casualty incident response capability available during the first crucial hours of an incident. The program prepares jurisdictions for response to all-hazard mass casualty incidents, including terrorism, naturally occurring events, and large-scale hazardous materials incidents.

The 2008 HSGP-MMRS performance period ends on May 31, 2011 and the 2008 HSGP-MMRS specifies Emergency Triage and Pre-Hospital Treatment as the single primary target capability for the 2008 MMRS Program. **RESOLUTION OPPOSING THE  
 TRANSFER OF CONTROL OF THE  
 DETROIT PUBLIC SCHOOLS TO THE  
 MAYOR OF THE CITY OF DETROIT**

By COUNCIL MEMBER WATSON:

WHEREAS, Despite strong opposition from the community, on March 26, 1999, Public Act 10 of 1999 was signed into law by former Governor John Engler allowing the Detroit School Board takeover; and

WHEREAS, The Mayor and the Governor were empowered to replace the existing elected school board with one comprised of members of their choosing; and

WHEREAS, Among other factors, the reform board was put into place in order to manage the \$1.5B bond issuance approved by Detroit voters prior to the takeover; notwithstanding the newly imposed governing structure, there were widespread allegations of financial and educational mismanagement within the Detroit Public Schools under their leadership; and

WHEREAS, The voters in the City of Detroit, after having engaged in an expensive and time consuming campaign on both sides, have already had an opportunity to articulate their desires regarding the governance of Detroit Public Schools when on November 2, 2004, Proposal E was soundly defeated, which would have given the Mayor of the City of Detroit control over the schools and would have maintained the reform school board; and

WHEREAS, The community continues to express strong and fervent opposition to any attempts at another takeover of the Detroit Public Schools which is evidenced by the proponents' recent failure to garner enough signatures to place such a question on the ballot in a timely manner despite the use of professional petition circulators. NOW THEREFORE BE IT

RESOLVED, The Detroit City Council strongly opposes placing the ballot question before the voters for the second time regarding whether the control of the

Detroit Public Schools will be transferred to the Mayor of the City of Detroit against the wishes of the residents; NOW THEREFORE BE IT FURTHER

RESOLVED, A copy of this resolution shall be forwarded to Dave Bing, Mayor; Robert Bobb, DPS Emergency Financial Manager; the Skillman Foundation; New Detroit, Inc; the Kresge Foundation and the Detroit Parent Network.

Not adopted as follows:

After City Council deliberation they amended the proposal by \$31.8 million. On June 29, 2010, City Council approved a budget amendment in the amount of \$17.8 million for the Fiscal Year 2010-11. The result of these actions is an Appropriation in the Fiscal Year 2010-11 budget for Prior Year Deficit of \$99,548,169.00.)

### FINANCE DEPARTMENT/PURCHASING DIVISION

2. Submitting reso. autho. provisions for contracts during City Council Recess from Monday, August 2, 2010 through Monday, September 6, 2010. **STATEMENT BY JOANN WATSON  
CONCERNING PROPOSED BALLOT  
INITIATIVE ADVISORY OPINION ON  
MAYORAL CONTROL OF  
DETROIT PUBLIC SCHOOLS**

Pursuant to the legal principles announced in the 1986 opinion of the Michigan Court of Appeals in the case of *Southeastern Michigan Fair Budget Coalition and Detroit City Council vs. Wayne County Elections* (copy attached) it seems to me that the issues proposed to be placed on the ballot as an advisory initiative concerning Mayoral control of Detroit Public Schools are not within the "scope of the Detroit City Charter's powers". The court pointed out that the only legal basis for Detroit City Council placing initiatives on the ballot is Section 117.4i of the Home Rule Cities Act. There the initiatives are limited to issues within the scope of the City Charters' power.

In other words, the issue of Mayoral control of public schools is legally a State, not City matter, so the issue is not a part of the City Council's authority to place advisory initiatives on the ballot.

June 11, 2010

Honorable City Council:

Re: Detroit Public Safety Headquarters — Authorization to Purchase the MGM Grand temporary casino.

The City of Detroit has the opportunity to acquire the MGM Grand temporary casino building for a new Detroit Public Safety Headquarters. The purchase price for the 400,000 square foot building, an adjoining 4-level parking deck and surface parking lot, and a 7-story parking structure, is \$6.325 million. To facilitate this purchase, MGM Grand has offered to sell the property to the City on land contract.

The building will become the new headquarters for both the Detroit Police Department and the Detroit Fire Department, and will also include a new crime lab. This reuse of a viable structure will further our on-going efforts to consolidate operations to increase efficiency while providing a state-of-the art resource for public safety use.

Attached for your consideration is a Resolution which outlines the terms of transaction and authorizes the purchase in accordance with the Purchase Agreement, Escrow Agreement, and Installment Purchase Contract (Limited Tax General Obligation) so described. Your expeditious consideration is much appreciated and wholly necessary, as the Purchase Agreement requires your approval by June 25, 2010 in order for the City to proceed.

Thank you for your prompt attention to this matter.

Respectfully,  
 DAVE BING  
 Mayor

An Authorized Officer is authorized and directed to approve of a series designation with respect to each series of Bonds.

(2) The Bonds or principal installments thereof will be subject to prepayment prior to maturity in the manner and at the times as provided in the form of the Bond contained in this Resolution or as may be approved by an Authorized Officer at the time of sale of the Bonds or by the MFA at the time of prepayment.

The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director, and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. (b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds of like tenor issued under this Resolution.

The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the City's default. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the City shall and hereby agrees to pay on demand only the City's pro rata share (as determined by the Authority) of such deficiency as additional interest on this bond.

This bond is a single, fully-registered, non-convertible bond in the principal sum of \$\_\_\_\_,000, issued pursuant to and in accordance with Act 34, Public Acts of Michigan, 2001, as amended, and Act 279, Public Acts of Michigan, 1909, as amended, Act 227, Public Acts of Michigan, 1985, as amended ("Act 227") and pursuant to and in accordance with a Resolution duly adopted by the City Council of the City on \_\_\_\_\_, 2010 and a Sale Order of the Finance Director of the City issued on \_\_\_\_\_ collectively, the "Resolution". The Bonds are issued for the purpose of financing a portion of the cost of the acquisition, construction, improvement and equipping of certain capital improvement projects in the City, paying capitalized interest and paying costs of issuance of the Bonds.

Bonds may be subject to redemption prior to maturity by the City only with the prior written consent of the Authority and on such terms as may be required by the Authority.

This Bond is payable out of the City's Debt Retirement Fund for this issue and

the City is obligated to levy annually sufficient taxes to provide for the payment of the principal of and interest on the bonds of this issue as they mature on all taxable property in the City without limitation as to rate or amount.

As additional security for the City's obligation to pay the Bonds, pursuant to Act 227 the City has pledged the payments that the City is eligible to receive from the State of Michigan under Act 140, Public Acts of Michigan, 1971, as amended ("Distributable Aid"), and certain monies in the funds and accounts established by the City with U.S. Bank National Association, as trustee (the "Trustee"), pursuant to the terms and conditions of a Master Debt Retirement Trust Indenture dated as of March 1, 2010, between the City and the Trustee as supplemented by a Second Supplemental Debt Retirement Trust Indenture dated as of \_\_\_\_\_, 2010 (collectively, the "Trust Indenture"). The pledge and lien on Distributable Aid securing the Bonds is on a second lien basis to a statutory lien and trust on distributable Aid securing the City's \$249,790,000 original principal amount Distributable State Aid General obligation Bonds, Series 2010 (the "DSA Bonds"). The City has reserved the right to make additional pledges or assignments of Distributable Aid on a parity or subordinate basis with the pledge of Distributable Aid securing the DSA Bonds and the Bonds as security for future bonds or obligations of the City, subject to the requirements for the issuance of additional bonds and obligations as provided in the Trust Indenture.

This bond is transferable only upon the registration books of the City by the registered owner of record in person, or by the registered owner's attorney duly authorized in writing, upon the surrender of this bond together with a written instrument of transfer satisfactory to the City duly executed by the registered owner or the registered owner's attorney duly authorized in writing, and thereupon a new registered bond or bonds in the same aggregate principal amount and of the same maturity shall be issued to the transferee in exchange therefor as provided in the resolution authorizing this bond and upon the payment of the changes, if any, therein prescribed.

It is hereby certified and recited that all acts, conditions and things required by law to be done, precedent to and in the issuance of this bond and the series of bonds of which this is one, exist and have done and performed in regular and due form and time as required by law, and that the total indebtedness of the City, including this bond and the series of bonds of which this is one, does not exceed any constitutional, statutory or charter debt limitation.

IN WITNESS WHEREOF, the City of Detroit by authority of its City Council, has caused this bond to be signed for and on its behalf and in its name by the manual or facsimile signature of the Mayor of the City and the manual or facsimile signature of its Finance Director and the official seal of the City to be impressed hereon, all as of the Date of Original Issue.

**ARTICLE IV  
SPECIAL COVENANTS**

Section 401. Tax Exemption Covenant for Tax-Exempt Bonds. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on any Bonds issued on a tax-exempt basis, from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of any Bonds issued on a tax-exempt basis or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on any Bonds issued on a tax-exempt basis for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of subsection (a) above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of any Bonds issued on a tax-exempt basis for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

**ARTICLE V  
FUNDS AND ACCOUNTS;  
DISPOSITION OF BOND PROCEEDS**

Section 501. Establishment of Ac-

counts and Funds. The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City; provided that the Debt Retirement Fund and the Series 2010(A) Escrow Fund shall be held in trust by the Master Trustee for the benefit of the Bondholders:

- A. Debt Retirement Fund;
- B. Series 2010(A) Escrow Fund;
- C. Bond Issuance Fund; and
- D. Construction Fund.

The Finance Director is hereby authorized to establish such accounts, sub-accounts or funds as shall be required for the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds to finance the Projects or the purchase and payment of variable rate bonds. The Finance Director is authorized to allocate any net original issue premium, if any, received upon the sale of the Bonds to such accounts and in such amounts as permitted by applicable law and the Code.

Section 502. Debt Retirement Fund-All Bonds. From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest, capitalized interest and premium, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds. General funds of the City, proceeds of all taxes levied pursuant to Section 301 hereof, subsidy payments received under Section 302(e) and any amounts transferred from the Construction Fund under Section 505 hereof shall be used to pay the principal of and interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Master Trustee, and so long as the principal of or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds shall be retained by the City to be used for any lawful purpose.

Section 503. Debt Retirement Fund — Series 2010(A) Escrow Fund. As additional security for Bonds, Distributable Aid payments to be received by the City from time to time shall be distributed by the State Treasurer to the Master Trustee and deposited by the Master Trustee in the Debt Retirement Fund (to be designated the Distributable State Aid — Common Debt Retirement Fund” in the Master

Indenture), and allocated and set-aside by the Master Trustee into the Series 2010(A) Escrow Fund in accordance with the provisions of the Master Indenture and the related Second Supplemental Indenture for the payment of the principal of and interest on the Bonds when due. Any amounts remaining in the Debt Retirement Fund after the setting aside of the amounts necessary to satisfy the Deposit Date Balance Requirements (defined in the Master Indenture) of all DSA Escrow Funds (defined in the Master Indenture), shall be released to the City for deposit to the General Fund of the City.

Section 504. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series of Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Construction Fund.

Section 505. Construction Fund. (a) After making the deposits required by Sections 502, 503 and 504, the remainder of the proceeds of the sale of the Series 2010(A) Bonds shall be deposited in the Construction Fund. Except for investment pending disbursement and as hereinafter provided, moneys in the Construction Fund shall be used by the City solely and only to pay the costs of the Projects as such costs become due and payable and, if necessary, to rebate arbitrage earnings, if any, to the United States Department of Treasury as required by the Code.

(b) The Finance Director is hereby authorized and directed to expend money from the Construction Fund for costs of the Projects, including reimbursement to the City for moneys previously expended in anticipation of issuance of the Series 2010(A) Bonds, to the extent reimbursement for such project expenditures has been properly induced by resolution of the City Council in accordance with the Code, if required, except for such Series 2010(A) Bonds not issued on a tax-exempt basis.

(c) Gross proceeds or disposition proceeds, as defined in the regulations under Code Sections 141 and 148, respectively, resulting from any sale of any portion of the Projects shall be deposited in separate accounts established in the Construction Fund and used in the discretion of the Finance Director to pay additional costs of the Projects or transferred to the Debt Retirement Fund and used to pay the principal of or interest on the Bonds. The Finance Director shall assure that such gross proceeds or disposition proceeds are invested and expended in accordance with the require-

ments specified in Section 506 hereof and in the Non-Arbitrage and Tax Compliance Certificate.

(d) Upon payment of all costs of the Projects, any balance in the Construction Fund shall be transferred to the Debt Retirement Fund or used in any other manner which in the opinion of nationally recognized bond counsel is permitted by law and which will not cause the interest of any Bonds issued on a tax exempt basis to become includible in gross income for federal income tax purposes.

**Section 506. Investment of Monies in the Funds and Accounts.** (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Master Trustee, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law.

#### **ARTICLE VI THE MASTER TRUSTEE**

**Section 601. Master Trustee.** Except as otherwise required by the MFA, the Master Trustee for the Bonds shall act as bond registrar, transfer agent and trustee for the Bonds, and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. The Master Trustee means and includes any company into which the Master Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Master Trustee may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Master Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Master Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. The Finance Director is authorized to enter into a Second Supplement to the Master Trust Indenture in the form of a Second Supplemental Indenture with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Master Trustee and enter

into an agreement therewith for such services.

**Section 602. Master Trust Indenture.** The Mayor, the Deputy Mayor and the Finance Director are each hereby authorized and directed on behalf of the City to take any and all other actions and perform any and all acts that shall be required, necessary or desirable to enter into and implement the Second Supplemental Indenture with the Master Trustee, including, but not limited to, entering into an agreement with the State Treasurer in accordance with Act 227 to provide for the direct payment of Distributable Aid by the State Treasurer to the Master Trustee as additional security for the Bonds.

#### **ARTICLE VII SUPPLEMENTAL RESOLUTIONS**

**Section 701. Supplemental Resolutions Not Requiring Consent of Holders of the Bonds.** The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds;

provided that the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

**Section 702. Opinion and Filing Under Act 34.** Before any supplemental resolution under this Article shall become effective, a copy thereof shall be filed with the Master Trustee and as provided in Act 34, if applicable, together with an opinion of Bond Counsel that such supplemental resolution is authorized or permitted by this Article; provided that Bond Counsel in rendering any such opinion shall be entitled to rely upon certificates of the Finance Director or other City official, and opinions or reports of consultants, experts and other professionals retained by the City to advise it, with respect to the presence or absence of facts relative to such opinion and the consequences of such facts.

#### **ARTICLE VIII DEFEASANCE**

**Section 801. Defeasance.** Bonds shall

be deemed to be paid in full upon the deposit in trust of cash or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, or any combination thereof, not redeemable at the option of the issuer thereof, the principal and interest payments upon which, without reinvestment thereof, will come due at such times and in such amounts, as to be fully sufficient to pay when due, the principal of such Bonds and interest to accrue thereon, as confirmed by a verification report prepared by an independent certified public accountant; provided, that if any of such Bonds are to be called for redemption prior to maturity, irrevocable instructions to call such Bonds for redemption shall be given only with the prior written consent of the MFA and on such terms as may be required by the MFA. Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

#### **ARTICLE IX REIMBURSEMENT PROVISIONS**

Section 901. Advancement of Costs of the Projects. At the direction of the Finance Director, the City advance certain costs of the Projects from the City's general fund prior to the issuance of the Series 2010(A) Bonds. The City intends to reimburse itself for any costs of the Projects paid or incurred by the City prior to the issuance of the Series 2010(A) Bonds with proceeds of the Series 2010(A) Bonds. The Internal Revenue Service has issued Treasury Regulation Section 1.150-2 pursuant to the Code, governing proceeds of tax-exempt bonds used for reimbursement, pursuant to which the City must declare official intent to reimburse expenditures with bond proceeds as provided in Section 902 below.

Section 902. Reimbursement Declarations. The City makes the following declarations for the purpose of complying with the reimbursement rules of Treas. Reg. Section 1.150-2 pursuant to the Code:

(a) As of the date hereof, the City reasonably expects to be reimbursed for the expenditures described in (b) below with proceeds of the Series 2010(A) Bonds, as debt to be incurred by the City.

(b) The expenditures described in this

paragraph (b) are for the costs of acquiring, constructing and equipping the Projects, together with the sites therefor and all necessary appurtenances and attachments thereto which were or will be paid subsequent to sixty (60) days prior to the date of adoption hereof from the general funds of the City.

(c) The maximum principal amount of debt expected to be issued for the Projects, including issuance costs, is \$100,000,000.

(d) A reimbursement allocation of the expenditures described in (b) above with the proceeds of the borrowing described herein will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Projects are placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the Projects to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" as defined in Treas. Reg. §1.150-1(b), *i.e.*, any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. Reg. §1.150-2(c)) under general Federal income tax principles (as determined at the time the expenditure is paid).

(f) No proceeds of the borrowing paid to the City in reimbursement pursuant to this Resolution will be used in a manner described in Treas. Reg. §1.150-2(h) with respect to abusive uses of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within Treas. Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures for the Projects to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. Reg. §1.150-2(f) (such preliminary expenditures include architectural, engineering, surveying, soil testing and similar costs incurred prior to construction of the Projects, but do not include land acquisition, site preparation, and similar costs incident to commencement of construction).

**ARTICLE X  
OTHER PROVISIONS OF GENERAL  
APPLICATION**

Section 1001. Credit Enhancement; Remarketing Agreement; and Interest Rate Exchange Agreements. (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceedings with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

(b) In the event that any of the Bonds are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in his discretion to enter into a Remarketing Agreement for tendered bonds with a qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to negotiate and enter into an auction agent agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

(c) In connection with the execution of any of the agreements authorized by this Section, the Finance Director is authorized to include therein such covenants as shall be appropriate.

Section 1002. Approval of Other Documents and Actions; Treasury Approval. The Mayor, the Finance Director, the Treasurer and the City Clerk are each hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that

shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds, and to enter into one or more Interest Rate Exchange Agreements, remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department of Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 1003. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the MFA and the holders and beneficial owners of the bonds issued by the MFA for the purchase of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 1004. Delegation of City to, and Authorization of Actions of the Mayor and the Finance Director. (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of necessary City disclosure for any Preliminary Official Statement or Official Statement of the MFA and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the City's disclosure "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective,

the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds or the negotiation, execution or delivery of Interest Rate Exchange Agreements as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 1005. Act 34 Approval of the Bonds. The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 34.

Section 1006. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 1007. Sale of Bonds/Good Faith Check. (a) Pursuant to Section 309(1) of Act 34 the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to the MFA or to the Underwriters as represented by the Representative, all as determined by the Finance Director in the applicable Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing

sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

Section 1008. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the MFA upon receiving the purchase price therefor in lawful money of the United States.

Section 1009. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the MFA or the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1010. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 1011. Reserved.

Section 1012. Parties in Interest. Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City, the Master

Trustee and the MFA, any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City, or the MFA shall be for the sole and exclusive benefit of the City and the MFA.

Section 1013. No Recourse Under Resolution. All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

Section 1014. Severability. If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

Section 1015. Cover Page, Table of Contents and Article and Section Headings. The cover page, table of contents and Article and Section headings hereof are solely for convenience of reference and do not constitute a part of this Resolution, and none of them shall affect its meaning, construction or effect.

Section 1016. Conflict. All resolutions or parts of resolutions or other proceedings of the City in conflict herewith shall be and the same hereby are repealed insofar as such conflict exists.

Section 1017. Governing Law and Jurisdiction. This Resolution shall be governed by and construed in accordance with the laws of the State.

Section 1018. Resolution and Sale Order are a Contract. The provisions of this Resolution and the Sale Order shall constitute a contract between the City, the MFA, and the Bond Insurer, if any.

Section 1019. Effective Date. This Resolution shall take effect immediately upon its adoption by the Council.

amount as determined by the Finance Director; provided that the aggregate principal amount of the Bonds plus the net original issue premium shall not exceed the Maximum Aggregate Principal Amount of Bonds authorized under this Resolution; provided that if the aggregate principal amount of the Bonds plus the net original issue premium exceeds the Maximum Aggregate Principal Amount, all or a portion of the net original issue premium shall be used to reduce the Remaining Authorization.

(e) In connection with the sale of the Bonds to the MFA, the following additional provisions shall apply:

(1) Each series of Bonds shall be in the form of a single fully-registered, non-convertible bond in the denomination of the full principal amount thereof, dated as of the date of delivery of the Series 2010(A) Bonds, payable in principal installments serially as finally determined at the time of sale of the Bonds and approved by the MFA and the Authorized Officer. Final determination of the principal amount of a series and the payment dates and amounts of principal installments of a series of Bonds shall be evidenced by execution of a Bond Purchase Agreement in the form of a Purchase Contract (the "Purchase Contract") between the City and the MFA providing for sale of the Bonds, and an Authorized Officer is authorized and directed to execute and deliver the Purchase Contract when it is in final form and to make the determinations set forth above. An Authorized Officer is authorized and directed to approve of a series designation with respect to each series of Bonds.

(2) The Bonds or principal installments thereof will be subject to prepayment prior to maturity in the manner and at the times as provided in the form of the Bond contained in this Resolution or as may be approved by an Authorized Officer at the time of sale of the Bonds or by the MFA at the time of prepayment.

(3) The Bonds shall bear interest at a rate specified in the Purchase Contract and approved as evidenced by execution of the Purchase Contract, but in any event not to exceed the Maximum Interest Rate, and an Authorized Officer shall deliver the Bonds in accordance with the delivery instructions of the MFA.

(4) The Bonds shall not be convertible or exchangeable into more than one fully-registered bond. Principal of and interest on the Bonds shall be payable as provided in the Bond form in this Resolution as the same may be amended to conform to MFA requirements.

(5) The Master Trustee shall record on the registration books payment by the City of each installment of principal or interest or both when made and the cancelled checks or other records evidencing such

payments shall be returned to and retained by the City Treasurer.

(6) Upon payment by the City of all outstanding principal of and interest on a Bond, the MFA shall deliver the respective Bond to the City for cancellation.

Section 304. Execution, Authentication and Delivery of Bonds. The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director and authenticated by the manual signature of the Finance Director, and the seal of the City (or a facsimile thereof) shall be impressed or imprinted on the Bonds. After the Bonds have been executed and authenticated for delivery to the original purchaser thereof, they shall be delivered by the Finance Director to the purchasers thereof upon receipt of the purchase price.

Section 305. Authentication of the Bonds. Anything in this Resolution to the contrary notwithstanding, the Bonds bearing the manual or facsimile signatures of the Mayor and the Finance Director shall require no further authorization. The Authorized Officer is authorized to deliver the Bonds in accordance with the delivery instructions of the MFA.

Section 306. The MFA's Depository. Notwithstanding any other provision herein to the contrary, as long as the MFA is the owner of the Bonds, the Bonds are payable as to principal, premium, if any, and interest at the corporate trust office of The Bank of New York Mellon Trust Company, N.A., Detroit, Michigan, or such other qualified bank or financial institution as shall be designated in writing to the City by the Authority (the "Authority's Depository"). The City will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on the Bonds in immediately available funds at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise. Written notice of any redemption of the Bonds shall be given by the City and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

Section 307. Mutilated, Destroyed, Stolen or Lost Bonds. (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the City, and the City receives evidence to its satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City such security or indemnity as may be required by it to save the City harmless, then, in the absence of notice to the City that such Bond has been acquired by a bona fide purchaser, the City shall execute and deliver in exchange for or in lieu

of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(c) Any new Bond issued pursuant to this Section in substitution for a Bond alleged to be mutilated, destroyed, stolen or lost shall constitute an original additional contractual obligation on the part of the City, and shall be equally secured by and entitled to equal proportionate benefits with all other Bonds of like tenor issued under this Resolution.

Section 308. Form of the Bonds. The Bonds shall be in substantially the following form with such insertions, omissions, substitutions and other variations as shall not be inconsistent with this Resolution or required by the Michigan Attorney General and the MFA or permitted by the Sale Order or as approved by an Authorized Officer and Bond Counsel:

[Form of Bond]  
United States of America  
State of Michigan  
County of Wayne  
CITY OF DETROIT  
DISTRIBUTABLE STATE AID SECOND  
LIEN BOND (UNLIMITED TAX  
GENERAL OBLIGATION, SERIES  
2010(A)  
REGISTERED OWNER: Michigan  
Municipal Bond Authority  
PRINCIPAL AMOUNT: \_\_\_\_\_ Dollars  
(\$\_\_\_\_,000)  
DATE OF ORIGINAL ISSUE:  
\_\_\_\_\_, 2010

The CITY OF DETROIT, County of Wayne, State of Michigan (the "City"), for value received, hereby promises to pay to the Michigan Municipal Bond Authority (the "Authority"), or registered assigns, the Principal Amount specified above, as shall have been advanced to the City pursuant to a Purchase Contract between the City and the Authority [and a Supplemental Agreement by and among the City and the Authority], in lawful money of the United States of America, unless prepaid prior thereto as hereinafter provided.

The Principal Amount shall be payable on the dates and in the annual principal installment amounts set forth in Schedule A attached hereto and made a part hereof, as such Schedule may be adjusted if less than \$\_\_\_\_,000 is disbursed to the City or if a portion of the Principal Amount is prepaid as provided below, with interest on said principal installments from the date each said installment is delivered to the holder hereof until paid at the rate of \_\_\_\_\_ percent (\_\_\_\_%) per annum. Interest is first payable on \_\_\_\_\_

\_\_\_\_ 1, 200\_\_\_\_, and semiannually thereafter on the first day of \_\_\_\_\_ and \_\_\_\_\_ of each year, as set forth in the Purchase Contract.

Notwithstanding any other provision of this bond, as long as the Authority is the owner of this bond, (a) this bond is payable as to principal, premium, if any, and interest at the corporate trust office of The Bank of New York Mellon Trust Company, N.A., Detroit, Michigan, or at such other place as shall be designated in writing to the City by the Authority (the "Authority's Depository"); (b) the City agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this bond in immediately available funds at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; and (c) written notice of any redemption of this bond shall be given by the City and received by the Authority's Depository at least 40 days prior to the date on which such redemption is to be made.

Additional Interest

In the event of a default in the payment of principal or interest hereon when due, whether at maturity, by redemption or otherwise, the amount of such default shall bear interest (the "additional interest") at a rate equal to the rate of interest which is two percent above the Authority's cost of providing funds (as determined by the Authority) to make payment on the bonds of the Authority issued to provide funds to purchase this bond but in no event in excess of the maximum rate of interest permitted by law. The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the City's default. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the City shall and hereby agrees to pay on demand only the City's pro rata share (as determined by the Authority) of such deficiency as additional interest on this bond.

This bond is a single, fully-registered, non-convertible bond in the principal sum of \$\_\_\_\_,000, issued pursuant to and in accordance with Act 34, Public Acts of

Michigan, 2001, as amended, and Act 279, Public Acts of Michigan, 1909, as amended, Act 227, Public Acts of Michigan, 1985, as amended ("Act 227") and pursuant to and in accordance with a Resolution duly adopted by the City Council of the City on \_\_\_\_\_, 2010 and a Sale Order of the Finance Director of the City issued on \_\_\_\_\_, \_\_\_\_\_ collectively, the "Resolution"). The Bonds are issued for the purpose of financing a portion of the cost of the acquisition, construction, improvement and equipping of certain capital improvement projects in the City, paying capitalized interest and paying costs of issuance of the Bonds.

Bonds may be subject to redemption prior to maturity by the City only with the prior written consent of the Authority and on such terms as may be required by the Authority.

This Bond is payable out of the City's Debt Retirement Fund for this issue and the City is obligated to levy annually sufficient taxes to provide for the payment of the principal of and interest on the bonds of this issue as they mature on all taxable property in the City without limitation as to rate or amount.

As additional security for the City's obligation to pay the Bonds, pursuant to Act 227 the City has pledged the payments that the City is eligible to receive from the State of Michigan under Act 140, Public Acts of Michigan, 1971, as amended ("Distributable Aid"), and certain monies in the funds and accounts established by the City with U.S. Bank National Association, as trustee (the "Trustee"), pursuant to the terms and conditions of a Master Debt Retirement Trust Indenture dated as of March 1, 2010, between the City and the Trustee as supplemented by a Second Supplemental Debt Retirement Trust Indenture dated as of \_\_\_\_\_, 2010 (collectively, the "Trust Indenture"). The pledge and lien on Distributable Aid securing the Bonds is on a second lien basis to a statutory lien and trust on distributable Aid securing the City's \$249,790,000 original principal amount Distributable State Aid General obligation Bonds, Series 2010 (the "DSA Bonds"). The City has reserved the right to make additional pledges or assignments of Distributable Aid on a parity or subordinate basis with the pledge of Distributable Aid securing the DSA Bonds and the Bonds as security for future bonds or obligations of the City, subject to the requirements for the issuance of additional bonds and obligations as provided in the Trust Indenture.

This bond is transferable only upon the registration books of the City by the registered owner of record in person, or by the registered owner's attorney duly authorized in writing, upon the surrender of this bond together with a written instrument of

transfer satisfactory to the City duly executed by the registered owner or the registered owner's attorney duly authorized in writing, and thereupon a new registered bond or bonds in the same aggregate principal amount and of the same maturity shall be issued to the transferee in exchange therefor as provided in the resolution authorizing this bond and upon the payment of the charges, if any, therein prescribed.

It is hereby certified and recited that all acts, conditions and things required by law to be done, precedent to and in the issuance of this bond and the series of bonds of which this is one, exist and have done and performed in regular and due form and time as required by law, and that the total indebtedness of the City, including this bond and the series of bonds of which this is one, does not exceed any constitutional, statutory or charter debt limitation.

IN WITNESS WHEREOF, the City of Detroit by authority of its City Council, has caused this bond to be signed for and on its behalf and in its name by the manual or facsimile signature of the Mayor of the City and the manual or facsimile signature of its Finance Director and the official seal of the City to be impressed hereon, all as of the Date of Original Issue.

**ARTICLE IV  
 SPECIAL COVENANTS**

Section 401. Tax Exemption Covenant for Tax-Exempt Bonds. The City covenants that it will not take any action, or fail to take any action required to be taken, if taking such action or failing to take such action would adversely affect the general exclusion from gross income of interest on any Bonds issued on a tax-exempt basis, from federal income taxation under the Code.

Section 402. Arbitrage Covenant. (a) The City will not directly or indirectly (1) use or permit the use of any proceeds of any Bonds issued on a tax-exempt basis or other funds of the City or (2) take or omit to take any action required by Section 148(a) of the Code in order to maintain the exclusion from gross income of the interest on any Bonds issued on a tax-exempt basis for federal income tax purposes. To that end, the City will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds and the requirements set forth in the Non-Arbitrage and Tax Compliance Certificate of the City.

(b) Without limiting the generality of

subsection (a) above, the City agrees that there shall be paid by the City from time to time all amounts, if any, required to be rebated to the United States pursuant to Section 148(f) of the Code. This covenant shall survive payment in full or defeasance of the Bonds.

(c) Notwithstanding any provision of this Section, if the City obtains an opinion of Bond Counsel to the effect that any action required under this Section is no longer required, or that some further action is required, to maintain the exclusion from gross income of the interest of any Bonds issued on a tax-exempt basis for federal income tax purposes pursuant to Section 103 of the Code, the City may conclusively rely on such opinion in complying with the provisions hereof.

#### ARTICLE V

#### FUNDS AND ACCOUNTS;

#### DISPOSITION OF BOND PROCEEDS

Section 501. Establishment of Accounts and Funds. The City hereby establishes and creates the following special, separate and segregated accounts and funds which shall be held for and on behalf of the City by a bank or banks or other financial institution which the Finance Director or Treasurer of the City designates as depository of the City; provided that the Debt Retirement Fund and the Series 2010(A) Escrow Fund shall be held in trust by the Master Trustee for the benefit of the Bondholders:

- A. Debt Retirement Fund;
- B. Series 2010(A) Escrow Fund;
- C. Bond Issuance Fund; and
- D. Construction Fund.

The Finance Director is hereby authorized to establish such accounts, sub-accounts or funds as shall be required for the Bonds, if any, to accommodate the requirements of such series of Bonds, including, but not limited to, such accounts, subaccounts or funds necessary to facilitate the allocation and use of bond proceeds to finance the Projects or the purchase and payment of variable rate bonds. The Finance Director is authorized to allocate any net original issue premium, if any, received upon the sale of the Bonds to such accounts and in such amounts as permitted by applicable law and the Code.

Section 502. Debt Retirement Fund-All Bonds. From the proceeds of the sale of the Bonds there shall be set aside in the Debt Retirement Fund the accrued interest, capitalized interest and premium, if any, received from the purchasers of the Bonds at the time of delivery of the Bonds. General funds of the City, proceeds of all taxes levied pursuant to Section 301 hereof, subsidy payments received under Section 302(e) and any amounts transferred from the Construction Fund under Section 505 hereof shall be used to pay the principal of and

interest on the Bonds when due. The foregoing amounts shall be placed in the Debt Retirement Fund and held in trust by the Master Trustee, and so long as the principal of or interest on the Bonds shall remain unpaid, no moneys shall be withdrawn from the Debt Retirement Fund except to pay such principal and interest. Any amounts remaining in the Debt Retirement Fund after payment in full of the Bonds shall be retained by the City to be used for any lawful purpose.

Section 503. Debt Retirement Fund — Series 2010(A) Escrow Fund. As additional security for Bonds, Distributable Aid payments to be received by the City from time to time shall be distributed by the State Treasurer to the Master Trustee and deposited by the Master Trustee in the Debt Retirement Fund (to be designated the Distributable State Aid — Common Debt Retirement Fund” in the Master Indenture), and allocated and set-aside by the Master Trustee into the Series 2010(A) Escrow Fund in accordance with the provisions of the Master Indenture and the related Second Supplemental Indenture for the payment of the principal of and interest on the Bonds when due. Any amounts remaining in the Debt Retirement Fund after the setting aside of the amounts necessary to satisfy the Deposit Date Balance Requirements (defined in the Master Indenture) of all DSA Escrow Funds (defined in the Master Indenture), shall be released to the City for deposit to the General Fund of the City.

Section 504. Bond Issuance Fund. From the proceeds of the Bonds there shall be set aside in the Bond Issuance Fund a sum sufficient to pay the costs of issuance of the Bonds. Moneys in the Bond Issuance Fund shall be used solely to pay expenses of issuance of the related series of Bonds. Any amounts remaining in the Bond Issuance Fund after payment of issuance expenses shall be transferred to the Construction Fund.

Section 505. Construction Fund. (a) After making the deposits required by Sections 502, 503 and 504, the remainder of the proceeds of the sale of the Series 2010(A) Bonds shall be deposited in the Construction Fund. Except for investment pending disbursement and as hereinafter provided, moneys in the Construction Fund shall be used by the City solely and only to pay the costs of the Projects as such costs become due and payable and, if necessary, to rebate arbitrage earnings, if any, to the United States Department of Treasury as required by the Code.

(b) The Finance Director is hereby authorized and directed to expend money from the Construction Fund for costs of the Projects, including reimbursement to the City for moneys previously expended in anticipation of issuance of the Series

2010(A) Bonds, to the extent reimbursement for such project expenditures has been properly induced by resolution of the City Council in accordance with the Code, if required, except for such Series 2010(A) Bonds not issued on a tax-exempt basis.

(c) Gross proceeds or disposition proceeds, as defined in the regulations under Code Sections 141 and 148, respectively, resulting from any sale of any portion of the Projects shall be deposited in separate accounts established in the Construction Fund and used in the discretion of the Finance Director to pay additional costs of the Projects or transferred to the Debt Retirement Fund and used to pay the principal of or interest on the Bonds. The Finance Director shall assure that such gross proceeds or disposition proceeds are invested and expended in accordance with the requirements specified in Section 506 hereof and in the Non-Arbitrage and Tax Compliance Certificate.

(d) Upon payment of all costs of the Projects, any balance in the Construction Fund shall be transferred to the Debt Retirement Fund or used in any other manner which in the opinion of nationally recognized bond counsel is permitted by law and which will not cause the interest of any Bonds issued on a tax exempt basis to become includible in gross income for federal income tax purposes.

Section 506. Investment of Monies in the Funds and Accounts. (a) The Finance Director shall direct the investment of monies on deposit in the Funds and Accounts established hereunder, and the Master Trustee, upon written direction or upon oral direction promptly confirmed in writing by the Finance Director, shall use its best efforts to invest monies on deposit in the Funds and Accounts in accordance with such direction.

(b) Monies on deposit in the Funds and Accounts may be invested in such investments and to the extent permitted by applicable law.

#### **ARTICLE VI THE MASTER TRUSTEE**

Section 601. Master Trustee. Except as otherwise required by the MFA, the Master Trustee for the Bonds shall act as bond registrar, transfer agent and trustee for the Bonds, and shall be initially U.S. Bank National Association, Detroit, Michigan, or such other bank or trust company located in the State of Michigan which is qualified to act in such capacity under the laws of the United States of America or the State of Michigan. The Master Trustee means and includes any company into which the Master Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a

party or any company to which the Master Trustee may sell or transfer all or substantially all of its corporate trust business, provided, that such company shall be a trust company or bank which is qualified to be a successor to the Master Trustee as determined by the Finance Director, shall be authorized by law to perform all the duties imposed upon it by this Resolution, and shall be the successor to the Master Trustee without the execution or filing of any paper or the performance of any further act, anything herein to the contrary notwithstanding. The Finance Director is authorized to enter into a Second Supplement to the Master Trust Indenture in the form of a Second Supplemental Indenture with such a bank or trust company, and from time to time as required, may designate a similarly qualified successor Master Trustee and enter into an agreement therewith for such services.

Section 602. Master Trust Indenture. The Mayor, the Deputy Mayor and the Finance Director are each hereby authorized and directed on behalf of the City to take any and all other actions and perform any and all acts that shall be required, necessary or desirable to enter into and implement the Second Supplemental Indenture with the Master Trustee, including, but not limited to, entering into an agreement with the State Treasurer in accordance with Act 227 to provide for the direct payment of Distributable Aid by the State Treasurer to the Master Trustee as additional security for the Bonds.

#### **ARTICLE VII SUPPLEMENTAL RESOLUTIONS**

Section 701. Supplemental Resolutions Not Requiring Consent of Holders of the Bonds. The City may without the consent of any Bondowner adopt resolutions supplemental to this Resolution for any one or more of the following purposes:

(i) to confirm or further assure the security hereof or to grant or pledge to the holders of the Bonds any additional security;

(ii) to add additional covenants and agreements of the City for the purposes of further securing the payment of the Bonds;

(iii) to cure any ambiguity or formal defect or omission in this Resolution;

(iv) to amend provisions in the Resolution relating to rebate to the United States Government or otherwise, which in the opinion of Bond Counsel are required in order to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes; and

(v) such other action not materially, adversely and directly affecting the security of the Bonds; provided that the effectiveness of any supplemental resolution is subject to Section 702 to the extent applicable.

Section 702. Opinion and Filing Under Act 34. Before any supplemental resolution under this Article shall become effective, a copy thereof shall be filed with the Master Trustee and as provided in Act 34, if applicable, together with an opinion of Bond Counsel that such supplemental resolution is authorized or permitted by this Article; provided that Bond Counsel in rendering any such opinion shall be entitled to rely upon certificates of the Finance Director or other City official, and opinions or reports of consultants, experts and other professionals retained by the City to advise it, with respect to the presence or absence of facts relative to such opinion and the consequences of such facts.

#### **ARTICLE VIII DEFEASANCE**

Section 801. Defeasance. Bonds shall be deemed to be paid in full upon the deposit in trust of cash or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, or any combination thereof, not redeemable at the option of the issuer thereof, the principal and interest payments upon which, without reinvestment thereof, will come due at such times and in such amounts, as to be fully sufficient to pay when due, the principal of such Bonds and interest to accrue thereon, as confirmed by a verification report prepared by an independent certified public accountant; provided, that if any of such Bonds are to be called for redemption prior to maturity, irrevocable instructions to call such Bonds for redemption shall be given only with the prior written consent of the MFA and on such terms as may be required by the MFA. Such cash and securities representing such obligations shall be deposited with a bank or trust company and held for the exclusive benefit of the Owners of such Bonds. After such deposit, such Bonds shall no longer be entitled to the benefits of this Resolution (except for any rights of transfer or exchange of Bonds as therein or herein provided for) and shall be payable solely from the funds deposited for such purpose and investment earnings, if any, thereon, and the lien of this Resolution for the benefit of such Bonds shall be discharged.

#### **ARTICLE IX REIMBURSEMENT PROVISIONS**

Section 901. Advancement of Costs of the Projects. At the direction of the Finance Director, the City advance certain costs of the Projects from the City's general fund prior to the issuance of the Series 2010(A) Bonds. The City intends to reimburse itself for any costs of the Projects paid or incurred by the City prior to the issuance of the Series 2010(A)

Bonds with proceeds of the Series 2010(A) Bonds. The Internal Revenue Service has issued Treasury Regulation Section 1.150-2 pursuant to the Code, governing proceeds of tax-exempt bonds used for reimbursement, pursuant to which the City must declare official intent to reimburse expenditures with bond proceeds as provided in Section 902 below.

(c) The maximum principal amount of debt expected to be issued for the Projects, including issuance costs, is \$100,000,000.

(d) A reimbursement allocation of the expenditures described in (b) above with the proceeds of the borrowing described herein will occur not later than 18 months after the later of (i) the date on which the expenditure is paid, or (ii) the date the Projects are placed in service or abandoned, but in no event more than three (3) years after the original expenditure is paid. A reimbursement allocation is an allocation in writing that evidences the City's use of the proceeds of the debt to be issued for the Projects to reimburse the City for a capital expenditure made pursuant to this Resolution.

(e) The expenditures described in (b) above are "capital expenditures" as defined in Treas. Reg. §1.150-1(b), i.e., any costs of a type which are properly chargeable to a capital account (or would be so chargeable with a proper election or with the application of the definition of placed in service under Treas. Reg. §1.150-2(c)) under general Federal income tax principles (as determined at the time the expenditure is paid).

(f) No proceeds of the borrowing paid to the City in reimbursement pursuant to this Resolution will be used in a manner described in Treas. Reg. §1.150-2(h) with respect to abusive uses of such proceeds, including but not limited to using funds corresponding to the proceeds of the borrowing in a manner that results in the creation of replacement proceeds (within

Treas. Reg. §1.148-1) within one year of the reimbursement allocation described in (d) above.

(g) Expenditures for the Projects to be reimbursed from the proceeds of the borrowing that are subject to the limitations set forth in this Resolution do not include (i) costs for the issuance of the debt, (ii) an amount not in excess of the lesser of \$100,000 or five percent (5%) of the proceeds of the borrowing, or (iii) preliminary expenditures not exceeding twenty percent (20%) of the issue price of the borrowing within the meaning of Treas. Reg. §1.150-2(f) (such preliminary expenditures include architectural, engineering, surveying, soil testing and similar costs incurred prior to construction of the Projects, but do not include land acquisition, site preparation, and similar costs incident to commencement of construction).

#### **ARTICLE X OTHER PROVISIONS OF GENERAL APPLICATION**

Section 1001. Credit Enhancement; Remarketing Agreement; and Interest Rate Exchange Agreements. (a) There is hereby authorized to be obtained municipal bond insurance or other credit enhancement or a combination thereof to secure the payment of all or part of the Bonds, if, and provided that, it shall be determined by the Finance Director that such cost of such Municipal Bond Insurance Policy or other credit enhancement or a combination thereof is less than the interest rate savings therefrom or otherwise that it is in the best interest of the City. Such municipal bond insurance or other credit enhancement providers may be afforded certain rights and remedies to direct the proceedings with respect to the enforcement of payment of the Bonds as shall be provided in the documents relating thereto. In the event a commitment for a Municipal Bond Insurance Policy is obtained or a commitment for other credit enhancement is obtained, the Finance Director is hereby authorized, to approve the terms, perform such acts and execute such instruments that shall be required, necessary or desirable to effectuate the terms of such commitment and the transactions described therein and in this Resolution and the Sale Order provided that such terms are not materially adverse to the City.

(b) In the event that any of the Bonds are issued bearing interest on a variable rate basis and are subject to tender for purchase from time to time by the holders thereof as determined in the Sale Order, the Finance Director is authorized in his discretion to enter into a Remarketing Agreement for tendered bonds with a qualified firm, chosen by the Finance Director, as remarketing agent. The Finance Director is also authorized to

negotiate and enter into an auction agent agreement, broker-dealer agreement or such other agreements with such qualified firms chosen by the Finance Director as may be necessary to accomplish the sale and delivery of the Bonds as determined by the Finance Director within the parameters of this Resolution and confirmed in the Sale Order.

(c) In connection with the execution of any of the agreements authorized by this Section, the Finance Director is authorized to include therein such covenants as shall be appropriate.

Section 1002. Approval of Other Documents and Actions; Treasury Approval. The Mayor, the Finance Director, the Treasurer and the City Clerk are each hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

The Finance Director is authorized to file applications with and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for an Order or Orders of Approval to issue all or a portion of the Bonds, and to enter into one or more Interest Rate Exchange Agreements, remarketing agreements, letters of credit and reimbursement agreements, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Bonds, and as required by the Michigan Department and Treasury and Act 34. The Finance Director is authorized and directed to pay any post closing filing fees required by Act 34 to the Michigan Department of Treasury or other specified agency, as a cost of issuance or from other legally available funds.

Section 1003. Continuing Disclosure Undertaking. The City shall enter into a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule") for the benefit of the MFA and the holders and beneficial owners of the bonds issued by the MFA for the purchase of the Bonds as to which the Rule is applicable, as more specifically set forth in Exhibit A hereto (the "Undertaking"); provided, however, that the terms of the Undertaking are subject to completion and modification prior to delivery of the Bonds by the Finance Director to such extent as the Finance Director shall deem necessary to comply with law or market requirements of the Underwriters. The Finance Director is authorized to execute and deliver the Undertaking after completion and modification as provided in this Resolution and the Sale Order.

Section 1004. Delegation of City to, and Authorization of Actions of the Mayor

and the Finance Director. (a) Prior to the sale date for the Bonds, the Mayor and/or the Finance Director may cause the preparation and approve the form and distribution of necessary City disclosure for any Preliminary Official Statement or Official Statement of the MFA and other offering materials to be used in conjunction with the sale or offering of the Bonds, and the Mayor or Finance Director shall deem the City's disclosure "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Bonds which are necessary and appropriate to carry into effect, consistent with this Resolution, the authorizations therein and herein contained, including without limitation, the securing of ratings by bond rating agencies, if cost effective, the negotiation for and acquisition of bond insurance and/or other credit enhancement, if any, to further secure the Bonds or any portions thereof, the acquisition of an irrevocable surety bond to fulfill the City's obligation to fund any reserve account, the printing of the Bonds and the incurring and paying of reasonable fees, costs and expenses incidental to the foregoing and other costs of issuance of the Bonds including, but not limited to fees and expenses of bond counsel, financial advisors, accountants and others, from Bond proceeds or other available funds, for and on behalf of the City.

(c) Except as otherwise provided herein, all determinations and decisions of the Finance Director with respect to the issuance and sale of the Bonds or the negotiation, execution or delivery of Interest Rate Exchange Agreements as permitted or required by this Resolution shall be confirmed by this Finance Director in a Sale Order or Sale Orders, and such confirmations shall constitute determinations that any conditions precedent to such determinations and decisions of the Finance Director have been fulfilled.

Section 1005. Act 34 Approval of the Bonds. The Bonds shall neither be sold nor issued unless and only so long as the issuance of the Bonds as provided herein shall have been authorized and approved in accordance with the applicable provisions of Act 34.

Section 1006. Approving Legal Opinions with Respect to the Bonds. Sale of the Bonds shall be conditioned upon receiving, at the time of delivery, the approving opinion of Bond Counsel, approving legality of the Bonds and, with respect to Bonds determined by the Finance Director to be issued on a tax-exempt basis, the exclusion from gross income of the interest paid thereon from federal and State income taxation only.

Section 1007. Sale of Bonds/Good Faith Check. (a) Pursuant to Section 309(1) of Act 34 the Council determines to sell the Bonds at a negotiated sale. The Bonds shall be sold by negotiated sale to the MFA or to the Underwriters as represented by the Representative, all as determined by the Finance Director in the applicable Bond Purchase Agreement, at prices and on terms and conditions provided in the Bond Purchase Agreement approved by the Finance Director within the parameters established hereby, and confirmed by this Finance Director in the Sale Order. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of Council based on recommendation of the Finance Director and the City's Financial Advisor that a negotiated sale will allow the Bonds to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs for the City. Sale may be on a forward delivery basis if determined by the Finance Director to be beneficial to the City, on the terms and conditions contained in the Bond Purchase Agreement.

(b) Subject to the foregoing, the Bond Purchase Agreement shall be dated the date of the sale of the Bonds. The Finance Director is hereby authorized and directed to execute the Bond Purchase Agreement for and on behalf of the City.

Section 1008. Delivery of Bonds. Subject to the approval of the Sale Order, the Finance Director is hereby authorized to deliver the Bonds to the MFA upon receiving the purchase price therefor in full money of the United States.

Section 1009. Official Statement. The Finance Director is hereby authorized to execute the Official Statement or other offering materials with respect to the Bonds in the form approved by him with such changes as the Finance Director may authorize. Such Official Statement or other offering materials to be used in conjunction with the sale or offering of the Bonds are hereby authorized to be printed and used by the MFA or the Underwriters in connection with the sale of the Bonds to the public. Circulation of the Preliminary Official Statement, if any, or other preliminary offering materials by the Underwriters is hereby approved.

Section 1010. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit, Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the

Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director.

The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 1011. Reserved.

Section 1012. Parties in Interest. Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City, the Master Trustee and the MFA, any right, remedy or claim under or by reason of this Resolution or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the City, or the MFA shall be for the sole and exclusive benefit of the City and the MFA.

Section 1013. No Recourse Under Resolution. All covenants, agreements and obligations of the City contained in this Resolution shall be deemed to be the covenants, agreements and obligations of the City and not of any councilperson, member, officer or employee of the City in his or her individual capacity, and no recourse shall be had for the payment of the principal of or interest on the Bonds or for any claim based thereon or on this Resolution against any councilperson, member, officer or employee of the City or any person executing the Bonds in his or her official individual capacity.

Section 1014. Severability. If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

Section 1015. Cover Page, Table of Contents and Article and Section Headings. The cover page, table of contents and Article and Section headings hereof are solely for convenience of reference and do not constitute a part of this Resolution, and none of them shall affect its meaning, construction or effect.

Section 1017. Governing Law and Jurisdiction. This Resolution shall be gov-

erned by and construed in accordance with the laws of the State.

(b) *Continuing Disclosure.* The City hereby agrees, in accordance with the provisions of the Rule, to provide or cause to be provided to the MSRB through EMMA, no later than 360 days after the end of each fiscal year of the City, commencing with the fiscal year ending June 30, 2010, the Audited Financial Statements, and updates of certain financial and operating data of the City appearing under the headings and tables in the Official Statement dated \_\_\_\_\_ for the Bonds, as follows: [Tables 1 through 32, inclusive, and 43 in Appendix A] to the Official Statement (“Annual Financial Information”).

Such Annual Financial Information is expected to be provided directly by the City by specific reference to documents available to the public through EMMA or filed with the SEC.

If the fiscal year of the City is changed, the City shall send notice of such change to the MSRB through EMMA prior to the earlier of the ending date of the fiscal year prior to such change or the ending date of the fiscal year as changed.

In the event that the Audited Financial Statements are not available by the date specified above, they will be provided when available and Unaudited Financial Statement in a format similar to the financial statements contained in the Private Placement Memorandum will be filed by such date and the Audited Financial Statements will be filed as soon as available.

(c) *Notice of Failure to Disclose.* The City agrees to provide or cause to be provided, in a timely manner, to the MSRB through EMMA, notice of a failure by the

City to provide the Annual Financial Information with respect to the City described in subsection (b) above on or prior to the dates set forth in subsection (b) above.

(g) *Benefit of Bondholders.* The City agrees that its undertaking pursuant to the Rule set forth in this Section is intended to be for the benefit of the Bondholders and shall be enforceable by any Bondholder; provided that, the right to enforce the provisions of this Undertaking shall be limited to a right to obtain specific enforcement of the City’s obligations hereunder and any failure by the City to comply with the provisions of this Undertaking shall not constitute a default or an event of default with respect to the Bonds or under the Resolution.

(h) *Amendments to the Undertaking.* Amendments may be made in the specific types of information provided or the format of the presentation of such information to the extent deemed necessary or appropriate in the judgment of the

Disclosure Representative on behalf of the City, provided that the City agrees that any such amendment will be adopted procedurally and substantively in a manner consistent with the Rule, including, any interpretations thereof by the SEC, which, to the extent applicable, are incorporated herein by reference. Such interpretations currently include the requirements that (a) the amendment may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the City or the type of activities conducted thereby, (b) the undertaking, as amended, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances, and (c) the amendment does not materially impair the interests of Bondholders, as determined by parties unaffiliated with the City (such as independent legal counsel), but such interpretations may be changed in the future. If the accounting principles to be followed by the City in preparing the Audited Financial Statements are modified, the Annual Financial Information for the year in which the change is made shall present a comparison between the financial statements as prepared on the prior basis and the statements as prepared on the new basis, and otherwise shall comply with the requirements of the Rule, in order to provide information to investors to enable them to evaluate the ability of the City to meet its obligations. A notice of the change in accounting principles shall be sent to the MSRB through EMMA.

(i) *Additional Information.* Nothing in this Undertaking shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Undertaking or any other means of communication, or including any other information in any Annual Financial Information or notice of occurrence of a Material Event, in addition to that which is required by this Undertaking.

(j) *Municipal Advisory Council of the Michigan.* The City shall also file by electronic or other means any information of notice required to be filed with the MSRB through EMMA pursuant to this Undertaking in a timely manner with the Municipal Advisory Council of Michigan.

(k) *Governing Law.* This Undertaking shall be construed and interpreted in accordance with the laws of the State of Michigan (the "State"), and any suits and actions arising out of this Undertaking shall be instituted in a court of competent jurisdiction in the State; *provided*, that to the extent this Undertaking addresses matters of federal securities laws, including the Rule, this Undertaking shall be

construed in accordance with such federal securities laws and official interpretations thereof.

IN WITNESS WHEREOF, the City has caused this Undertaking to be executed by its authorized officer.

STATEMENT BY KEN COCKREL, JR.

ON THE PURCHASE OF

MGM GRAND TEMPORARY CASINO

Today the majority of City Council voted to approve the purchase of MGM Grand Temporary Casino for the purpose of rehabilitating the building into a new police headquarters.

I voted "No" on this matter. I agree with the Bing Administration's desire to move police operations out of 1300 Beaubien. That building is in terrible shape and has long since outlived its usefulness as a police headquarters. However, in my mind, the question is whether or not MGM is an optimal location? I believe that it is not.

I do not believe that sufficient attention was paid to alternative locations in or around the central business district. I believe a more central downtown location would not only offer space for the police department but also, promote and catalyze additional economic development downtown. The MGM location, being just outside of the downtown Detroit, doesn't offer this opportunity.

I am also concerned that there is no guarantee to cover build out cost-overruns which could potentially result in millions in additional expenditures to the City of Detroit.

For these reasons I voted no on this matter.

Re: Tanjala Johnson vs. City of Detroit, a Municipal Corporation. Case No.: 09-020161 NO. File No.: A19000.003678 (RJB).

Regardless, of the serious nature of his claims, Plaintiff seeks a \$25,000 settlement of his claims in this matter. Such a settlement precludes any possibility of an adverse verdict far in excess of the amount Plaintiff seeks in settlement.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. Re: Farmers Insurance Exchange vs. City of Detroit. Case No.: 10-101977 GC. File No.: A20000.002934 (FMEB).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. We, therefore, request authorization to settle this matter in the amount of Thirteen Thousand Eight Hundred Fifty-Seven Dollars and Eighty-Two Cents (\$13,857.82) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Farmers Insurance Exchange and Anselmi & Mierzejewski, P.C., its attorneys, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 10-101977 GC, approved by the Law Department.

#### Human Resources Department Labor Relations Division

July 7, 2010

Honorable City Council:

Re: Recommended Fringe Benefit Changes for Employees Represented by the Association of Professional and Technical Employees (BU 0100).

As a part of the negotiation process for the 2005-2008 collective bargaining agreement, the Association of Professional and Technical Employees (APTE) and the City of Detroit entered into fact finding proceedings. On April 15, 2010, the fact finder issued his recommendation. In keeping with the MERC procedures, over the next 60 days the parties attempted to negotiate an agreement. When the parties were unable to reach an agreement, the City on June 22, 2010 notified the Association of Professional and Technical Employees that the City would impose its last proposals on the open issues.

In accordance with the City's long-standing practice, we are therefore recommending that your Honorable Body authorize action to reduce the standard bi-weekly pay period from eighty (80) hours to seventy-two (72) hours, to reduce proportionately those fringe benefit qualifiers which are based upon hours worked, to implement health care benefit changes and other benefit changes, as set forth in the attached Exhibit A, effective immediately.

**City Planning Commission**

July 14, 2010

Honorable City Council:

Re: Request of the Detroit Housing Commission to rezone the central and western portion of the former Herman Gardens housing complex property (8401 Woodmont Ave.) from an R5 (Medium Density Residential District), R6 (High Density Residential District) and B4 (General Business District) zoning classification to a PD (Planned Development) zoning classification for the development of 231 market rate and affordable subsidized for-sale units of housing.

**REQUEST**

The Detroit Housing Commission in conjunction with Gardenvue Development Company LLC, is requesting this rezoning at the former Herman Gardens Site to show a PD (Planned Development District) zoning classification where R5 (Medium Density Residential District), R6 (High Density Residential District) and B4 (General Business District) zoning classifications are currently shown. The property is generally bounded by Joy Road on the north, the Southfield Service Dr. on the west, Asbury Park on the east, and Tireman Avenue on the south and is identified by the Assessor as 8401 Woodmont Ave. The request for the rezoning is to allow for the development of 231 low/moderate income and market rate housing.

**PROPOSAL**

What is before you now is the rezoning of additional portions of the Herman Gardens site to allow for the development of the single-family component of the redevelopment plan. The 231 mixed-income homes would be constructed on 45-foot and 60-foot wide lots. The original desire to incorporate the two senior housing developments and the retail development in this rezoning request has been withdrawn because of the lack of specificity at this time needed for the PD. The site is approximately 99.7 acres, with the future proposed retail at 7.3 and the future proposed senior housing at 8.9 acres.

The developer will be utilizing five (5) different homebuilders in order to ensure a variety of housing products and price points. All builders, however, will be required to conform to the architectural compatibility standards to maintain a consistency in the products produced. Each builder will be required to provide detailed plans and specifications for review by an architectural review committee overseen by the Housing Commission. Because these builders cannot be chosen until the rezoning is in place, a number of home models are included in the packet to show what will be located on the sites. (See attached.)

Homes in the development will be required to have 50% brick; rear and side elevations will be stone, wood vinyl or hardi plank. Texture 1-11, stucco, drivet and aluminum will also be used. Homes will range in size from a minimum of 1,150 square feet for 45 foot lots and 1,200 square feet for 60 foot lots. Building heights will not exceed 35'. Homes will have 1- or 2-car attached garages.

The development will include a large passive park in the center with a smaller park at the Joy Rd. entrance with a stone marker and landscaping. There also is an early childhood learning center proposed for the residents of the development. Some homes in the development will be subsidized with \$8,300.00 in HOME dollars through the City of Detroit with qualified buyers receiving up to \$60,000 dollars per home purchased. Additionally, an NEZ will be requested to assist in reducing taxes. The developer anticipates constructing 103 homes on the 45 ft. sites with sale prices starting at \$140,000, and 128 homes on the 60 ft. sites with sale prices starting at \$180,000.

**ANALYSIS**

Several years ago in response to the Federal Government's move to decentralize low-income resident concentration, Herman Gardens was demolished. Residents were relocated to allow for the complete redevelopment of the site to accommodate mixed-income residents. The former Herman Garden residents would be allowed to return when the new

units were built. In 2008 the Housing Commission came before you with the first step in the process of redeveloping the site. They along with their developer requested a rezoning of the area shown on the site plan as being bounded by: Asbury Park on the east, Belton Avenue on the south, Grandmont Avenue on the west, and Van Buren Avenue on the north. The first phase of 96 units of what would be 234 units of low/moderate-income townhouses has already been completed, and phases 2A, 2B, and 2C are in development now and will add an additional 138 low/mod rental units of townhouses.

The rest of the site proposed for redevelopment has been cleared and is vacant. Infrastructure work including street lights has already been done. The proposed development is consistent with the former residential use of the land and allows for the surrounding communities to have free flowing traffic patterns, a common community center (Boys and Girls Club) and an academy that all residents have access to.

**PUBLIC HEARING RESULTS**

The City Planning Commission held a public hearing on February 4, 2010 on this rezoning request. One person spoke in support of the development.

**MASTER PLAN**

The subject property is located within the Brooks Subsector of Cluster 7 of the Detroit Master Plan of Policies. The "Generalized Existing and Proposed Land Use" maps show "Low-Medium Density Residential" usage for the subject area in the Master Plan. The Planning and Development Department (P&DD) has submitted a letter that the proposed development and rezoning request is consistent with the Detroit Master Plan on Policies.

**RECOMMENDATION**

Based on the CPC staff analysis of existing land uses in the area and the compatibility of the proposed rezoning with the Master Plan of Policies and consistent with the approval criteria of Secs. 61-3-80 and 61-3-96, the City Planning Commission voted to recommend approval of the proposed rezoning at its meeting of March 4, 2010.

Honorable City Council:

Re: Amendment to Agreement to Purchase and Develop Land: Development: Parcel 510, generally bounded by Holbrook, Oakland, Chandler & Beaubien.

By resolution adopted February 3, 2009, as amended by a legal description correction resolution adopted March 24, 2009, your Honorable Body authorized and approved the sale by Development Agreement of multiple parcels to West

Oakland Homes Limited Dividend Housing Association Limited Partnership (the "Developer"), which parcels were bundled together for bulk sale and identified in said resolutions as "Parcel 510" consisting of 54 parcels of land located within the area generally bounded by Holbrook, Oakland, Chandler & Beaubien Streets in the City of Detroit. The Developer and the City, acting by and through the Planning & Development Department ("P&DD"), subsequently executed and entered into an Agreement to Purchase and Develop Land (the "Development Agreement"), dated as of May 9, 2009, to govern the terms of said sale and facilitate construction of approximately forty five (45) single family homes on the land being conveyed to Developer for that purpose.

Subsequent to execution of the

Development Agreement, Developer applied for and obtained a commitment from the Michigan State Housing Development Authority ("MSHDA") for mortgage loan financing for land acquisition and construction, subject, however, to Developer satisfying certain conditions precedent, including:

(1) the removal of one parcel deemed unsuitable for development because of an existing sewer line easement crossing the parcel, which parcel is identified as 587 Chandler/Tax ID #: Ward 03, Item 1998, and by legal description as Lot 58, Chandler Avenue Subdivision of Park Lot 5 of the Subdivision of Section 57, 10,000 Acre Tract, Hamtramck, Wayne Co., Michigan;

(2) the combination of 5 parcels with adjacent lands to be acquired by Developer from the Michigan Land Bank, which parcels are identified as 530 Marston, 642 Mt. Vernon, 638 Melbourne, 620 and 631 King, for which more complete legal descriptions, with Tax ID Numbers are set forth on Exhibit A, attached hereto and incorporated by reference; and

(3) the amendment of the Development Agreement to suspend the operation of the City's reverter clause remedy for Developer default contained therein, using standard language previously utilized by the City for government financed projects, for so long as MSHDA mortgage loan financing exists as an encumbrance upon the Project.

Developer has requested that the City amend and modify the Development Agreement to accommodate MSHDA's financing conditions. P&DD agrees that it is necessary, appropriate and in the City's best interest to do so in order for the sale and the proposed development to proceed.

Therefore, P&DD recommends and requests that City Council modify its prior land sale approval resolution to permit an amendment of the Development Agreement to: (a) delete the property located at 587 Chandler from the land sale transaction; (b) allow conveyance by two separate deeds of the remaining 53 parcels encompassed within the bulk sale parcel identified as "Parcel 510." One deed shall convey the five parcels identified on attached Exhibit A for subsequent conveyance by Developer to the Michigan Land Bank for combination with adjacent Land Bank parcels, with the intent being that the recombined parcels shall be reconveyed to Developer for incorporation into the Project. A second deed shall be issued by P&DD to cover the remaining forty eight parcels previously approved by Council for sale to Developer by Development Agreement in connection with the Project. For purposes of calculating monetary consideration associated with all

parcels related to this transaction, the previously agreed upon sale price of \$0.35 per square foot shall remain unchanged from that which was previously approved for the bulk sale transaction.

A suitable resolution to that effect, which also reaffirms Council's prior authorization for P&DD's Director to execute such other documents as may be necessary to effect the sale, is attached for your consideration and approval.

Respectfully submitted,

WARREN P. PALMER

Director

By Council Member Jenkins:

Whereas, As set forth in the foregoing communication, the City of Detroit, acting by and through the City Council (in accordance with Code Section 14-9-10 of the City Code, which permits, whenever it is deemed in the best interest of the City, the sale of surplus real property without public advertisement or the taking of bids), previously authorized the bulk sale of 54 parcels of land located within the area generally bounded by Holbrook, Oakland, Chandler and Beaubien Streets to West Oakland Homes Limited Dividend Housing Association Limited Partnership, a Michigan limited partnership (the "Developer"); and

Whereas, Developer and the City, acting by and through its Planning & Development Department ("P&DD"), executed and entered into a Development Agreement to effect said sale and subsequent construction of approximately 45 single family homes (the "Project") on land being acquired by Developer for the Project; and

Whereas, Developer has obtained mortgage loan financing approval from the Michigan State Housing Development Authority ("MSHDA") for land acquisition and Project construction, subject, however, to certain conditions described in the foregoing communication; and

Whereas, Developer has requested and P&DD has recommended that Council amend its prior land sale approval resolution to permit amendments to the Development Agreement to satisfy MSHDA's financing terms and conditions and allow the closing of the sale transaction and construction of the Project by Developer.

Now, Therefore, Be It Further, Council by this resolution does hereby approve and authorize amendment of the Development Agreement previously executed and entered into by Developer and the City in connection with this transaction, with terms and conditions for such Amendment as follows:

1. The parcel identified by street address as 587 Chandler, more particular described in the foregoing communication, may, in P&DD exercise of its discretion, be deleted from among the parcels

approved for conveyance to Developer in connection with the Project.

2. The five parcels identified by street addresses as 530 Marston, 642 Mt. Vernon, 638 Melbourne, 620 and 631 King, more particularly described in Exhibit A attached to the foregoing communication and incorporated by reference, may be conveyed to Developer by quit claim deed separate and apart from the quit claim deed executed and issued for the remaining forty eight parcels within bulk sale "Parcel 510" that previously approved for Sale to Developer by Development Agreement.

3. PDD may, in the exercise of its discretion, in order to facilitate MSHDA mortgage loan financing deemed necessary for the Project, amend the Development Agreement to incorporate a standard and customary "Rider" provision suspending the operation of the City's reverter clause remedy for Developer default, which provision has been used and approved in connection with other Projects for which Project mortgage financing for land acquisition and construction has been provided by other governmental entities.

Be It Further Resolved, That the Planning & Development Department Director, or his authorized to execute any and all such documents as may be necessary to effect the land sale to Developer and facilitate MSHDA mortgage loan financing for the Project.

Honorable City Council:

Re: Request for Authorization to Apply for an Economic Development Initiative-Special Purpose Grant (B-08-SP-MI-0522) from the Department of Housing and Urban Development for the City of Detroit.

In the Consolidated Appropriations Act, 2008 (P.L. 110-161), the U.S. Congress set aside a \$196,000.00 Economic Development Initiative-Special Project (EDI-SP) grant for infrastructure improvements to continue the revitalization of the Brush Park Historic District neighborhood.

The City of Detroit through its Planning and Development Department propose to apply to the Department of Housing and Urban Development Department (HUD) for this Economic Development Initiative-Special Purpose grant in the amount of \$196,000.00 to assist in the City of Detroit in its continued efforts to revitalize this historic neighborhood.

This Economic Development Grant-Special Project (EDI-SP) grant will be used to reconstruct two (2) east/west residential alleys bounded by John R. Street (w), Alfred (s), Watson (n), and Brush Street (e). These reconstructed alleys will support the existing residential structures as well as any new infill residential structures in the future.

The Economic Development Initiative-Special Project grant application will be submitted to HUD in Washington D.C. and a decision is expected by August, 2010.

The Planning and Development Department request this Honorable Body's authorization to submit the application by supporting the attached resolution.

Honorable City Council:

Re: Request for Authorization to Establish an Appropriation and Honor Vouchers in Accordance with the Grant Agreement Between Department of Housing and Urban Development (HUD) and the City of Detroit (EDI-Special Project No. B-04-SP-MI-0365).

On September 20, 2006, your Honorable Body approved the Planning and Development Department's request to accept an Economic Development-Special Purpose Grant from the Department of Housing and Urban Development for the Detroit Riverfront Revitalization Project (B-04-SPMI-0365) in the amount of \$248,525.00.

The Planning and Development Department, in collaboration with the Detroit Economic Growth Corporation, used the grant for the construction of the Dequindre Trail. This project was recently completed and extends the Dequindre Cut Greenway south from Woodbridge St. to Atwater St. Eventually a pathway will connect the Dequindre Trail to the William G. Milliken State Park and the Detroit Riverfront. The Dequindre Trail has the same amenities as the existing Greenway like a paved path for bicycles and pedestrians, with landscaping, lighting, and security features.

In order to pay the vendors associated with this grant an appropriation has to be set up and vouchers honored.

We, therefore, request that your Honorable Body authorize the Finance Director to establish an appropriation and honor vouchers when submitted in accordance with terms and conditions set forth in the Grant Agreement between the Department of Housing and Urban Development (HUD) and the City of Detroit for EDI-Special Project No. B-04-SP-MI-0365.

Honorable City Council:

Re: Appointment of Two Additional Directors to the Economic Development Corporation Board of Directors for Queen Lillian, LLC Project.

The Queen Lillian, LLC Project has submitted an application to the Economic Development Corporation of the City of Detroit (the "EDC") to assist in financing the construction of a new 50,000 s.f. medical office building with adjacent parking to be undertaken in an area near Wayne

In accordance with Sections 4(2) and 4(3) of the Act, I hereby appoint the following individuals to the Board of Directors of the Economic Development Corporation of the City of Detroit to represent the neighborhood residents and/or business interests likely to be affected by the Queen Lillian, LLC Project:

**Department of Public Works**

June 16, 2010

Honorable City Council:

Re: Traffic Signal Removal at Two (2) Locations. Michigan Avenue @ Thirty Fifth/Greusel. Michigan Avenue @ Crosswalk west of Thirty First.

The traffic signals at Michigan Avenue @ Thirty Fifth/Greusel and Michigan Avenue @ Crosswalk west of Thirty First, which fall under the jurisdiction of Michigan Department of Transportation (MDOT), have been operating on full time "stop control" mode since August, 2005 in compliance with the Michigan Manual of Uniform Traffic Control Devices (MMUTCD). Prior to placing the traffic signals on full time flashing operation, MDOT has conducted warrant study for both the intersections. Due to changes in traffic conditions these signalized intersections no longer meet any MMUTCD warrants and hence continued operation of these signals is no longer justified. Consequently, these traffic signals will no longer be eligible for federal funding and therefore will pose unnecessary liability for MDOT/City unless removed.

In the upcoming construction season, MDOT is scheduled to upgrade several signals on Michigan Avenue. Since the

above-mentioned traffic signals cannot be justified for modernization, they are scheduled for removal as part of the upcoming project. Traffic Engineering Division (TED), DPW concurs with MDOT's recommendation to remove the signals.

As such, on behalf of Michigan Department of Transportation, the Department of Public Works respectfully requests the adoption of the attached resolution for the removal of the traffic signals at the following two (2) locations:

1. Michigan Avenue @ Thirty Fifth/ Greusel
2. Michigan Avenue @ x-walk west of Thirty First

Respectfully submitted,  
**ALFRED JORDAN**  
 Director — DPW

By Council Member Brown:

Resolved, That, in accordance with the foregoing communication, removal of traffic signals at the following two (2) locations is hereby approved.

1. Michigan Avenue @ Thirty Fifth/ Greusel
2. Michigan Avenue @ Crosswalk west of Thirty First

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

#### PUBLIC COMMENT

##### Mr. Anthony Adams, President, Detroit Public Schools Board of Education:

Regarding Advisory Question of a vote of whether or not there should be Mayoral Control to whether or not there should be a referendum on the current structure of the Board as it exists today. Mr. Adams stated part of the difficulty that he is having with this issue is the difficulty with the process that has been put forth by those people who want to bring about change with the Detroit Public Schools. He suggested that if they had legitimate concerns about how to change the structure of the Board, the Board was prepared to hear those issues. **Council President Pugh** stated the issue before Council today is not what the structure of the school district should look like, but the issue of whether Detroit voters should weigh in on the issue is what is before City Council today. Council President Pugh also stated that that's not the debate that Council is going to engage in at the table today about what the structure should be because that's not something that we could do anyway. The issue before us is whether Detroit voters should weigh in on what we have now and that's the only issue.

**Ms. Elena Herrada, Board Member,**

**District 2 of Southwest Detroit:** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot. Ms. Herrada stated this issue being framed as a right to vote is a perversion and a lie and that this is not about the "right to vote", but the right of corporations and foundations to take over citizens' democratic rights.

**Mr. Tyrone Travis, Concerned Citizen:** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot. Mr. Travis stated he would never come back down to City Council and degrade himself, and to be wrestled by guards, and to look and have police all over him; he's not going to hold his sign "NO" up any longer.

**Ms. Taylor, Concerned Citizen:** Would like to know if City Council has gotten a determination from Corporation Counsel that Council can place an Advisory Question regarding Mayoral Control over Detroit Public Schools on the November, 2010 ballot. Ms. Taylor felt this would set the City of Detroit up for an unnecessary lawsuit, costing the City of Detroit more money. **Mr. Dennis Mazurek, Law Department:** Stated in terms of Advisory Question, only the Council has the ability to put an advisory question on the ballot and the contents of that question have to be determined by Council, as a Body, if Council decides to do that. The advisory question has to end up asking the voter a yes or no question and the question has to be something under City Council's jurisdiction.

**Ms. Sandra Hines, Concerned Citizen:** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Ms. Patrick, Concerned Citizen:** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Mr. Russ Bellant, Concerned Citizen:** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot. Mr. Bellant invited members of the Council to query the former general counsel of the Detroit Public Schools on the legal issues that Council also consulted with Corporate Counsel on, and that is the current president of the Detroit Board of Education, to see what his opinion would be.

**Ms. Williamson (Student of Detroit Public Schools):** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Ms. Saphern, Concerned Citizen:** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Mr. Mel Brabson, Concerned Citizen:** Regarding Agenda item #106, Contract No. 2791733. Mr. Brabson requested Council to vote "no" on that contract. He stated that this contract is a duplication of work, where City workers are currently performing the work at \$35.00 per hour, including benefits and the City is paying the contractor \$69.00 per hour, and City workers are slated to be laid off.

**Ms. Marie Thornton, Former Member of the Detroit Board of Education:** Concerned about the process. Today she got on the bus at Youthville. She was given a T-shirt, say yes, put it on

the ballot. She was given a breakfast bar. She was given a bottle of water. She did not see the \$75.00, but is still looking for the \$75.00. But what she observed really questioned her to raise some concerns. Ms. Thornton stated the part that bothered her was the rights of the children; right now the children at the Youthville are being warehoused, while all the staff is down here, in T-shirts, and they have limited staff for those children that they are supposed to be there supervising. It is illegal, it's a violation of Federal Title I funds and they all need to go to jail and we need to found out about their time-cards.

**Ms. Sharlonda Buckman, Detroit Care Network:** This is about the right to vote, not when it's convenient or when it's comfortable, even in times of controversy. Ms. Buckman stated Detroit Care Network was here to talk about whether or not they want to change Detroit Public Schools. This is not time to protect the status quo. Parents are sick of the status quo. Detroit Care Network work with parents in the community everyday, working with parents to get them involved with their kids' education. Ms. Buckman is in support of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Ms. Cassandra Jackson, Concerned Citizen:** Requested to know if on the radio yesterday Council President Pugh said that the Board would approve all contracts under hybrid version. **Council President Pugh** stated the reality is, yes, that is the answer, but secondly this is not about what any individual believes should happen with the school system. This is about whether Detroit voters should weigh in on the matter.

**Ms. Kim Meeks, Community Activist:** Stated she is sick and tired of coming before Council and feeling as though she is fighting her own people. She really don't want to have a conversation about whether or not we should bring slavery back, and she feels like that is what this conversation is about should we bring the vote back. Ms. Meeks is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Ms. Alice Thompson, Concerned Citizen:** Comes before Council with much humility and great respect for Council's role in the City of Detroit. Ms. Thompson thanked Council for that. Ms. Thompson also stated she is part

of change for better schools. Ms. Thompson is in support of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Ms. Theo Broughtan, Co-founder, HOOD Research:** Asked why isn't anybody fighting for equal funding for our children? We need equal funding.

**Ms. Je Donna Dinges (Parent of a Detroit Public School Student):** Is in support of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Ms. Yolanda Eddins, Concerned Citizen:** Stated people always want to hype on the negative and she sees the positive in all of the citizens being here today because she is hoping at the end of it, it is about our children.

**Ms. Penny Bailer, Concerned Citizen:** Is in support of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Ms. Bobbi Johnson, Concerned Citizen:** Stated Council meeting should have been in the auditorium. Ms. Johnson is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Ms. Lawnya Shenrod, Co-President, Youth Voice:** Is in support of the right to vote.

**Ms. Deborah Henderson, Founding Member, Board of Directors for Detroit Parent Network:** Is in support of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Bettie Birch, Concerned Citizen, Precinct Delegate, Retired Teacher:** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot. Ms. Birch demanded a "NO" vote.

**Mr. Mike Collins, Concerned Citizen:** He appreciated the passion that has been sparked by this discussion. He appreciated the involvement and influence that the citizens have garnered, and inspired one another to participate in this process. Participation is good. Informed involvement is even better. Having a positive outcome for that informed involvement is the objective.

Mr. Collins also stated and so as we inform each other, we can be disagreeable, but only in our uniformed disagreements. We don't have to be friction points to the point of sparking fires that burn us all up. The idea is to bring everybody along.

**Ms. Joyce Schan, Organizer, BAMM:** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot. Ms. Schan stated we demand to maintain our right to control the future of education for our children in our city.

**Angeline Holmes, Concerned Citizen:** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Ms. Joy Croel, Retired Teacher/Retired Principal and Director of Future Leaders of the World Project:** City Council has a moral right and it is up to the City Council, and the Mayor, and all of the other facilities, the heads of facilities in this City to make sure that our children are educated by whatever means necessary. Ms. Croel also stated that's Council's responsibility and that's what she supports.

**Ms. Barbara Scates, Concerned Citizen:** Here today just to say do the right thing. The right thing is to take care of our kids so they can read, write, get a job, have a decent life, and, like, it says, whether this is political, monetary that's not the concern, the children are the main concern. Do the right thing.

**Mr. John Riehl, President, AFSCME Local 207:** Is in opposition of Advisory Question regarding Mayoral Control of Detroit Public Schools being placed on the November, 2010 ballot.

**Mr. Robert Muha, Employee, Detroit Public Schools:** Privatization going on with the security guards right now at Detroit Public Schools is a bad idea; they help mediate fights at the school and a lot of times stuff doesn't bounce off because they have such a good rapport with the kids. Mr. Muha feels that Advisory Question regarding Mayoral Control of Detroit Public Schools would set a very bad precedence.

**Ms. Denice Greer, Public Safety Officer, Detroit Public Schools:** Stated she is a product of the privatization that Robert Bobb is attempting to do. They say it is about the children; it is not about the children. Ms. Greer also stated the public safety officers have been outsourced and they are going to bring in people who haven't been trained and do not know how to handle the kids. The Governor sent Robert Bobb in to start the privatization and now they're going to lead City Council in to try and finish it off. Ms. Greer suggested City Council to let Mr. Anthony Adams/School Board put the issue on the ballot and Council Members assist.

**ARTICLE V. PURCHASES AND SUPPLIES**  
**DIVISION 1. GENERALLY GOODS AND SERVICES**

*Subdivision A. In General*

**Sec. 18-5-2. Manner of purchasing.**

All purchases by the Purchasing Director shall be made in the following manner:

(1) *Major Purchases.* # Where the purchase entails a major expenditure, the Purchasing Director shall provide for the procurement of competitive bids as follows:

a. Prepare the invitation for bids, describing the City's requirements clearly, accurately and completely, avoiding unnecessarily restrictive specifications which might, unduly limit the number of bidders.

b. Publicize the invitation for bids by advertising for bids one (1) or more times in the newspaper designated to print the official business of the City. Where appropriate, the Purchasing Director shall

include advertisements in newspapers, trade journals, association postings, websites, and any other appropriate media sources. In addition, the Purchasing Director may send copies of such advertisement to persons and firms likely to be interested therein. Such advertisement shall accurately and clearly describe or refer to the subject matter of the proposed purchase, and may also refer the bidder to specifications on file in the Purchasing Director's office. Such advertisement shall specify the time and place of submitting bids and such other information from the specifications as the Purchasing Director shall deem advisable in the interest of the City. After publication of one (1) advertisement, specifications shall not be changed without the publication of a new advertisement calling attention to such change. A reasonable time shall be allowed to enable prospective bidders to prepare and submit bids before the time set for public opening of bids.

c. Receive written bids submitted by prospective contractors.

d. 1. In comparing bids, the bid of any Detroit-based business or Detroit-resident business shall be deemed a better bid than the bid of any competing firm which is not a Detroit-based business or Detroit-resident business whenever the bid of such competing firm shall be equal to or higher than the bid of the Detroit-based business or Detroit-resident business, after the appropriate equalization percentage credit from the equalization allowance table has been applied to the bid of the Detroit-based firm.

*Detroit-Based Business And Detroit-Resident Business Equalization Allowance Table*

<i>Contract Amount</i>	<i>Equalization Percentage</i>
Up to \$10,000.00	5%
\$10,000.01 to \$100,000.00	4%
\$100,000.01 to \$500,000.00	3%
\$500,000.01 and over	2%

If the bidder qualifies as both a Detroit-based business and a Detroit-resident business, the equalization factor in the preceding table shall be doubled. If the bidder has qualified as a Detroit-based business by virtue of being a Detroit-headquartered business (D-HB), as defined in Section 18-5-1 of this Code, it shall receive the equalization factor in the preceding table plus an additional three percent (3%), provided, that an affiliate, a subsidiary, a limited-liability corporation, or other business structure shall not receive the additional three percent (3%) where the Human Rights Department determines that another related office outside the City of Detroit has a larger presence than the Detroit office.

2. The following equalization percentage credits shall be applied to the bids of the type of firms described in the equalization allowance table below:

*Equalization Allowance Table For Joint Ventures, Mentor Ventures, and Detroit-Based Small and Micro Businesses*

Detroit-based small business	1%
Detroit-based micro business concern	2%
Joint venture	2%
Mentor venture	1%

(i) A bidder shall receive the equalization percentage credit for each category for which it qualifies. The firm that makes the lowest bid, as evaluated, shall be deemed the lowest bidder;

(ii) In the application of these equalization percentage credits, a joint venture shall not also be considered a mentor venture and a mentor venture shall not also be considered a joint venture. Unless certified before the deadline for submitting a bid, no bidder or firm shall receive an equalization credit as a Detroit-based Business, Small business or micro business concern. A joint venture or mentor venture shall not receive an equalization credit unless the Detroit-based Business in the venture has been certified as such before the deadline for submitting a bid;

(iii) If a bidder claims an equalization credit as a Detroit-resident business, it shall submit documentation of its eligibility with its bid. The Purchasing Division or the contracting department shall determine whether the bidder qualifies as a Detroit-resident business after the bid opening.

3. Any bidder who claims to be entitled to an equalization percentage credit shall agree to make the records necessary to establish eligibility available to the City.

4. After applying any equalization percentage credit, as provided above, the contract shall be awarded to the lowest responsible bidder thus evaluated.

5. The above requirements shall not be applicable if where any one of the following conditions is found to exist:

(i) The expenditure involved is not "major" as defined in Section 18-5-1 of this Code;

(ii) Public exigencies require the immediate delivery of the articles or performance of the service;

(iii) The Purchasing Director certifies that only one (1) source of supply is available Code;

(iv) The services to be performed are professional in nature; or

(v) The item to be acquired is rare or unique.

(2) *Non-major purchases.* If the purchase entails an expenditure which is not major the Purchasing Director is autho-

ized to award the contract subject to the following conditions:

a. The practice of competitive bidding is required but formal advertising is required only for contracts over ten thousand dollars (\$10,000.00). An equalization percentage credit shall be allowed as provided in Subsection (1)d. of this section whenever there is full and free competitive bidding. ~~However, provided, that the Purchasing Director may limit bidding to Detroit-based businesses and that no equalization percentage credit shall be allowed for Detroit-based small business concerns or Detroit-based micro business concerns in which event no equalization percentage credit shall be allowed.~~

b. In soliciting bids, the Purchasing Director shall affirmatively seek out Detroit-based business concerns.

c. The Purchasing Director must make a determination that the prospective contractor is responsible. The Purchasing Director should utilize all available information from within the division and other City departments, from the prospective contractor, and from banks and other financial companies, in order to ascertain whether the prospective contractor is responsible under the guidelines set forth under "lowest responsible bidder" as defined in Section 18-5-1 of this Code.

(3) *Prohibition against unapproved assignments or subcontracts.* A Detroit-resident business, a Detroit-based business, or a mentor venture or joint venture with a Detroit-resident business or Detroit-based business may not assign or subcontract its City contracts to a non-Detroit-based business or a non-Detroit resident business without the approval of such assignment or subcontract by the Purchasing Director.

(4) *Detroit-based business, Detroit-based small business, or Detroit-based micro business concern: Limited bidding.* On his or her own initiative or at the request of the contracting department, the Purchasing Director may limit the bidding for a contract to Detroit-Based Businesses, Detroit-based small businesses, or Detroit-based micro businesses, provided that there are at least three (3) firms certified or registered by the Human Rights Department which would be eligible to bid for the contract. The equalization factors in Section 18-5-2(1)d of this Code shall not apply to contracts put out for bids under this subsection in determining whether to so limit the bidding, the Purchasing Director should make commercially reasonable efforts to maximize the utilization of Detroit-based businesses, Detroit-based small businesses, or Detroit-based micro businesses. As used in this subsection (18-5-2(1)(4) only, *should* means a strong recommendation, but does not mandate the actions described.

(5) All purchases shall comply with Subdivision B of this article.

**Sec. 18-5-24. General Policy.**

(a) In developing plans, drawings, work statements, specifications, or other product descriptions, the City shall purchase, in accordance with this division, environmentally-preferable products or services. This includes, but is not limited to, products that are durable, recyclable, reusable, readily biodegradable, energy efficient, made from recycled materials, and nontoxic. In addition, the City shall employ: 1) Environmental Protection Agency's Final Guidance on Environmentally Preferable Purchasing; and 2) United States Federal Trade Commission's Environmental Marketing Guidelines, as a means of articulating substantiation of "green standards" to ensure that products and services are compatible with the intent of this division, and to encourage purchasing behavior that minimizes negative impact upon the environment and the efficient use of natural, scarce resources. In order to further this policy, the City shall purchase products and services based on long-term environmental and operating costs, and find ways to include environmental and social costs in short-term prices, as follows:

(1) Where the price of environmentally-preferable goods is lower than the price of goods that are not environmentally-preferable, the environmentally-preferable goods shall be given preference;

(2) Where the price of environmentally-preferable goods is equal to the price of goods that are not environmentally-preferable, the environmentally-preferable goods shall be given preference; and

(3) Where the price of environmentally-preferable goods is higher than the price of goods that are not environmentally-preferable, the goods that are not environmentally-preferable shall be given preference.

(b) In determining whether a bidder or proposer offers goods that are environmentally-preferable, the City shall determine whether the bidder or proposer meets each of the following criteria:

(2) The environmentally-preferable product meets applicable standards;

(3) The environmentally-preferable product can be substituted for a comparable product that is not environmentally-preferable;

(4) The product is clearly identified as "recycled" and not as "recyclable" or other such derived but non-equivalent term; and

(5) Where required in the Solicitation Document, offerors certify in their submitted offers the minimum, if not exact, percentage of post-consumer waste and total

recovered materials content in the products offered.

(c) In determining whether a bidder or proposer offers services that are environmentally-preferable, the City shall determine whether the bidder or proposer utilizes environmentally-preferable products.

(2) Savings analysis including: energy (kWh/yr, therms/yr, gallons of gasoline/yr,

(c) While many Energy Star® compliant products are currently available for no price premium, should a price differential exist, the City shall apply a simple life-cycle analysis. (c) To reduce waste and support the recycled latex paint market, all surplus latex paint shall be recycled using a local latex paint recycling program, where one is reasonably available. Surplus paint includes all latex paint in excess of quantities stored for touch-up purposes. Latex paint stored for touch-up purposes may not exceed five percent (5%) or five (5) gallons, whichever is smaller, by volume, to the nearest gallon.
